SUBJECT: Expense-Investment Threshold

Section 106 of Public Law 108-7, the Consolidated Appropriations Resolution, 2003, raises the expense investment threshold from \$100,000 to \$250,000.

For the remainder of FY 2003, Operation and Maintenance funds (operating expense for the Defense Working Capital Funds (DWCF)) may be used to purchase items with a unit cost of not more than \$250,000. However, the Department should continue to use Procurement funds to purchase items that were budgeted in the Procurement appropriations. Except for unusual circumstances, reprogramming actions will not be entertained. In the case of the DWCF, please submit requests to use operating funds to the Revolving Funds Directorate.

The Department will fully implement the increased threshold for fiscal year (FY) 2004 items. To that end, request you provide line item detail of the Procurement items that should now be financed in the Operation and Maintenance appropriations. Also provide the line item detail of the items in the Capital Purchase Program that should now be funded in the operating budgets of the DWCF. We will work with the congressional committees to effect the needed transfers for FY 2004. Please submit the Procurement detail in an Excel format to Mr. Brian Snyder at [snyderb@osd.pentagon.mil](mailto:snyderb@osd.pentagon.mil) and the DWCF detail to Mr. Ralph Proctor at [proctorr@osd.pentagon.mil](mailto:proctorr@osd.pentagon.mil) no later than March 21, 2003.
