CHAPTER 9

SUPPORT OF INTERNATIONAL MILITARY ACTIVITIES

0901 GENERAL

[*090101. Overview](#)

This chapter assigns responsibilities and establishes guidance for the support of international organizations, and for providing reimbursable and nonreimbursable support.

090102. [Purpose](#)

A. Establishes administrative arrangements, reimbursement and billing procedures, and identifies a method to compute the dollar value of credits due the United States (U.S.) for the support of international military activities.

B. Identifies the support that [Department of Defense](#) (DoD) Components can expect to receive from international military organizations and whether such support is on a reimbursable or nonreimbursable basis.

C. Establishes [guidance](#) for financing the U.S. contributions to and the receipt of credits from the international military organizations with which the U.S. participates.

D. Establishes [guidance](#) for paying U.S. personnel employed by international military organizations, and for verifying the credits received from the organizations for such personnel.

E. Does not apply to the provision of intelligence or cryptologic support provided under authorities other than those cited herein.

090103. [Authoritative Guidance](#)

This chapter implements provisions of [DoD Directive 5530.3](#), “International Agreements”; [DoD Directive 2010.9](#), “Acquisition and Cross-Servicing Agreements”; [DoD Instruction 4000.19](#), “Support Agreements”; and [DoD Instruction 5210.60](#), “Security Clearance Program for U.S. Citizens Employed Directly by the North Atlantic Treaty Organization (NATO)”. It includes requirements as specified in the [Arms Export Control Act \(AECA\)](#), Public Law 90-629, as amended, codified as Title 22 United States Code, [section 2751 et seq.](#), and the NATO Mutual Support Act ([NMSA](#)), Public Law 96-323, as amended, codified as Title 10 United States Code, [section 2344 et seq.](#)

0902 DEFINITIONS AND GUIDELINES

*090201. DoD Component

DoD Component includes the following: Office of the Secretary of Defense; Chairman, Joint Chiefs of Staff and the Joint Staff; DoD Inspector General; Military Departments including the Coast Guard when assigned to the Department of the Navy; Defense Agencies; DoD Field Activities; Combatant Commands; Washington Headquarters Services; Uniformed Services University of the Health Sciences; and all non-appropriated fund instrumentalities (see DoD Financial Management Regulation (FMR) "[Glossary](#)").

*090202. Unified Combatant Command

A unified combatant command is made up of forces from two or more Military Departments and is established by the President, through the Secretary of Defense (see DoD FMR Glossary).

090203. Military Department

Military Department refers to one of the departments within DoD created by the National Security Act of 1947 as amended ([NSA 1947](#)), which are the Department of the Army, the Department of the Navy, and the Department of the Air Force.

*090204. Military Service

Military Service is established by NSA 1947 and refers to the Army, Navy, Air Force, Marine Corps and the Coast Guard when operating as a part of the Navy in accordance with law (see the definition of "Service" in the [DoD Dictionary of Military and Associated Terms](#), October 15, 2016, as amended).

090205. Military Unit

Military Unit refers to any military element whose structure is prescribed by competent authority such as a [Table of Organization and Equipment \(TOE\)](#) (see the definition of "Unit" in JP 1-02).

*090206. Military Element

Military Element refers to any military organization formed to perform a specific function under a joint force commander's headquarters (see the definition of "Element" in JP 1-02).

090207. Nonreimbursable Support

The DoD provides nonreimbursable support to international military organizations in two forms: (1) through a financial contribution to the budget of the international organization, or (2) by assignment of U.S. military elements to the international organization under the terms of

international treaties or agreements (see DoDD 5530.3). The U.S. military elements may be assigned either on a long or short-term basis.

A. Short term assignments are typically for the purpose of participating in joint exercises or maneuvers under the auspices of the international organization.

B. Long term assignments typically involve filling an existing billet on the staff of an international organization.

C. Support under subparagraphs 090207.A. and B. are not reimbursable to DoD. An exception to this policy, support by members of a U.S. military element who provide services that were included in the budget of the international organization (e.g., a U.S. military member who occupies an international civilian billet) shall be reimbursable (see section 0904).

090208. Reimbursable Support

All other support provided to the international military organization and to military elements of participating foreign countries is reimbursable to the performing DoD Component, and must be provided under one of the authorities described in paragraphs 090402, 090403, or 090404.

090209. Support for U.S. Military Elements/Units

The U.S. military element of an international military organization shall be supported by the international organization and the administrative agent (see paragraph 090303) on a nonreimbursable basis. The administrative agent must ensure support provided to the U.S. military elements of an international organization is equal in scope and quality to all organizations which it supports at a comparable location. Other U.S. military units in the area, including units of the administrative agent, also may receive support from the international organization, but on a reimbursable basis. *The Military Department concerned and the international organization will execute a support agreement between them when those military units receive support.*

090210. Table of Distribution and Allowance

Tables of distribution and allowance (TDA) refer to a military unit that is organized to perform unique missions for which a TOE does not exist. A TDA may contain combinations of military, civilian and contractor man year equivalent positions.

