**Description:**

FY 2016-2020, the DLA Procurement program consists of Passenger Carrying Motor Vehicles (PCMV), OSD COOP Office equipment, and Warstoppers Equipment.

PCMV replacement is required to support DLA's overseas logistics operations. DLA maintains field offices in Europe, Kuwait, Korea and Japan. Replacement of Agency-owned and commercially leased PCMV with owned PCMV is required in cases when it is less expensive to own rather than commercially lease, and PCMV ownership is usually significantly less expensive than commercial leasing at overseas locations.

OSD COOP Office - this program is reported in accordance with Title 10, United States Code, Section 119(a)(1) in the Special Access Program Annual Report to Congress.

WARSTOPPER PROGRAM identified an emerging first-time requirement for procurement funds to purchase fully automated metrology equipment for wafer test and inspection of emulated microcircuits. An additional Warstopper procurement requirement was identified to fund the purchase of Government Furnished Equipment (GFE) for ration manufacturers to include retort machines, vertical forms, and seal machines used for Meals Ready to Eat (MRE). An Industrial Readiness category was also identified and funds are required to purchase industrial equipment for critical safety of flight readiness items that have challenging industrial producibility requirements.
