Budget Activity 04: Administrative and Service-Wide Activities

I. Description of Operations Financed: The Washington Headquarters Services (WHS) Overseas Contingency Operations (OCO) Budget commences in FY 2014 and is comprised of two components: The Department of Defense Central Adjudications Facilities DoD (CAF), and the Office of Military Commissions (OMC) Security Program.

The DoD CAF: The Deputy Secretary of Defense (DSD) directed the consolidation of the Department's Central Adjudication Facilities, resources, and assets into a single DoD organization at Fort Meade under the authority and direction of the Director, Administration and Management. The purpose of the consolidation is to promote and enhance greater consistency, standardization, and efficiency throughout the adjudicative process. This budget reflects the funding required for eight (8) OCO funded FTEs.

The OMC Security Program: To implement an independent, effective and comprehensive security program, the Department is realigning the OMC security program and personnel to be under the authority and direction of the Director, WHS. The purpose of the realignment is to ensure policies necessary to safeguard classified intelligence information are employed. Also, to provide complete oversight of security matters to meet required standards relating to work performed by the Commission in support of the trials of enemy combatants who violate the laws of war. This budget reflects the funding required for thirteen (13) OCO funded FTEs.

A. Narrative Justification: Funding is required to resource the eight (8) OCO funded full-time civilians that are being transferred from DLSA to WHS, to perform Personnel Security Adjudicative work, as part of the DoD CAF consolidation.

Impact if not funded: WHS will be unable to perform the necessary adjudicative support to DLSA. Accordingly, a backlog of adjudications for DLSA will accumulate which will inhibit the hiring of new personnel in a timely manner and the renewal of adjudicative actions on current personnel.

Additionally, WHS will not be able to perform the necessary security functions in support of the OMC. As a result, past substandard performance of the security program would continue which would likely result in the reoccurrence of unauthorized disclosures of classified information.

B. Explanation of Changes between FY 2013 and FY 2014: The FY 2014 request is newly established with the programs being transferred from DLSA.
