This internal reprogramming action transfers \$.6 million from the Operation and Maintenance, Navy, 03/03, appropriation to the Defense Health Program, Operation and Maintenance, 03/03, appropriation to properly execute the Casualty Care Research Center program. This action uses general transfer authority, pursuant to section 8005 of Public Law 107-248, the DoD Appropriations Act, 2003; and section 1001 of Public Law 107-314, the Bob Stump National Defense Authorization Act for FY 2003. This action does not change the purpose for which the funds were appropriated. It meets all administrative and legal requirements of the Congress, and the Congress has not denied any of the funds.

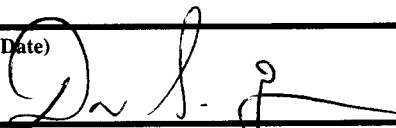

**FY 2003 REPROGRAMMING INCREASE:** **+600**

**Defense Health Program** **+600**  
Budget Activity 1: Operation and Maintenance, 03/03 **+600**

**FY 2003 REPROGRAMMING DECREASE:** **-600**

**Operation and Maintenance, Navy, 03/03** **-600**  
Budget Activity 1: Operating Forces **-600**

Explanation: The FY 2003 DoD Appropriations Act, (P.L. 107-248), provided \$4.3 million to the Operation and Maintenance, Navy appropriation for the Center of Excellence (COE) for Disaster Management and Humanitarian Assistance. Of the \$4.3 million, \$.6 million was to fund the initiatives involving the Casualty Care Research Center. The Uniformed Services University of the Health Sciences (USUHS) manages the casualty care research and education missions of the Center for Disaster and Humanitarian Assistance Medicine (CDHAM). The CDHAM meets the demand for military medical humanitarian assistance across the Military Health System (MHS) through the development of curricula and specific training courses in disaster administration, field medical care, operational logistics, and health assessment and surveillance. Given that the Defense Health Program funds the USUHS program to include the casualty care research, this action realigns the funds for proper execution.
