CREDITABLE SERVICE1. **Revise subparagraph 010301.B.2 as follows:**

2. Crediting of constructive service for medical and dental officers or an internship is not authorized after September 14, 1981, unless a member was already enrolled in such a program and later graduated and was commissioned as a medical or dental officer. However, post September 14, 1981, time is creditable in computing retired pay provided the officer is retirement eligible. Service creditable in computing retired pay should include time an officer served in the Uniformed Services University of Health Sciences (USUHS). For an officer of the Medical Corps or Dental Corps of the Army or Navy, an officer of the Air Force designated as a medical or dental officer or an officer of the Public Health Service commissioned as a medical or dental officer, credit actual time served in the program. Any credit otherwise accrued during the same period by reason of Reserve membership would not be used in determining the multiplier for computing retired pay.

Example: an O-6 with 20 years and 6 months service under 37 U.S.C. 205 (excludes time at USUHS) is receiving basic pay for an O-6 over 20 years. If this member served 4 years and 6 months time at USUHS, then upon retirement, the member is to receive retired pay computed at 62.5 percent of basic pay as a O-6. The 62.5 percent is computed as 2.5% times 25 (20.5 +4.5) years of service as this computation will include the USUHS time.
