This reprogramming action is submitted for prior approval since it initiates a **new start** and is a congressional special interest item. This reprogramming action transfers \$1.597 million from the Operation and Maintenance, 09/09, appropriation to the Research, Development, Test, and Evaluation, Navy, 09/10, appropriation. This reprogramming action uses \$1.597 million in general transfer authority pursuant to section 8005 of Public Law 110-329, the Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009; and section 1001 of Public Law 110-417, the Duncan Hunter National Defense Authorization Act for FY 2009. This action reprograms funding in support of higher priority items, based on unforeseen military requirements, than those for which originally appropriated; and is determined to be necessary in the national interest. It meets all administrative and legal requirements and none of the items has been previously denied by the Congress.
