<p><u>Explanation:</u> The Congress appropriated \$9.7 million in Research, Development, Test, and Evaluation, Defense-Wide, 00/01, to begin an Analysis of Alternatives for jamming aircraft. These costs are more appropriately funded in the Research, Development, Test, and Evaluation, Navy, 00/01, appropriation consistent with Deputy Secretary of Defense direction and outyear funding in the Program Decision Memorandum, dated August 16, 1999, which directs the Navy, with Army and Air Force participation and coordination, to prepare an Analysis of Alternatives (AoA) for airborne electronic warfare platforms and methods.</p>
