		Item	U/M	Quantity	Unit Cost	Cost (\$000)
		Planning and Design				\$237,838
		DoD Education Activity				
		U.S. Special Operations Command				
		National Security Agency				
		Washington Headquarters Services				
		Missile Defense Agency				
		Defense Level Activities				
<b>10. Description of Proposed Construction</b>						
Funds are to be utilized for preparing plans and specifications for construction of the Defense Agencies and Secretary of Defense Activities.						
<b>11 Requirement:</b>						
The estimated costs for most projects do not include any amounts for feasibility studies, preliminary engineering or final plans and specifications. The accomplishment of the planning and design effort required to develop and execute the construction program for the Defense Activities is dependent on the provision of funds proposed by this item.						
FY 2014 Defense Level funding covers planning and design for various defense agencies and activities, planning and design associated with exercise related construction, and covers efforts across the Department to standardize and distribute uniform design criteria.						
Defense Level funding also covers planning and design efforts associated with the Energy Conservation Investment Program (ECIP). The FY 2014 ECIP program is funded at \$150 million, and Defense Level planning and design funding includes funds to cover the design activities necessary to support this program.
