This reprogramming action is submitted for prior approval because it uses general transfer authority, pursuant to section 8005 of Public Law 107-248, the DoD Appropriations Act, 2003; and section 1001 of Public Law 107-314, the Bob Stump National Defense Authorization Act for FY 2003. It reprograms funding in support of a higher priority item, based on unforeseen military requirements, than that for which the funds were originally appropriated. This action meets all administrative and legal requirements of the Congress, and the Congress has not denied any of the items. The action also involves a congressional special interest item.

Explanation: Congress added \$2.6 million for range residue recycling removal to the Operation and Maintenance, Air Force (O&M,AF) appropriation. The Active Air Force does not have a FY 2003 requirement for range recycling removal. However, both the Air National Guard and the Air Force Reserve do have unfunded range recycling removal requirements. This reprogramming transfers the \$2.6 million from the O&M,AF appropriation to the Air Force Reserve and Air National Guard O&M appropriations to finance range recycling removal projects.
