CHAPTER 11

DISBURSEMENTS1101 INTRODUCTION

110101. Description of a Disbursement. In most instances, a disbursement is a payment to an individual or organization for goods furnished or services rendered. In some cases, a disbursement is made solely to transfer funds from one appropriation or fund to another. This is a disbursement made by voucher deduction or by “no check drawn” transactions involving SF 1080 (Voucher for Transfers Between Appropriations and/or Funds) or SF 1081 (Voucher and Schedule of Withdrawals and Credits) and no payment by check, cash, or electronic funds transfer (EFT). Disbursements also may be made via Department of the Treasury's Intra-governmental Payment and Collection (IPAC) System. See [Chapter 24](#) of this volume for detailed information regarding the IPAC system. A disbursement voucher may also be a combination of a payment and a collection by voucher deduction, for example, a civilian payroll voucher where deductions for Federal tax, United States (U.S.) savings bonds, and civil service retirement are credited to the appropriate accounts and the net pay is disbursed to the payee. All disbursements must be supported by one of the types of formal disbursement vouchers (e.g., SF 1080, SF 1081, or SF 1034 (Public Voucher for Purchases and Services Other Than Personal)). Occasionally, disbursements are made on formal vouchers, but are not immediately charged to an appropriation or fund. These payments are referred to as deferred vouchered items. A negative disbursement is a refund. Disbursements of Foreign Military Sales funds require the request and receipt of expenditure authority prior to making a disbursement. See Volume 15, [Chapter 4](#) of this Regulation for specific guidance.

★ 110102. Certified Disbursement Vouchers - General

A. Authority. The **certified** disbursement voucher is the authority for Disbursing Officers (DOs) to make payments of government obligations and is the source document for liquidation of obligations. It is imperative that **certified** disbursement vouchers contain complete and accurate data. Contents of **certified** disbursement vouchers and supporting documents may vary slightly depending on the type of disbursement and form used. Signatures and other information becoming an integral part of original vouchers must be written in permanent, nonerasable ink. Handwritten information must be legible. Approved electronic signatures are acceptable. Corrections to vouchers should be lined out only once in ink or by typewriter so that the original information is not obliterated. The corrected voucher shall be recertified before disbursement. Voucher corrections cannot be made by disbursing office personnel. Do not use white out ink or correction tape since these methods are not permanent. A legible copy of a signed travel voucher and its supporting documents, received in lieu of the original signed voucher and supporting documents, should be accepted for processing and payment as if it were the original. This includes travel vouchers and supporting documents received by facsimile transmission or scanned images forwarded via email.

B. Essential Data. To be recognized as a valid transaction, all **certified** disbursement vouchers shall contain the minimum essential data shown in the following subparagraphs.

1. Voucher Heading and Date. The voucher heading and date area includes the complete name and mailing address of the paying disbursing office, the date the voucher is prepared, the disbursing office voucher number, and the disbursing station symbol number (DSSN) in the “Paid By” or “Brief” block.

2. Accounting Classification. Each charge to an appropriation or fund shall be coded with a complete accounting classification and country code, when applicable. If the space available for the accounting classification data is insufficient, then list the information on a continuation form. The type of payment or the supporting Defense Finance and Accounting Service (DFAS) site shall dictate acceptable continuation forms. Titles of appropriation or deposit fund accounts, either in full or abbreviated form, shall not be shown on disbursement vouchers. Entering extraneous information, such as voucher collection data may cause erroneous information to be entered in accounting records and reports. More than one appropriation or deposit fund account or more than one subsidiary account may be charged on the same **certified** disbursement voucher. Where two or more subsidiary accounts of the same appropriation are cited, they shall be grouped by appropriation. On foreign currency disbursements, show the amount of foreign currency and conversion rate to U.S. dollars for each accounting classification cited. Entries in accounting records are always in U.S. dollars.

3. Amount to be Disbursed. The total amount to be disbursed shall be shown on the **certified** disbursement voucher in conjunction with the related accounting classification. The amount shall not be changed or altered in any way.

4. Method of Disbursement. In the space provided on the **certified** disbursement voucher, annotate whether the disbursement was made by EFT, U.S. Treasury check, cash, or as a no check/voucher for transfer.

