This reprogramming action is submitted for prior approval because it uses special transfer authority pursuant to section 9003 in Title IX of Public Law 109-148, the Department of Defense (DoD), Emergency Supplemental Appropriations to Address Hurricanes in the Gulf of Mexico, and Pandemic Influenza Act, 2006. This reprogramming action transfers \$190.0 million from the Military Personnel, Marine Corps, 06/06, appropriation to the Military Personnel, Navy 06/06, appropriation. This transfer does not count against the limitation on the amount of funds that may be transferred under this section. This action is required to enable the Navy to continue to fund enhanced retroactive death gratuities, in accordance with section 664 of Public Law 109-163, the National Defense Authorization Act for Fiscal Year 2006, until receipt of funding from the FY 2006 Defense Global War on Terrorism (GWOT) supplemental appropriation. This action reprograms funding in support of higher priority items, based on unforeseen military requirements, than those for which originally appropriated; and is determined to be necessary in the national interest. It meets all administrative and legal requirements and none of the items have previously been denied by the Congress.
