A. Scholarship Cadets or Midshipmen. Except while performing field training or at-sea training and for the period(s) between academic school years, a scholarship (10 U.S.C. 2107 (reference (c)) cadet or midshipman is entitled to subsistence allowance of \$150 per month effective 1 September 1995. Entitlement begins on the day the cadet or midshipman starts the first term of college work and continues through completion of the second year, except for the periods of any field/at-sea training and periods between academic school years, for a maximum of 20 months. The 20 months' limitation is based upon a 10-month academic school year. Individual cadet or midshipman entitlement will be based upon his or her actual academic school year, not to exceed 10 months per academic year.

B. Non-scholarship Cadets or Midshipmen. Nonscholarship cadets and midshipmen are not entitled to subsistence allowance.

590102. Advanced Training. Except while performing field training or at-sea training, a cadet or midshipman who has been selected for advanced training is entitled to subsistence allowance of \$150 per month effective 1 September 1995. Entitlement begins on the day the cadet or midshipman starts the advanced training and continues uninterrupted except for the periods of any field/at-sea training until completion of instruction, but not for more than 20 months (30 months when the Secretary of the Military Service has authorized the individual extended entitlement for a 5-year program).

590103. Accelerated Completion of Military Instruction. A cadet or midshipman participating in advanced training at an institution which is withdrawn from the program may complete the third and fourth years (or the fourth and fifth years of a 5-year program) of military training in the third year (or the fourth year of a 5-year program) and be paid subsistence allowance during the fourth academic year (or the fifth year of a 5-year program), as though enrolled for training in the fourth year (or the fifth year of a 5-year program).

590104. Limitations

During the period of field training or at-sea training, the cadet or midshipman is entitled to pay as specified in paragraph 590801, below.

B. Vacation Periods

1. A cadet or midshipman enrolled in the first 2 years of the program is not entitled to subsistence allowance for any period(s) between academic school years, for example, summer vacations between academic school years. (Holiday breaks do not interrupt the entitlement.)

2. A cadet or midshipman enrolled in the advanced course is entitled to subsistence allowance uninterrupted by any periods between academic school years (subject only to the overall 20 months (30 months in an approved 5-year program) entitlement limitation and subject to deduction for any periods of field training or at-sea training).

C. Government Meals Furnished Without Charge. ROTC members will have deducted from their subsistence allowance on a per meal basis the charge for government meals furnished without charge. The total deduction for any day will not exceed one-thirtieth of the subsistence allowance. This recoupment provision does not apply when meals are furnished during training events conducted during the academic year.