5. Payee. The payee listed on each **certified** disbursement voucher shall be the individual or organization entitled to the proceeds of the payment. Title 10 United States Code (U.S.C.) 2785(a), prohibits the Disbursing Officer from changing the remittance address. Title 31 U.S.C. 3325(d), requires a taxpayer identification number (TIN) on all **certified** payment vouchers submitted to a DO for payment. The TIN is a unique nine-digit identifier assigned to all individuals by the Social Security Administration and to businesses by the Internal Revenue Service (IRS). For foreign national payees and businesses not subject to taxation by the United States, the payment authorizing activity must assign a unique alphanumeric identification number to avoid possible rejection of the payment document. An alphanumeric identification number is required for these payees to avoid confusion with the numeric TIN and Social Security Number.

C. Voucher Storage. Original paid vouchers shall be safeguarded as consistent with standard security regulations prescribed in [Chapter 3](#) of this volume.

1102 PROCESSING DISBURSEMENT VOUCHERS

110201. Numbering Disbursement Vouchers. Disbursement voucher numbers shall be assigned consecutively starting at the beginning of each fiscal year. Voucher numbers assigned to disbursement vouchers shall be identified with the disbursing office and not with the DO. The supporting DFAS site to which financial reports are submitted will provide the DO with instructions for numbering vouchers.

110202. Disbursement Voucher Control Log. The DD Form 2659 (Voucher Control Log) shall be maintained daily for each disbursement voucher received or prepared in the disbursing office. The DO shall assign personnel to prepare the DD Form 2659 daily within the disbursing office, including the functional area and/or branch disbursing office when these areas or offices are assigned a separate series of voucher numbers. The log shall contain the disbursement voucher number, name of the payee, amount, form of payment (e.g., cash, check, EFT), and the check/EFT trace number under “other.” An example of DD Form 2659 is shown at figure 11-1.

110203. Certification of Vouchers. DD Form 577 (Appointment/Termination Record – Authorized Signature) shall be used to appoint and terminate all certifying officers and departmental accountable officials. The DO shall verify all certifying officers who submit vouchers for disbursements, and shall have access to the DD Form 577 records. The applicable entitlement area has the responsibility to ensure that all payments are proper. They must prepare the correct number of vouchers, and ensure that all vouchers contain complete and accurate data. DOs are responsible for disbursing money only as provided by vouchers that are duly certified by authorized certifying officers. When the disbursing office detects a voucher that was improperly prepared, the voucher shall be returned to the functional area for correction and recertification. DOs are responsible for disbursing money only in accordance with vouchers certified by authorized certifying officers. Certifying officers shall examine payment vouchers prior to certification to ensure that the information contained on the voucher is in agreement with all supporting documentation. The DD Form 577 shall be distributed and maintained in accordance with [Chapter 33](#) of this volume. An example of DD Form 577 is shown at figure 11-2.

110204. Identification of Payees. The accountable individual making cash payments shall positively identify each payee. If the payee is not known personally, then the accountable individual shall examine an appropriate identification card, which includes the payee's picture. For military personnel, the DD Form 2 (Armed Forces Identification Card) or DoD Common Access Card should be used. Other means of identification are a driver's license or other standard identification normally acceptable in the business community for cashing checks or bonds. The responsibility for identification of the payee shall not be delegated.

110205. Cash Payment Vouchers. The responsible entitlement areas send or deliver these vouchers to the cashier area. When the distance between the entitlement area and cashier area makes this impractical, then vouchers may be hand carried by the payee provided the total amount of the voucher is inscribed in words on the bottom of the voucher (e.g., sixty dollars and twenty cents). Space words or enter lines in a manner to preclude alteration by insertion of additional words, particularly at beginning of writing (e.g., altering by inserting one hundred immediately preceding sixty dollars and twenty cents).

A. Cashier Responsibilities. On payment vouchers, the cashier shall verify that the voucher deduction block, if used, contains an appropriation and that the total to be paid shows a decrease of any deductions. Cashiers shall initial the original voucher to identify the specific cashier who made the payment.

