5. Program Element  N/A		6. Category Code  N/A	7. Project Number  N/A		8. Project Cost (\$000)  31,863	
<b>9. COST ESTIMATES</b>						
Item			U/M	Quantity	Unit Cost	Cost (\$000)
NATO Headquarters			LS			\$31,863
<b>10. Description of Proposed Construction</b>						
At the 1999 Washington Summit, Allies agreed to build a new NATO Headquarters building in Brussels to support an expanded and more expeditionary Alliance. Allies recognized that the current building had reached saturation point and was beginning to deteriorate to the point of presenting major safety and security issues. The new building will support improved Alliance management of the International Security Assistance Force (ISAF) and other complex operations and provide office and meeting space for additional new members (beyond the current 28).						
<b>11 Requirement:</b>						
In 2004, Allies signed an agreement that designated Belgium as "host nation" for managing the HQ construction project using management procedures modeled on those of the NATO Security Investment Program (NSIP). Construction of the new building is scheduled to begin in 2010, with completion and occupancy scheduled for 2015. By interagency agreement, DoD and the State Department agreed to split the U.S. share of the building costs on a 60% DoD/40% State basis. The current request of \$31.863 million covers the DoD share of the project for 2011. The requested funds for the DoD share of the U.S. contribution will be used for the planning, design and construction of the new headquarters.						
<b>12. Supplemental Data:</b>						
a. Estimated design data: Not applicable.						
b. Equipment provided from other appropriations: Not applicable.
