<p>This internal reprogramming action realigns the congressional reduction to the Operation and Maintenance, Air Force, FY 2000, appropriation for Contract Advisory and Assistance Services (CAAS) savings. The CAAS are utilized throughout various Air Force appropriations and this action redistributes \$6.493 million of the \$10.0 million reduction to other users of CAAS. This realignment does not alter the purpose for which the funds were appropriated by Congress. This action uses general transfer authority pursuant to section 8005 of Public Law 106-79, the DoD Appropriations Act, 2000, and section 1001 of Public Law 106-65, the National Defense Authorization Act for FY 2000. It meets all administrative and legal requirements and has not previously been denied by the Congress. This action is reflected in the FY 2001 President's Budget.</p>
