SUBJECT: Omnibus Reprogramming Action for Fiscal Year (FY) 2011

I am requesting the submission of your FY 2011 Omnibus Reprogramming requirements, to include the Military Intelligence Program (MIP), to this office by Friday, May 27, 2011. The MIP requirements should be submitted separately and will be processed as a standalone request. In addition, with the exception of emergency requirements, no FY 2011 reprogramming or transfers can be processed using general transfer authority until the DD 1414, Base for Reprogramming Report, is submitted to the congressional defense committees in accordance with section 8007 of Public Law 112-10, the Department of Defense (DoD) Appropriations Act, 2011.

Your submission must identify sources to offset the requested increases. In order to ensure the full consideration of your requests, your explanations for both increases and decreases need to be informative of the programmatic adjustment, concise, and net to zero. Thorough justifications will expedite the review of your proposals by this office and the congressional committees. Each requirement should explain the need for additional funding and the impact to the program if funds are not provided. Each source should explain why funds are available and the impact on the program. Also, new starts as well as congressional special interest items must be identified and include narratives of any impacts to the congressional items. A negative response is required if a Component does not have any requirements. Consistent with the law, this will be the **final** multiple sourced reprogramming action for FY 2011.

To ensure that the appropriate authority is being used, Components must clearly identify any sources and/or requirements using Overseas Contingency Operations funds, (i.e., Title IX, Bridge, or Supplemental funding).

Components are required to clearly identify classified actions as part of their Omnibus submission. Components are to provide separately; concurrent with their submission, the classified details in electronic format to the appropriate Comptroller point of contact (POC). The Comptroller POC for all Special Access Program (SAP) related reprogramming requirements is John Cewe, John.Cewe@OSD.mil, 703-692-3984. The Comptroller POC for all other classified reprogramming requirements, including the MIP, is Randy Fisher, Randy.Fisher@OSD.mil, 703-692-3980.

My POC for this action is Brian Snyder, Brian.Snyder@OSD.mil, 703-697-0022. Your unclassified PDF file transmittal memorandum and electronic DD 1415-1 should be submitted in the Enterprise Funds Distribution (EFD) system and classified information e-mailed to Brian.Snyder@OSD.SMIL.mil.