B. Payee Signature and Identification. Cashiers must obtain the payee's signature in the space provided, or in the case of multiple payments, on the subvoucher or supporting documentation. The payee must sign for receipt of cash using indelible ink. Facsimile signatures and signatures in pencil are unacceptable. When signatures of payees are on a subvoucher or supporting documentation, annotate the "payee signature block" on the cover voucher with the words "See attached." Payments by cash shall not be made until positive identification of the payee has been established. The signature obtained on vouchers shall be compared to signatures on identification cards or other acceptable forms of identification. The form of the signature shall be the same as the name of the payee as shown on the voucher, however, in the signature, the first name shall be used with additional initials, if any, followed by the surname except as explained, below.

1. Unable to Write. If unable to write, then the payee may indicate receipt of payment by signing the mark "X." In such instances, the signing must be witnessed by a disinterested party and the disinterested party's address must be given. If the payee is physically unable to write and asks someone to sign the payee's name in the payee's presence, then such signature is regarded as a signing by the payee. A physician's certificate about the affliction should be filed with the original disbursement voucher. The signing of the payee's name by another person must be certified by a disinterested witness.

2. Mental Disability. A payee with a mental disability that precludes an ability to comprehend a signature cannot be paid until a guardian has been appointed. Certified copies of court papers appointing a guardian shall be filed with the original disbursement voucher. The guardian shall sign the name of the payee, followed by his or her own signature as guardian. Future payments shall make reference to the first disbursement voucher by DO voucher number and date paid. If the payee is in an asylum, then the superintendent's certificate that the payee was alive at the time payment was due shall be filed with each disbursement voucher.

C. Voucher Validation. The voucher is validated by completing the Paid By (or Brief) block with the paying office location, DSSN, and business date of payment. Use a

typewriter, automated systems, or rubber stamp for this purpose. If the disbursing office has a classified address, then do not show the geographical location. Examples of the Paid By block are shown in figure 11-3.

110206. Release of Cash. Cash payments must be picked up and the voucher signed by the individual who is entitled to the payment (the payee). The DO, deputy, or disbursing agent may personally make cash payments to high ranking officers or civilian personnel or other personnel for whom waiting in line at a cashier's cage would be considered a discourtesy, awkward, or otherwise inappropriate. Otherwise, the DO or agent may appoint an aide, secretary, driver, etc., as a paying agent for purposes of making a cash payment to these payees. Refer to [Chapter 2](#) of this volume for appointment of paying agents. The DD Form 1081 shall be used to document the transfer of cash to the paying agent. The appointed paying agent shall sign the DD Form 1081 to indicate receipt of the cash and voucher. Upon return of the properly signed payment voucher to the disbursing office, the DD Form 1081 may be destroyed.

110207. Check Disbursement Vouchers, Manual Voucher Processing. Responsible entitlement areas shall forward these vouchers to the check issuing area for preparation of the checks. The check issuing area shall enter the check number on the voucher in the space provided. Normally check numbers are not entered on duplicate copies of vouchers except for payroll and group travel vouchers. When payment is made by check and the disbursement is supported by a SF 1034, the instructions in the following subparagraphs are to be used.

A. Checks Drawn on the Department of the Treasury. For payments by check drawn on the Department of the Treasury, enter the check number in the block near the bottom of the form titled "Check Number on Account of U.S. Treasury."

B. Checks Drawn on Limited Depository Accounts (LDAs). For payments by checks drawn on LDAs, enter the check number and the name of the limited depository bank on which drawn in the block near the bottom of the form titled "Check Number On (Name of bank)." For "no check drawn" vouchers, so state.

C. Check Usage. Make checks payable to the payee stated on the disbursement voucher. Disbursement vouchers shall be numbered in numerical sequence with the lowest check number used to pay the lowest numbered disbursement voucher or first name on a payroll. Maintaining the series of check numbers and the series of voucher numbers of the related vouchers in unbroken sequence will facilitate check issue auditing and reporting. Multiple payments to the same payee on the same day should be consolidated and paid by one check. Because many losses have been attributed to altering of payee names, addresses, and amounts on checks, the DO shall make certain that inscribed checks duplicate the voucher information. At the DO's option, this review may be accomplished either before or after the checks are signed. The DO shall ensure appropriate check records that provide control over check writing are completed. Automated systems producing disbursement vouchers must

contain edit and validation controls ensuring exact information appearing on the vouchers is passed to the check printer.

