D. Any military member or DoD civilian employee (to include Reserve Components) is eligible for nomination. General/Flag Officers, Senior Executive Service, and contractors cannot be nominated for individual awards, but can be named and recognized as members of team awards.

060102. Purpose

The purpose of the Under Secretary of Defense Comptroller (USD(C)) Financial Management Awards Program is to recognize significant contributions of individuals or teams to financial management improvement.

060103. Authoritative Guidance

The Government Employees Incentive Awards Act at 5 USC § 4503 authorizes agency heads to award an honorary recognition to an employee who contributes to the efficiency, economy, or other improvement of government operations or achieves a significant reduction in paperwork, or performs a special act or service in the public interest in connection with or related to his official employment. 10 USC § 1125 authorizes the Secretary of Defense to award medals, trophies, badges, and similar devices to members, units, or agencies of an armed force under his jurisdiction for excellence in accomplishments.

0602 AWARD CATEGORIES, TYPES, AND LEVELS

*060201. Award Categories

The award categories in the USD(C) Financial Management Awards Program are:

A. Contributions in Budget Formulation or Execution. This category recognizes one individual and one team, at each of the two award levels, who have made significant contributions in successfully building, defending, or executing DoD budgets. Improved budget building and successfully defending the budget serve to ensure the Department is adequately funded to complete its mission. Improved execution of budgets serves to minimize Anti-Deficiency Act violations and ensures protection of Departmental assets. Examples of appropriate efforts include:

1. Identifying and correcting deficiencies in administrative control of funds.
2. Enhancing the methodology and processes resulting in more accurate budget formulation estimates.
3. Information Technology System improvements that support reliable cost projections for building budgets.
4. Successfully defending crucial budget submissions or reprogramming requests.

B. Contributions to Financial Management (excluding Budget). This category recognizes one individual and one team, at each of the two award levels, who have made significant contributions to modernize and improve financial management in areas other than budget. Improvements may be in areas such as finance, auditing, accounting, cost analysis, payroll, workforce development, or other fields outside of budgeting. Nominating Officials should consider performance, attestation, and operational audits for this category. Examples of appropriate efforts include:

1. Changing or improving an accounting process to eliminate or reduce improper payments.
2. Developing a validated and verified cost or life cycle to model use in economic, cost benefit, or cost effective analysis.
3. Establishing a training program to improve workforce proficiency in a key area of deficiency.

C. Contributions in Financial Management in a Contingency Operation. This category recognizes one individual and one team who have made significant contributions to modernize and improve financial management while in support of a contingency operation. Improvements can be in auditing, accounting, budget, cost analysis, workforce development, and other Financial Management fields. Examples of appropriate efforts include:

1. Implementing controls that improve auditability of funds managed in a contingency operation.

2. Changing and/or reengineering a process or steps of a process to make the process better, faster, and/or less expensive by using technology as an enabler in a contingency operation.

3. Identifying, proposing, and implementing an improvement to a problem, project, or effort using analysis to better utilize resources and improve mission effectiveness in a contingency operation.

D. Contributions to DoD Audit and Remediation. This category recognizes one individual and one team, at each of the two award levels, who have made significant achievements to improve Audit efforts. Audit efforts help the Department achieve its goal of unmodified financial statement audits by (1) improving the Department's financial management operations, (2) providing our service members with the resources essential for mission success, (3) and improving taxpayer trust in our stewardship of resources. Examples of appropriate efforts include:

1. Implementing end-to-end business process reengineering efforts leading to improved auditability.

2. Executing action plans to correct internal controls deficiencies at a local or command level that are consistent with laws, regulations, and administrative policy.

3. Implementing effective improvements to controls over financial reporting in financial systems at the service or enterprise level.

E. USD(C) Salute to Savings Award. This category recognizes either an individual or team whose actions have resulted in a significant savings to the taxpayer. The USD(C) will select the winner of this award from among the nominations submitted in the categories in paragraphs 060201.A through D.

060202. Award Types

The two award types in the USD(C) Financial Management Awards Program are:

A. Individual awards may be given to one person at the Headquarters and Major Command level and Below Major Command level in the four award categories.

B. One team award may be given to teams at the Headquarters and Major Command level and the Below Major Command level in each of the four award categories. Teams are made up of two to twenty individuals brought together to perform a specific task within a specific time frame. Teams of greater than twenty individuals are not eligible for these awards. The team lead must be one of the twenty members of the team. Contractors cannot comprise more than 20 percent of the team. Contractors cannot use these awards as support for performance clauses in contracts.

060203. Award Levels

The two award levels in the USD(C) Financial Management Awards Program are:

A. Headquarters level and Major Command level.

1. Headquarters level is defined as the headquarters of a Military Service Department, Defense Agency, or Field Activity.

2. Major Command Level is defined as the highest level of command below headquarters level within the Military Department. For the Defense Agencies and Field Activities, Major Command level is based on the organization's structure, not the nature of the work covered by the award. Major Command level refers to the next level of subordinate organizations to the Headquarters location.

B. Below Major Command level includes any organization not meeting the requirements to be considered Headquarters and Major Command level. For Defense Agencies and Field Activities, this includes regional offices or other organizations subordinate to the Headquarters or Major Command level.

Award Level Matrix
