APPROPRIATION LANGUAGE

FAMILY HOUSING OPERATION AND MAINTENANCE, DEFENSE-WIDE

For expenses of family housing for the activities and agencies of the Department of Defense (other than the military departments) for operation and maintenance, leasing, and minor construction, as authorized by law, \$50,113,000.

DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

For the Department of Defense Family Housing Improvement Fund, \$6,442,000, to remain available until expended, for family housing initiatives undertaken pursuant to section 2883 of Title 10, United States Code, providing alternative means of acquiring and improving military family housing and supporting facilities.

**DEPARTMENT OF DEFENSE MILITARY UNACCOMPANIED HOUSING
IMPROVEMENT FUND**

For the Department of Defense Military Unaccompanied Housing Improvement Fund, \$494,000 to remain available until expended, for unaccompanied housing initiatives undertaken pursuant to section 2883 of Title 10, United States Code, providing alternative means of acquiring and improving military unaccompanied housing and supporting facilities.

FAMILY HOUSING OPERATION & MAINTENANCE, DEFENSE-WIDE

The FY 2023 Family Housing Operation and Maintenance, Defense-Wide request is \$4,958,000 (excludes leasing costs, which will be addressed separately). The Operation and Maintenance account includes maintenance and repair of government-owned housing units and associated real property; utility services; repair, replacement, transportation and handling of furniture and furnishings; refuse collection and disposal services; management services; and other miscellaneous support. Furnishings support for members of the Defense Attaché System are also included.

NSA's Family Housing Program provides the housing for NSA (civilian and military) employees working overseas. The majority of housing is leased. The total number of government-owned residential units will remain at 1 unit from the beginning to the end of FY 2023. This program summary displays a funding profile for the leasing of housing units as well as expenses for the government-owned unit, to include utilities, operations, and maintenance funding.

One of the missions of the Defense Intelligence Agency (DIA), in its role as single manager for Department of Defense (DoD) strategic Human Intelligence, is the direction, operations, and support (including housing support) for the Defense Attaché Service (DAS). The DAS is a critical component of Human Intelligence collection capabilities within DoD and is the only component wholly controlled by the DIA. The mission of the DAS is: (1) observe and report military and politico-military information; (2) advise the U.S. Ambassador on military and politico-military matters; (3) represent the DoD and the military services; and (4) administer military assistance programs and foreign military sales as directed. These missions are accomplished through the Defense Attaché Offices (DAO), which are organic elements of the U.S. Diplomatic Missions.

As the Single Real Property Manager, the Department of State (DoS) through the embassy Housing Board assigns housing for Attachés and their support staffs at a level of expense and square footage that is equivalent to their DoS and other tenant agency counterparts.

The DIA's Budget Submission for the FY 2023 Family Housing Program funds government leases (of which approximately 211 are high cost leases) at DAOs worldwide. These funds provide for all lease costs which include utilities, residential protection services, custodial and fire protection services, furnishings and appliances (including maintenance, repair, and annual assessment fees), and administrative services performed by the DoS under the International Cooperative Administrative Support Services (ICASS) and Memoranda of Understanding.

Total Program	48,817	967	44,817	975	45,155	996

Defense Agencies leases are located exclusively overseas, in many cases at remote locations where housing comparable to western standards is scarce or nonexistent. Leasing in areas where suitable housing is in short supply is very expensive which accounts for the fact that the bulk of the high cost leases are concentrated in the Defense Agencies. These lease units support both activities in classified locations and the DAS. Host government restrictions, security requirements, and safety and health improvements add additional costs to these leases in many locations. Detailed justification by agency is provided on the following pages.

DEPARTMENT OF DEFENSE
FAMILY HOUSING IMPROVEMENT FUND
Fiscal Year (FY) 2023 Budget Estimates

The FY 2023 Department of Defense (DoD) Family Housing Improvement Fund (FHIF) Administrative request is \$6,442,000 to support administration of privatized family housing under the Military Housing Privatization Initiative (MHPI) Program as prescribed by the Federal Credit Reform Act of 1990.

THIS PAGE LEFT INTENTIONALLY BLANK

**DEPARTMENT OF DEFENSE
FAMILY HOUSING IMPROVEMENT FUND**
Fiscal Year (FY) 2023 Budget Estimates

PROGRAM SUMMARY
(Dollars in Thousands)

	FY 2021	FY 2022	FY 2023
FY 2023 Budget Request	4,837	6,081	6,442

Program and Scope

DoD has privatized 99 percent (more than 200,000 units) of its family housing inventory in the United States, with 78 current projects executed under the MHPI, a federal credit program authorized by Congress in 1996. Under the MHPI, Military Departments conveyed their existing government family housing units to competitively selected privatization entities (i.e., the MHPI projects). The MHPI housing projects operate under long-term (typically 50-year) ground leases and associated legal agreements with a Military Department, with one 25-year option period. In return, the MHPI housing projects assumed responsibility for operation, maintenance, repair, construction, and replacement of the housing during the lease term, in accordance with the MHPI authorities as defined in Title 10, United States Code. Through the MHPI, DoD has achieved \$32 billion in private development by leveraging just \$4 billion in DoD investment. The resulting development rapidly eliminated nearly 142,000 inadequate homes and an associated \$20 billion maintenance backlog.

