This internal reprogramming action transfers \$10.5 million from Operation and Maintenance, Navy (O&MN), X, to Other Procurement, Navy (OPN), 01/03, to procure a replacement antenna array in order to return the USS COLE to service. This action uses specific transfer authority pursuant to section 308 of Appendix D of Public Law 106-554, the Consolidated Appropriations Act, 2001. This realignment does not change the purpose for which the funds were originally appropriated, meets all administrative and legal requirements of the Congress, and has not previously been denied by the Congress.

REPROGRAMMING INCREASE: +10,500

Other Procurement, Navy, 01/03 +10,500

Budget Activity 4: Ordnance Support Equipment

AEGIS Support Equipment	31,556	31,556	+10,500	42,056
-------------------------	--------	--------	----------------	--------

REPROGRAMMING DECREASE: -10,500

Operation and Maintenance, Navy, X -10,500

Budget Activity 1: Operating Forces

USS COLE Repair	149,670	149,670	-10,500	139,170
-----------------	---------	---------	----------------	---------

Explanation: Extensive damage to the SPY-1D Antenna Array on the USS COLE will require its replacement vice repair. Because the replacement of the SPY-1D Antenna Array is more appropriately a procurement cost, the transfer of \$10.5 million from the O&MN appropriation established to repair the USS COLE to the OPN appropriation is required.

Approved (Signature and Date)  MAY 8 2001
