UNDER SECRETARY OF DEFENSE (COMPTROLLER) FINANCIAL MANAGEMENT AWARDS PROGRAM

0601 GENERAL

060101. Purpose

The purpose of the Under Secretary of Defense (Comptroller) (USD(C)) Financial Management Awards Program is to recognize significant contributions of individuals or teams to financial management improvement.

060102. Applicability and Scope

The Program applies to the Office of the Secretary of Defense, the Military Departments, the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense (DoD), the Defense Agencies, and the DoD Field Activities, and all other organizational entities within the DoD (hereafter referred to collectively as “the DoD Components”). The timeframe for the award nomination accomplishment is the preceding calendar year.

*060103. Policy

It is DoD policy that:

A. Military and civilian members who make outstanding contributions to the improvement of DoD financial management should be recognized.

B. Recognition, in the form of an engraved plaque, shall be presented to, and retained by, the individual and team deemed to have achieved the most outstanding contribution(s), during the preceding calendar year, in one of the four award categories:

1. Contributions in budget formulation and execution;

2. Contributions in financial management (excluding budget);

3. Contributions in financial management in a combat zone; and

4. Contributions to financial improvement and audit readiness.
C. Awards may be conferred to:

1. One individual for three of the award categories at the headquarters and major command level;

2. One individual for three of the award categories at the below headquarters and major command level;

3. One team for three of the award categories at the headquarters and major command level;

4. One team for three of the award categories at the below headquarters and major command level; and

5. One team or one individual for the “Contributions in financial management in a combat zone” category. Only one award is bestowed for this category.

060104. Eligibility

Any military member or civilian employee of the DoD (to include Reserve Components) is eligible for nomination. General/Flag Officers, Senior Executive Service, and contractors cannot be nominated for individual awards. However, they can be part of a team award.

*0602 AWARD CATEGORIES, TYPES, AND LEVELS

*060201. Award Categories.

The four award categories in the USD(C) Financial Management Awards Program are:

A. Contributions in Budget Formulation and Execution. This category recognizes one individual and one team, at each of the two award levels, who have made significant contributions in improving the budget build process and execution of DoD funds. Improved execution of budgets serves to minimize Anti-Deficiency Act violations and ensures protection of Departmental assets. Examples of appropriate efforts include:

1. Identifying and correcting deficiencies in administrative control of funds.

2. Enhancements in methodology and processes resulting in more accurate budget formulation estimates.

3. Information Technology System improvements that support reliable cost projections for building budgets.
B. Contributions to Financial Management (excluding Budget). This category recognizes one individual and one team, at each of the two award levels, who have made significant contributions to modernize and improve financial management in areas other than budget. Improvements may be in areas such as finance, auditing, accounting, cost analysis, workforce development, or other fields outside of budgeting. Examples of appropriate efforts include:

1. Changing or improving an accounting process to eliminate or reduce improper payments.

2. Developing a validated and verified cost or life cycle model used in economic, cost benefit, or cost effective analysis.

3. Establishing a training program to improve workforce proficiency in a key area of deficiency.

C. Contributions in Financial Management in a Combat Zone. This category recognizes one individual or one team who has made significant contributions to modernize and improve financial management while deployed in a combat zone. Improvements can be in auditing, accounting, budget, cost analysis, workforce development, and other Financial Management fields. Examples of appropriate efforts include:

1. Implementing controls that improve auditability of funds managed in a combat zone.

2. Changing and/or reengineering a process or steps of a process to make the process better, faster, and/or less expensive by using technology as an enabler in a combat zone.

3. Identifying, proposing, and implementing an improvement to a problem, project, or effort using analysis to better utilize resources and improve mission effectiveness in a combat zone.

D. Contributions to Financial Improvement and Audit Readiness. This category recognizes one individual and one team, at each of the two award levels, who have made significant achievements to improve Financial Improvement and Audit Readiness efforts. Financial Improvement and Audit Readiness helps the Department achieve its goal of clean financial statement audits by (1) improving the Department’s financial management operations, (2) providing our service members with the resources essential for mission success, (3) and improving taxpayer trust in our stewardship of resources. Examples of appropriate efforts include:

1. Implementing end-to-end business process, reengineering efforts leading to improved auditability.
2. Executing action plans to correct internal controls deficiencies at a local or command level that are consistent with laws, regulations, and administrative policy.

3. Implementing effective improvements to controls over financial reporting in financial systems at the service or enterprise level.

060202. Award Types

The following are the two award types in the USD(C) Financial Management Awards Program.

A. Individual awards may be given to one person at the Headquarters and Major Command level and Below Major Command level in the four award categories. The winner of the “Contributions in Financial Management in a Combat Zone” may be an individual or a team.

B. One team award may be given to groups of individuals at the Headquarters and Major Command level and Below Major Command level in the four award categories. Teams are made up of two to twenty individuals brought together to perform a specific task within a specific time frame. Teams of greater than twenty individuals are not eligible for these awards. The team lead must be one of the twenty members of the team. Contractors cannot comprise more than 20 percent of the team. Contractors cannot use these awards as support for performance clauses in contracts.

*060203. Award Levels

The following are the two award levels in the USD(C) Financial Management Awards Program.

A. Headquarters level and Major Command level.

1. Headquarters level is defined as the headquarters of a Military Service Department, Defense Agency, or Field Activity.

2. Major Command Level is defined as the highest level of command below headquarters level within the Military Department. For the Defense Agencies and Field Activities, Major Command level is based on the organization’s structure, not the nature of the work covered by the award. Major Command level refers to the next level of subordinate organizations to the Headquarters location.

B. Below Major Command level includes any organization not meeting the requirements to be considered Headquarters and Major Command level. For Defense Agencies and Field Activities, this includes regional offices, or other organizations subordinate to the Headquarters or Major Command level.
