This reprogramming action is submitted for prior approval because it uses general transfer authority (GTA) and exceeds established thresholds. This action realigns \$34.0 million within the Research, Development, Test, and Evaluation, Air Force, 07/08, appropriation and transfers \$2.0 million from Research, Development, Test, and Evaluation, Air Force, 07/08, appropriation to the Research, Development, Test, and Evaluation, Defense-Wide, 07/08, appropriation. This reprogramming action uses \$2.0 million of GTA pursuant to section 8005 of Public Law 109-289, the Department of Defense (DoD) Appropriations Act, 2007; and section 1001 of Public Law 109-364, the John Warner National Defense Authorization Act for Fiscal Year (FY) 2007. This request is in support of higher priority items, based on unforeseen military requirements, than those for which originally appropriated; and is determined to be necessary in the national interest. It meets all administrative and legal requirements and none of the items has been previously denied by the Congress.
