This prior approval reprogramming action is submitted because it affects a congressional special interest item. This reprogramming action provides funding in support of higher priority items, based on unforeseen military requirements, than those for which funds were originally appropriated; and are determined to be necessary in the national interest. They meet all administrative and legal requirements, and none of the items has previously been denied by the Congress.

This reprogramming action realigns \$1.4 million within the Military Personnel, Navy, 15/15, appropriation.

Explanation: Funds are required due to a projected increase in Special Duty Assignment Pay (SDAP) requirements driven by a higher than projected number of recipients. This funding is in addition to the \$2.2 million approved by all four committees on the Omnibus prior approval reprogramming action (FY 15-23 PA). This additional funding is required for 312 recipients across a number of personnel skills necessary to sustain adequate manning levels throughout the fleet. This is a congressional interest item. This is a base budget requirement.

Explanation: Funds are available due to lower than anticipated estimates based on current execution of payments for the Loan Repayment Program. This is base budget funding.