D. Paid By. Complete the “Paid By” block as prescribed in paragraph 110205.C.

E. Automated Disbursement Vouchers. The entry of a check number on automated disbursement vouchers is not required as long as the voucher processing system is carefully structured and monitored to make sure complete audit trails are maintained between disbursement vouchers and hard copy records.

110208. Disbursements Overpaid or Underpaid by \$10 or Less. If a disbursement to a payee is overpaid by \$10 or less, then DO shall not collect the overpayment. The DO shall prepare an SF 1080 to charge the DoD Component Operation and Maintenance account and credit the appropriation charged when the payment was made. Similarly, if a disbursement to a payee is underpaid by \$10 or less, then do not issue a supplemental payment unless specifically requested by the payee.

110209. Transmittal of Vouchers and Recording. Deputies, agents, and cashiers shall include payment vouchers on the DD Form 2665 (Daily Agent Accountability Summary) as prescribed in [Chapter 19](#) of this volume. Deputies, agents, and cashiers shall settle with their DOs at the end of each day that business was conducted; and shall forward the original vouchers and report copies to the accountability area. If a mid-day return of cash on hand or an additional advance of funds is required, then these transactions shall be accomplished using a DD Form 1081. Entitlement areas shall forward transfer and correction vouchers and other disbursement vouchers not for payment by cashiers directly to the accountability area. Voucher copies are returned to the accountable entitlement area.

110210. Certification Restrictions. The supervisor of the disbursing office, even if he or she is also a deputy, should not routinely certify vouchers for payment. The supervisor of the disbursing office may certify cover vouchers supported with properly certified subvouchers. In those cases, the approving official of the supporting documentation must be other than the cover voucher certifier. If an emergency exists and the deputy, who is also a supervisor of the disbursing office, must certify a voucher for payment not supported with certified subvouchers, then the DO or another deputy shall date and sign somewhere on the voucher a statement similar to the following: “Payment approved by Lt. John Doe, Disbursing Officer.” To ensure adequate internal control, the supervisor of the disbursing office or other disbursing office personnel should not have the opportunity to input data into the computerized accounting system.

110211. Documentation Supporting Delivery of Payments. Documentation that supports delivery of payments includes a copy of the payment voucher, annotated copies of invoices, or check stub data with check or cash payments for delivery to payees as prescribed by functional area directives. Documentation for travel payments includes a copy of the travel claim or an Advise of Payment containing related payment information. Documentation for

vendor payments produced by standard automated accounts payable systems includes check stub data which normally is sufficient for vendor accounts receivable posting. If the vendor reports that check stub data is insufficient for posting needs, then a copy of the payment voucher or an annotated invoice should be included with the payment as instructed by the responsible functional area.

110212. Deferred Vouchers. A deferred voucher is any paid voucher that has not been recorded in the accounting system. The usual cause is a paid agent voucher that must be returned to the agent for correction. In addition, agent vouchers that have not yet been examined by the DO may be deferred until this review is completed. Responsible entitlement areas must take prompt action to clear deferred vouchers. A chronological record shall be maintained of actions taken, showing the date when clearance is expected. DOs or their deputies shall review those actions each week to ensure that the irregularities causing deferment are corrected without delay. Refer to [Chapter 19](#) of this volume for instructions on reporting deferred vouchers on the DD Form 2657 (Daily Statement of Accountability).

