This reprogramming action is submitted for prior approval because this action uses general transfer authority, exceeds established reprogramming thresholds, and affects congressional special interest items. This action reprograms funds in support of higher priority items, based on unforeseen military requirements than those for which funds were originally appropriated; and is determined to be necessary in the national interest. The adjustments meet all administrative and legal requirements, and none of the items have previously been denied by the Congress. This reprogramming action impacts the **Military Intelligence Program (MIP)**.

This reprogramming action transfers or realigns \$2.5 million among Fiscal Year (FY) 2016 Defense appropriations. This reprogramming uses \$1.650 million of general transfer authority pursuant to section 8005 of division C of Public Law 114-113, the Department of Defense (DoD) Appropriations Act, 2016 and section 1001 of Public Law 114-92, the National Defense Authorization Act for FY 2016.
