This internal reprogramming action transfers \$1.207 million within Shipbuilding and Conversion, Navy, 97/08. This action uses general transfer authority pursuant to section 8005, Public Law 104-208, the DoD Appropriations Act, 1997; and section 1001, Public Law 104-201, the National Defense Authorization Act for FY 1997. These realignments do not change the purpose for which the funds were originally appropriated, meet all administrative and legal requirements of the Congress, and have not previously been denied by the Congress.

Explanation: The construction effort for the Small Waterplane Area Twin Hull (SWATH) class of oceanographic research vessels was originally funded in the Shipbuilding and Conversion, Navy (SCN) appropriation; however, in FY 1998 the Congress transferred this effort from the SCN, 97/01, appropriation to the Research, Development, Test, and Evaluation, Navy (RDT&E,N), 98/01, appropriation. When the transfer of \$45 million to RDT&E,N occurred, undistributed congressional reductions had already been applied. Since the full \$45 million was transferred to RDT&E,N, this resulted in an excess cumulative reduction of \$1.207 million in the SCN, 97/01, appropriation. This reprogramming transfers \$1.207 million within the SCN, 97/08, appropriation (SCN 97/01 has been extended to 97/08) from line items with available balances.
