6/ Reflects amounts included on the Defense Financial Accounting Service FY 2024 end of month March 1002 report that includes obligations that were undistributed or unidentified by BA and Budget Line Item (BLI)/Sub-Activity Group (SAG). Based on analysis of underlying feeder system data, these undistributed obligation amounts have not been assigned or reported in the correct O&M SAG due to the following:

- Obligation amounts are reported by the accounting systems in their trial balances and are approved each month and certified at year end. However, the mapping to the BLI/SAG does not happen in the accounting systems (especially legacy accounting systems). Mapping to the correct BLI/SAG is done in the Defense Departmental Reporting System (DDRS) and is one of the primary causes for the inaccurate and over obligation reporting on the 1002.
