This reprogramming action is submitted for prior approval because it initiates a **new start**, exceeds established thresholds, and uses general transfer authority pursuant to section 8005 of Public Law 110-116, the Department of Defense (DoD) Appropriations Act, 2008; and section 1001 of Public Law 110-181, the National Defense Authorization Act for Fiscal Year (FY) 2008. This action transfers \$38.1 million from the Research, Development, Test, and Evaluation, Air Force, 08/09, appropriation to the Missile Procurement, Air Force, 08/10, appropriation. It reprograms funding in support of higher-priority items, based on unforeseen military requirements, than those for which the funds were originally appropriated; and is determined to be necessary in the national interest. This action meets all administrative and legal requirements, and none of the items has been denied previously by the Congress. This reprogramming impacts the Military Intelligence Program (MIP).
