*On January 1, 1999, the euro became the official currency of 11 member states of the European Union with a fixed conversion rate against their national currencies. The euro was adopted by Greece on January 1, 2001. The value of the euro fluctuates according to market conditions against the dollar and all other currencies. Euro notes and coins were introduced to replace national notes and coins on January 1, 2002.

currency of 11 member states of the European Union with a fixed conversion rate against their national currencies. The value of the euro fluctuates according to market conditions against the dollar and all other currencies. Euro notes and coins on January 1, 2002.
