CHAPTER 12

CAPITAL LEASES PAYABLE

1201 GENERAL

120101. Purpose. This chapter prescribes the accounting principles and policy to be followed by Department of Defense (DoD) Components to account for liabilities associated with capital leases.

120102. Overview. Unless otherwise provided by legislation, DoD Components are not authorized to enter into capital leases. Accordingly, agreements to lease real estate and personal property are limited to current year operating requirements.

1202 ACCOUNTING POLICY FOR CAPITAL LEASE LIABILITIES

120201. The DoD Components authorized to enter into capital lease agreements shall treat the transaction as the acquisition of an asset and the incurrence of a liability. The amount to be recorded as a liability under a capital lease is the lesser of the present value of the rental and other minimum lease payments during the lease term, excluding the executory costs (actual or estimated) paid to the lessor, or the asset's fair value (see paragraph 070207. of Volume 4 of this Regulation).

120202. Chapter 7 of this Volume also provides guidance for determining whether a lease is a capital lease or an operating lease and for determining the amounts to be recorded.

1203 ACCOUNTING FOR CAPITAL LEASE LIABILITIES
