This reprogramming action is submitted for prior approval because it exceeds established thresholds. This action realigns funding in support of higher priority items, based on unforeseen military requirements than those for which originally appropriated; and is determined to be necessary in the national interest. It meets all administrative and legal requirements and none of the items has been previously denied by the Congress.

Part I

Aircraft Procurement, Air Force, 10/12

Budget Activity 5: Modification of Inservice Aircraft					-
C-5 (AP-CY)	107,966	107,966	+33,600	141,566	

Explanation: Funds are required to procure two additional modification kits and required tooling for the C-5 Reliability Enhancement and Re-engining Program (RERP). The current negotiated contract assumes a full rate production of 11 kits per year. If this contract is not awarded by October 21, 2010, the Air Force will be forced to reopen the contract for negotiations resulting in significant cost increases to the United States Government.

C-5	668,322	668,322	-33,600	634,722
-----	---------	---------	---------	---------

Explanation: Funds are excess to need due to savings realized by contract negotiations. Several contract actions were awarded for less than amounts budgeted based upon the Office of Secretary of Defense's Independent Cost Estimate supporting Nunn-McCurdy certification.