*090211. TOE

A TOE is comprised of military personnel and refers to the capabilities, organizational structure, and required personnel and equipment for a military unit to accomplish its mission.

0903 RESPONSIBILITIES

090301. Under Secretary of Defense (Comptroller)

The Under Secretary of Defense (Comptroller) shall designate the administrative agent responsible for arranging support to U.S. military elements at an international military organization. Geographic proximity to existing support infrastructure and mission compatibility is the primary criteria used to assign administrative agent duties. Current designations are provided in Table 9-1. The Military Services shall request updates to this table as needed to reflect changes in available support infrastructure within a geographic area.

090302. Secretaries of the Army and the Air Force

A. The Secretary of the Army shall program and budget the annual U.S. contributions to the various NATO bodies in the Army Operations and Maintenance (O&M) appropriation.

B. The Secretary of the Army also shall program and budget for the annual U.S. contributions to other recognized multinational headquarters, such as the NATO Force Structure and the NATO Response Force in which the U.S. participates.

C. The Secretary of the Air Force shall budget for the NATO Airborne Early Warning Program Management Agency (NAPMA).

090303. Administrative Agent

The administrative agent shall:

A. Budget for the U.S. contributions to designated non-NATO international military organizations. When the Army is not the administrative agent for a NATO body, or other multinational headquarters, the designated agent shall provide the Army with program and budget information on the annual contribution for inclusion in the Army's O&M appropriation. Budgeting for the NAPMA constitutes an exception to this policy (see subparagraph 090302.C).

B. Coordinate with appropriate U.S. representatives at the international military organizations to ensure that effective procedures and controls are prescribed for budgeting, obligating, disbursing, and receiving credits incident to administering the U.S. contributions.

C. Program and allocate resources in a manner that will provide the international organization with the highest possible level of support under paragraphs 090402, 090403, and 090404 consistent with financial constraints that may be imposed through the normal program and budget process.

D. Support U.S. military elements attached to the designated international military organization on a nonreimbursable basis, unless the support is an international budget cost or is a budget responsibility of another Military Department (see paragraph 090304). The standards

and directives of the administrative agent shall govern the level and type of support furnished. The level and type of support will be consistent with the highest possible level of support allowable under this chapter while not violating those same governing standards and directives. Support requirements based upon input provided by the U.S. military element shall be included in the administrative agent's annual budget. [The administrative agent shall obtain support from the most efficient and economical source, to include local sources, while ensuring that no parallel support facility is established](#) (see DoDI 4000.19).

E. Provide U.S. military elements, which are TOE or equivalent units, with replacement consumable and nonconsumable material, obtaining peculiar items when necessary from supply systems of the parent Military Service on a reimbursable basis.

F. Provide U.S. military elements, which are TDA or equivalent units, both with initial and replacement consumable and nonconsumable material.

G. Establish table of allowances, unit allowance lists, base allowance lists, and other authorization documents for U.S. military elements attached to the international military organization.

H. Budget for the cost of civilian employees of the U.S. Government assigned to positions in international military organizations. These employees shall retain their status as U.S. employees and be paid from U.S. funds at the appropriate U.S. scale of pay and allowances.

1. The pay and allowances are budgeted at the appropriate international pay scale by the international military organization to which they are assigned. A sum equal to the amount of such pay and allowances at the international pay scale shall be collected from the international organization and reflected in the reimbursable portion of the DoD budget. The DoD direct budget shall absorb any differences.

2. The U.S. civilians who occupy positions in international military organizations on a direct hire basis (not as U.S. Government employees), as provided for by DoDI 5210.60, will be governed by the provisions of that [firm offer of employment](#) and other applicable U.S. Government regulations that deal with such employment. [The international military organization concerned shall remunerate those U.S. civilians](#) at the applicable international pay scale and shall have no entitlement to pay and allowances or benefits as those of U.S. Government employees.

090304. Secretary of a Military Department

The Secretary of a Military Department with military personnel assigned to a U.S. military element shall:

A. Budget and fund for personnel costs of military personnel of that Component included in the U.S. military element.

B. Budget and fund for personally assigned equipment provided to military personnel of that Component included in the U.S. military element.

C. Make initial issuance to TOE or equivalent units of that Component assigned or attached to U.S. military elements.

D. Budget and fund Component peculiar requirements, such as flying qualifications, medical examinations, personnel training and development, and social actions, for military personnel of that Component.

E. Support other requirements. Costs shall be chargeable to the administrative agent on an interservice (reimbursable) basis.

F. Provide appropriate support to foreign military elements or to international military organizations in accordance with paragraphs 090402, 090403, or 090404, herein, unless identified in this chapter as items of nonreimbursable support.

