This internal reprogramming action realigns funds between line items within Procurement, Defense-Wide, 01/03, and between program elements within Research, Development, Test, and Evaluation, Defense-Wide, 01/02, for proper execution of congressionally added funds for Advanced Lightweight Grenade Launcher and Sniper Detection System. This action does not change the purpose for which the funds were originally appropriated. It meets all administrative and legal requirements of the Congress and has not previously been denied by the Congress. This action also involves two congressional special interest items.

Procurement, Defense-Wide, 01/03 -

Budget Activity 2: Special Operations Command

Small Arms and Weapons	31,854	35,854	+4,965	40,819
SOF Ordnance Acquisition	30,761	30,761	-4,965	25,796

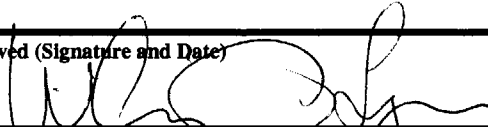

Explanation: The Congress added \$5.0 million in FY 2001 for the Sniper Detection System in the SOF Ordnance Acquisition line item. All personal protection systems for SOF personnel have been executed in the Small Arms and Weapons line. This action therefore realigns the funds to the proper line item. The funding represents the net amount available after implementing section 8086 general reductions.

Research, Development, Test, and Evaluation, Defense-Wide, 01/02 -

Budget Activity 7: Special Operations Command

PE 1160408BB SOF Operational Enhancements	78,518	78,518	+2,780	81,298
PE 1160404BB Special Operations Tactical Systems Development	142,466	142,466	-2,780	139,686

Explanation: The Congress added \$2.8 million in PE 1160404BB for the Advanced Lightweight Grenade Launcher program. This program is more appropriately executed in PE 1160408BB SOF Operational Enhancement. The funding represents the net amount available after implementing section 8086 general reductions.