110213. Classified Payments

A. General. When it is necessary for the DO to make payments that are classified, a covering disbursement voucher shall be prepared as prescribed in this paragraph. Disbursement vouchers covering payments, which are classified for security purposes, shall not contain information that requires a security classification. The original and all copies of such disbursement vouchers shall contain only the name and address of the payee, amount, date of payment, complete accounting data, voucher number, check number, DO's name, DSSN, and disbursing office payment data in the "Paid By" (or brief) block. In the case of payment under classified contracts, the contracts should contain instructions requiring the supplier to limit information on invoices so that supplies or services may be identified only by reference to the contract. The DO (for collateral classified programs) or the voucher preparing office (for special access programs) shall allow access to classified documents only to those persons who require access for the performance of their official duties (refer to appropriate security regulations, if necessary). Personnel who process classified documents must possess a security clearance level equal to or higher than the documents they process. DOs or voucher preparing offices shall assign duties, such as the preparation of vouchers, so that a minimum number of persons require access to the classified information. Mark and store classified documents following prescribed security regulations.

B. Preparation. Essential supporting documents, invoices, or certificates that are classified, shall not be attached to the original disbursement voucher, but shall be identified by the name of the DO, voucher number, DSSN, and the period of the account. The supporting documents shall be retained at the paying disbursing office (for collateral classified programs) or the voucher preparing office (for special access programs) with other classified material. The original and all copies of the covering disbursement vouchers shall contain only the essential information described above. The portion of the voucher for the description of the articles or services purchased shall contain one of the following statements:

1. For collateral classified programs: “The documents necessary to support this voucher have been retained at the payment site with other classified material in accordance with (insert the applicable security regulation).”

2. For special access programs: “The documents necessary to support this voucher have been retained at the voucher preparing office with other classified material in accordance with (insert the applicable security regulation).”

C. Declassification. Refer to the appropriate security regulations for instructions on downgrading and declassifying, and for reporting classification abuses and improper classifications.

D. Distribution. The original and required copies of the covering disbursement voucher shall be distributed in the normal manner. As described above, the classified supporting documents shall not be attached.

110214. Payments from Contingency Funds. The DD Form 281 (Voucher for Emergency or Extraordinary Expense Expenditures) is used to make payments from contingency funds.

A. Preparation. The form shall be prepared so as not to require classification. Supporting documents are classified according to their content. Covering disbursement vouchers as described in the preceding paragraph are not prepared.

B. Transmittal of Vouchers and Recording. See paragraph 110209.

110215. Hand-Carrying Disbursement Vouchers

A. Vouchers Prepared Outside the Disbursing Office. Disbursement vouchers prepared outside the disbursing office shall be forwarded to the disbursing office so that the payee does not have access to the voucher.

B. Vouchers Prepared Within the Disbursing Office. The responsible functional area forwards or delivers these vouchers to the cashier area. Where distance between the functional area and cashier section makes this impractical, see paragraph 110205.

110216. Distribution of Paid Vouchers. The disbursing office shall forward the original and appropriate number of copies of paid vouchers to the appropriate DFAS site as prescribed in [Chapter 20](#) of this volume.

1103 DISBURSEMENTS FROM DEPOSIT FUND AND BUDGET CLEARING ACCOUNTS

110301. Disposition of Funds in Deposit Fund Accounts

A. Method of Disposition. Applicable functional areas shall dispose of collections received for deposit fund accounts by one of the methods shown in the following subparagraphs.

1. Payment to Other Individuals or Organizations. The disbursement shall be made on an SF 1034. See figure 11-4.

2. Refund to the Remitter. The disbursement shall be made on an SF 1034. See figure 11-4.

3. Withdrawal for Application to an Appropriation, Receipt Account, or Other Deposit Fund Account. The disbursement and collection shall be made on an SF 1081. The original SF 1081 shall be submitted as substantiation for both the disbursement and collection. No check or cash payment is made on the SF 1081. See figure 11-5.

B. Vouchering. Normally, no more than one deposit fund account is charged on a single disbursement voucher. When charges are to accounts **F0109, Federal Tax Withheld from Payments to Nonresident Aliens, and **F3875, Budget Clearing Account (suspense), they are submitted on a separate voucher.

C. Civilian Pay Deductions. When preparing SFs 1081 for adjustment of deductions from civilian pay, show deposit fund account symbols, and amounts for withheld taxes and U.S. savings bonds, on the same SF 1081 containing the necessary information.

D. Withdrawals Involving Foreign Currency. If it is necessary to repay foreign currency deposits at a U.S. dollar equivalent different from that at which deposited, then see [Chapter 13](#) of this volume.

