Explanation: Funding previously transferred from the Environmental Restoration transfer accounts for Army and the Defense Logistics Agency (DLA) are being returned due to the inability to execute projects in FY 2019. The Army funds for Per- and Polyfluoroalkyl Substances (\$16.290 million) and other cleanup requirements (\$5.0 million) were needed to complete investigations prior to project execution. The delays at DLA were attributed to issues with gaining regulatory approval of various projects. All funds will be executed in FY 2020.
