<p>This action realigns resources within Research, Development, Test and Evaluation, Defense-Wide, 99/00, to the Defense Agency best suited to execute the respective program. This action does not change the purpose for which the funds were originally appropriated. It meets all administrative and legal requirements of the Congress and has not previously been denied by the Congress. This action does not affect Joint Military Intelligence Programs (JMIP), Tactical Intelligence and Related Activities (TIARA), or the National Foreign Intelligence Program (NFIP). This action is not reflected in the FY 2000/2001 President's budget.</p>

0603712S Generic Logistics R&D Technology Demonstration								
		23,788		23,788		+1,930		25,718
<p><u>Explanation:</u> The Congress appropriated \$2.0 million for the continuation of simulation-based design and virtual reality (SBD/VR) programs at the Gulf Coast Region Maritime Technology Center in the Defense Advanced Research Projects Agency (DARPA) within the RDT&E, Defense-Wide appropriation. Per a memorandum of agreement between the DUSD(L) and DARPA, SBD management will transition to DUSD(L) for integration with the Digital Knowledge Task Environment task force. The DUSD(L) will manage this program through the Defense Logistics Agency (DLA). The funds should also transition from DARPA to DLA to properly manage the funds that support this program. This reprogramming action transfers the full balance of the program after an adjustment for congressional undistributed reductions.</p>
