Bid Expiration Date: February 16, 2021

Military Construction, Air Force

Reprogramming Request

Installation: Travis Air Force Base, California

Project: KC-46A Regional Maintenance Training Facility

Authorization: National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2020,
Public Law 116-92

Estimated Cost (\$000):

Previously Appropriated	19,500
Previously Reprogrammed	0
Requested Reprogramming	4,843
Total Estimated Cost	24,343

Project Description: This project constructs a one-story reinforced masonry structure supporting admin and classroom spaces with multiple metal framed high-bay areas for KC-46A Maintenance Training Devices.

Justification: The current working estimate is \$4.8 million over the estimated amount. The project was solicited twice due to a lack of competition. Both times only a few bids were received with similar project costs. The cost of materials was higher than expected as a result of other competing work in the region. Similarly, the limited availability of sub-contractors has resulted in increased prime contractor's costs.

A Title 10 USC §2853 cost variation notification was not required for this project.

Source of Funds: Savings from the following project will fund this requirement:

(Dollars in Thousands)

<u>Location/Project</u>	<u>Fiscal Year</u>	<u>Amount Appropriated</u>	<u>Current Working Estimate</u>	<u>Proposed Reprogramming</u>
Scott AFB, IL Consolidated Communications Facility	2017	41,000	34,931	4,843
Total				4,843
