This reprogramming action meets all administrative and legal requirements, and none of the items have been previously denied by the Congress.

**Part I** of this reprogramming action transfers \$53.8 million between Fiscal Year (FY) 2020 Army appropriations using transfer back authority conferred by section 13001 of Title III of division B of Public Law 116-136, the CARES Act.

**Part II** of this reprogramming action transfers \$53.8 million between FY 2020 Army appropriations provided in Title III of division B of Public Law 116-136, the CARES Act, pursuant to section 13001 of such title.

Explanation: Funds are available for transfer because the Army began to ship new recruits to basic training earlier and faster than initially expected. This greatly reduced the number of Service Members entitled to Delayed Shipment Incentive, freeing funds for realignment to other Department COVID-19 requirements. This is Division B, Title III, CARES Act funding.

Budget Activity 04: Subsistence of Enlisted Personnel

2,381,845                      2,381,845                      **-11,400**                      2,370,445

Explanation: Funds are available for transfer because the Army's initial projections slightly over estimated the number of rations that would be ordered by dining facilities to fill inventory shortages due to COVID-19 operational impacts. This is Division B, Title III, CARES Act funding.

Budget Activity 05: Permanent Change of Station Travel

1,615,275                      1,615,275                      **-29,400**                      1,585,875

Explanation: Funds are available for transfer due to recent updates to the Army Permanent Change of Station move plan, which reduced the FY 2020 Rotational and Operational Moves plan by 4,440 from the enacted position plan. This enables the Army to fund the 10 percent U.S. Transportation Command stop movement surcharge from current PCS funds in lieu of CARES Act funding. This is Division B, Title III, CARES Act funding.
