<p>This internal reprogramming action realigns funding within Research, Development, Test, and Evaluation, Army (RDT&E, A), 00/01, for proper execution. The realignment does not change the purpose for which the funds were originally appropriated. The program is a congressional special interest item. This action meets all administrative and legal requirements of the Congress and has not previously been denied by the Congress.</p>

<p><u>Explanation:</u> In FY 2000, the Congress provided \$2.5 million for the Short Range Missile Defense With Optimized Radar Distribution (SWORD) Science and Technology program to determine the feasibility of using interferometric radar technology to support the program. This action places the funds in the correct program element for proper execution of the SWORD program.</p>