DoD relies on the FHIF to accomplish MHPI family housing oversight and administration consistent with statutory requirements, congressional direction (e.g., the extensive new requirements set out in the FY 2020 National Defense Authorization Act (NDAA) (Public Law 116-92), and OMB Circular A-129 “Policies for Federal Credit Programs and Non-Tax Receivables”. In particular, the requested funds are necessary for Office of the Assistant Secretary of Defense for Energy, Installations, and Environment (OASD (EI&E)) MHPI realty/financial advisory and associated consultant support, which is vital for protecting the Government’s interests, assessing MHPI project financials and financial viability, and accounting of the MHPI FHIF program funds. The requested funds also provide critical support for the ASD (EI&E) to execute the statutorily defined Chief Housing Officer duties and responsibilities.

Program Summary

Congress authorized the MHPI in 1996 as a tool to help the DoD address the inadequate condition of on-base housing in the United States, as well as the shortage of quality, affordable community housing available to service members and their families. Under the MHPI authorities, the Military Departments select private developers to enter into agreements to own, operate, maintain and repair family housing or unaccompanied housing, including temporary lodging, in accordance with a long-term (typically 50-year) ground lease and associated legal agreements; and leverage private sector financing, expertise and innovation to revitalize and build new, quality on-

Fiscal Year (FY) 2023 Budget Estimates

base housing faster and more efficiently than traditional Military Construction processes could allow. Privatized housing deals take advantage of the MHPI credit authorities (e.g., Federal direct loans, limited loan guarantees), necessitating continued and long-term DoD oversight and monitoring of the financial health (e.g., risk of loan default or financial restructuring) of each of the 78 family housing MHPI projects (as well as the 8 unaccompanied housing / temporary lodging MHPI projects), to include periodic modifications dependent on military force structure, local housing market changes, or the need to aid in housing recovery following a disaster.

The FY 2023 FHIF budget maintains the Department's commitment to its oversight role and supports our continued, long-term need for enhanced realty/financial advisory and associated consultant support. This support includes the monitoring of the financial health, financing, and accounting aspects of 78 financially complex MHPI family housing projects deal structures (e.g., project debt structures frequently involve the bond market and credit swaps).

FY 2023 Budget Request	1,301	494	494

Program and Scope

DoD has privatized select unaccompanied housing units, including temporary lodging (i.e., hotel), on military installations in the United States under the MHPI, a federal credit program authorized by Congress in 1996, entering legal agreements that transferred ownership, maintenance, and operations of these housing assets to private partners/developers via long-term (typically 50-year) ground leases (with 25-year option periods).

DoD relies on the MUHIF to accomplish oversight, assessment, and administration of MHPI unaccompanied housing (including temporary lodging) consistent with statutory requirements, congressional direction (e.g., the extensive new requirements set out in the Fiscal Year 2020 NDAA (Public Law 116-92), and OMB Circular A-129 “Policies for Federal Credit Programs and Non-Tax Receivables”. In particular, the requested funds are necessary for OASD (EI&E) realty/financial advisory and associated consultant support, which is vital for protecting the Government’s interests, assessing MHPI project financials and financial viability, and accounting of MUHIF program funds. The requested funds also provide critical support for the ASD (EI&E) to execute the statutorily defined Chief Housing Officer duties and responsibilities).

Program Summary

Congress authorized the MHPI in 1996 as a tool to help the DoD address the inadequate condition of on-base housing in the United States, as well as the shortage of quality, affordable community housing available to service members and their families. Under the MHPI authorities, the Military Departments select private developers to enter into agreements to own, operate, maintain and repair family housing or unaccompanied housing, including temporary lodging, in accordance with a long-term (typically 50-year) ground lease and associated legal agreements; and leverage private sector financing, expertise and innovation to revitalize and build new, quality on-base housing faster and more efficiently than traditional Military Construction processes could allow. Privatized housing deals take advantage of MHPI credit authorities (e.g., Federal direct loans, limited loan guarantees), necessitating continued and long-term DoD oversight and monitoring of the financial health (e.g., risk of loan default or financial restructuring) of each of the 7 unaccompanied housing MHPI projects and 1 temporary lodging MHPI project (as well as the 78 family housing MHPI projects), to include periodic modifications dependent on military force structure, local housing market changes, or the need to aid in housing recovery following a natural disaster.
