<p>This action transfers \$0.913 million from Procurement, Defense-Wide, 00/02, to Operation and Maintenance, Army, FY 2000, to correctly align a congressional add for M40/M42 Protective Mask Reclamation. The transfer does not change the purpose for which the funds were originally appropriated. This action uses general transfer authority, pursuant to section 8005 of Public Law 106-79, the DoD Appropriations Act, 2000; and section 1001 of Public Law 106-65, the National Defense Authorization Act for FY 2000. It meets all administrative and legal requirements of the Congress and has not previously been denied by the Congress.</p>

<p>Explanation: The Congress added \$1 million in the Chemical/Biological Defense Program in Procurement, Defense-Wide, 00/02, for M40/M42 Protective Mask Reclamation. The funds will be used to unpack, inspect, test, and refurbish 38,000 masks to issuable (War Reserve) condition. These requirements are more appropriately funded in Operation and Maintenance rather than Procurement. Therefore, this action transfers \$0.913 million (amount remaining after congressional undistributed reductions) from the Procurement, Defense-Wide, appropriation to the Operation and Maintenance, Army, appropriation for proper execution.</p>
