Program and Scope

Department of Defense (DoD) has privatized select unaccompanied housing units and temporary lodging (i.e., hotel) rooms on military installations in the United States under the Military Housing Privatization Initiative (MHPI), a federal credit program authorized by Congress in 1996, entering legal agreements that transferred ownership, maintenance, and operations of these housing assets to private partners/developers via long-term (typically 45 to 50-year) ground leases.

Military Unaccompanied Housing Improvement Funds (MUHIF) will be used to accomplish oversight, assessment, and administration of current and future unaccompanied housing and lodging privatized under the MHPI, consistent with OMB Circular A-129, Policies for Federal Credit Programs and Non-Tax Receivables. In particular, the funds are necessary for Office of the Assistant Secretary of Defense (OASD) Energy, Installations & Environment's (EI&E) realty advisory consultant support, which is vital for protecting the Government's interest in the MHPI program, including the quality unaccompanied housing it affords military members.

Program Summary

Congress authorized the MHPI in 1996 as a tool to help the DoD address the inadequate condition of on-base housing in the United States, as well as the shortage of quality, affordable community housing available to service members and their families. Under the MHPI authorities, the Military Departments select private developers to enter into agreements to own, maintain and operate housing via a long-term (typically 45 to 50-year) ground lease; and leverage private sector financing, expertise and innovation to revitalize and build new, quality on-base housing faster and more efficiently than traditional Military Construction processes could allow. Privatized housing deals take advantage of MHPI credit authorities (e.g., Federal direct loans, limited loan guarantees), necessitating continued and long-term DoD oversight and monitoring of the financial health (e.g., risk of loan default or financial restructuring) of each of the MHPI deals, to include periodic modifications dependent on military force structure and local housing market changes.
