<p><u>Explanation:</u> Funds were transferred to the Aircraft Procurement, Army, 99/00, appropriation from the ORRTF in FY 99-056 IR for Mobile Expeditionary Accurate Night Vision Compatible Portable Airfield Lighting System procurement. Further review has indicated these funds will be used for development, test, integration, and evaluation of several non-developmental, commercial off the shelf portable systems and funds are appropriately executed in the Research, Development, Test, and Evaluation, appropriation for this purpose. This reprogramming complies with the Department's intended use of the funds, as indicated to the Congress in the Department's August 2, 1999 notification letter.</p>