090305. Head of a U.S. Military Element

The Head of a U.S. military element shall support the international military organization on a nonreimbursable basis, except for the costs of a military member who is assigned to an international civilian position, or when such support requires augmentation of the element's normal manpower, equipment, or other resources from other U.S. sources.

090306. Head of a DoD Component

The Head of a DoD Component shall support the international military organization and participating foreign countries on a reimbursable basis, in accordance with the AECA or the NMSA unless otherwise specified in this chapter.

090307. Commander of a Unified Combatant Command

The Commander of a Unified Combatant Command shall coordinate the activities of the administrative agents concerned in implementing this chapter within the command theater of operations.

090308. Head of an International Military Organization

The Head of an International Military Organization shall support U.S. military elements on a nonreimbursable basis for those support areas set forth in the scope of the budget for international military headquarters and agencies (see Table 9-1).

0904 REIMBURSEMENTS

090401. Reimbursements Due the U.S. from International Military Organizations for U.S. Personnel (Military or Civilian) Occupying International Civilian Positions.

A. A sum equal to the pay and allowances established for the occupied positions at the international scale shall be credited to the U.S. as an offset to the U.S. contribution to the international organization.

1. The administrative agent shall determine the amount of credit due and initiate a quarterly [Standard Form \(SF\) 1080](#), Voucher for Transfers between Appropriations and/or Funds, to transfer funds from the U.S. contribution to the international budget to the applicable financing DoD appropriation.

2. As an exception to this offset credit procedure, international military organizations located in the continental U.S. (CONUS), to which contributions are made in U.S. dollars, shall make direct reimbursement of the international pay and allowance equivalent to the administrative agent for any U.S. personnel assigned to international civilian positions.

B. The administrative agent shall screen the personnel administration and payroll computations for U.S. employees, as performed by the international organization, to ensure the accuracy and sufficiency of data and credits granted.

090402. Reimbursements Due the U.S. from International Military Organizations for Reimbursable Support Provided Pursuant to the AECA.

When DoD services are performed, articles delivered from inventory or new procurement initiated under the authority of the AECA, the pricing and billing shall be in accordance with Volume 15.

090403. Reimbursements Due the U.S. from International Military Organizations for Reimbursable Support Provided Pursuant to NMSA.

When DoD services are performed or articles delivered from inventory under the authority of the NMSA, pricing shall be in accordance with Chapter 8 and billing shall comply with the international agreement negotiated in accordance with DoDD 2010.9.

090404. Reimbursements Due the U.S. from International Military Organizations for Reimbursable Support Provided Under Authorities Other than the AECA, NMSA or [this Regulation](#).

A. Leases of real and personal property are authorized by Title 10, U.S. Code, [section 2667](#) and shall be priced in accordance with Volume 2B and [Volume 12](#). Property with a life expectancy of less than 3 years or a value of less than \$1,000 will not be leased, but must be provided on a sales basis under paragraphs 090402 or 090403. In the event that DoD services or materiel are provided under authorities other than the AECA, NMSA or this Regulation, the DoD

Component providing that support shall obtain a legal opinion supporting the use of such other legal authority before providing the service or materiel. The legal opinion shall be retained for audit verification.

B. The designated official of the DoD Component furnishing the support shall:

1. Originate promptly and in detail an SF 1080 to bill the administrative agent or the designated coordinating agent.

2. Prepare the invoice for reimbursable support on the basis of constructive delivery.

3. Distribute the SFs 1080 as follows:

a. Submit two copies of the SF 1080, with supporting detail, to the international military organization receiving the services or materiel for verification of the charge.

b. Forward the original (disbursement SFs 1080) and the collection copy (SF 1080), without supporting detail, to the administrative agent or the designated coordinating agent.

c. Retain additional copies, with supporting detail as may be required by the billing office, pending receipt of executed vouchers.

C. The administrative agent or the designated coordinating agent shall (1) request the comptroller of the NATO command or the appropriate international organization concerned to provide a monthly listing of charges that have been accepted, and (2) ensure that such charges are reflected as offset credits to the U.S. in the contributions to the international budgets.

D. The coordinating agent shall match the monthly listing of accepted charges with outstanding SFs 1080, and process the SFs 1080 for accepted charges as payments to the billing office. Upon receipt of the validated SFs 1080, the billing office shall process the collection.

E. The designated coordinating agent shall verify that the offset credits are applied to the U.S. contributions to the international organization through a reconciliation of individual SF 1080 billings to the monthly list of accepted charges.

F. When materiel or services are furnished to international military organizations that are located within the CONUS and to which contributions are made in U.S. dollars, the U.S. military activity providing the support shall be responsible for billing the international military organization directly, and obtaining reimbursement in U.S. dollars.

0905 SCOPE OF BUDGET FOR INTERNATIONAL MILITARY HEADQUARTERS AND AGENCIES
