10. Description of Proposed Construction										
Funds are to be utilized for preparing plans and specifications for construction of the Defense Agencies and Secretary										
of Defense Activities.										
11 Requirement:										
11 1.vqu. vv.										
The estimated costs for most projects do not inlcude any amounts for feasibility studies, preliminary engineering or										
final plans and specifications. The accomplishment of the planning and design effort required to develop and execute										
the construction program for the Defense Activities is dependent on the provision of funds proposed by this item.										
Defense Level funding covers planning and design for various defense activities such as Defense Logistics Agency,										
The Joint Staff, the Energy Program, Defense Information Systems Agency, and the Defense Finance and Accounting Service.