110302. Budget Clearing Account (suspense), **F3875

A. Transfer of Funds. Upon determination of the proper disposition of funds in this account, the amount will normally be transferred on an SF 1081 or SF 1080 to the proper account. See figures 11-5 and 11-6. The DO must explain the charges on the SF 1080 or the SF 1081.

B. Disbursements Representing Funds Received for Other Government Agencies. After the funds have been transferred to the proper account, the disbursement voucher shall be prepared to show the office and agency that are to receive payment. An IPAC payment

or check payable to the Department of the Treasury and a copy of the disbursement voucher shall be forwarded to the official of the agency requesting collection, except as stated, below.

1. Checks Made Payable to the United States Postal Service. The check and a copy of disbursement voucher shall be forwarded to the Manager, Finance Branch, Eagan Information Systems/Accounting Service Centers, U.S. Postal Service, 2825 Lone Oak Pkwy, Eagan, MN 55121-9614, if the collection is for credit to a U.S. Postal Service appropriation or receipt account citing departmental prefix "18."

2. Checks Made Payable to Other Government Agencies. If a collection was made for another government agency, and it is impracticable to send the amount to the official or agency, the check and a copy of the voucher shall be forwarded to the Department of the Treasury, Chief Disbursing Officer, ATTN: Disbursing Operations Section, P.O. Box 37067, Washington, DC 20013. To facilitate handling, the check shall be accompanied by a DD Form 1131 (Cash Collection Voucher), transmittal letter showing the source and reason for collection, and account symbol and title of the agency's funds for which the collection was made. Disbursements shall not be delayed and, when practicable, the check shall be forwarded on the same day the collection was made.

C. Deposits Representing Collections for Unofficial Telegraph and Telephone Service. After the funds have been transferred to the proper accounts, amounts representing federal taxes for unofficial telegraph and telephone services shall be disbursed to the appropriate District Director, IRS.

D. Transactions Rejected by the Accounting System. The DO shall be notified and requested to provide the documentation needed to successfully process the transaction. The requested documentation must be provided to the accounting office within 30 days.

1. Supporting Documentation Maintained Locally. The DO will immediately forward the requested documentation to the accounting office.

2. Supporting Documentation Maintained at a Remote Site.

a. The DO will immediately notify the entitlement area via telephone or email of the rejected transaction.

b. If the requested information is not received within 5 working days of the initial request, send a formal, written request to the functional area, referencing the original request.

c. If no response is received within 5 working days of the second request, forward a copy of the request memorandum, with a cover letter, to the site director or commander, as appropriate.

E. Chargeback. If the DO is unable to provide the necessary documentation within 30 days, the accounting office may chargeback the disbursement. The disbursement will be charged to the DO's **F3875, via an SF 1081. Volume 3 of this Regulation requires all disbursements recorded in **F3875 to be cleared within 60 days.

1. If the discrepancy is determined to be the result of an erroneous line of accounting, the disbursement will be considered an erroneous payment in accordance with 31 U.S.C. 3528. The DO and/or certifying officer must request relief of liability as prescribed Chapter 6 of this volume.

2. If the supporting documentation determines that a duplicate payment has occurred, there will be no chargeback to **F3875. The DO and/or certifying officer must take the appropriate collection action as required by Chapter 29 of this volume, or Volume 10 of this Regulation, as applicable. If unable to recoup the funds within 90 days, the DO and/or certifying officer must request relief of liability as prescribed Chapter 6 of this volume.

110303. Overages

A. Disbursement Action. If it is determined that an overage should not have been accounted for as a collection, then disburse the overage on an SF 1034 made payable to Adjustments. The SF 1034 shall be prepared by the responsible functional area. Do not issue a check or make a cash payment for this voucher. This action reverses the erroneous collection and allows the funds to be accounted for in the proper manner.

B. Adjustments. If it is discovered that the amount should have been reported as a collection under an accounting classification other than **F3875, **F3885, Undistributed Intergovernmental Payments, **X6500, Advances Without Orders from Nonfederal sources, **X6501, Small Escrow Amounts, **X6276, Other Federal Payroll Withholding, Allotments, as in the case of a cash collection from a sales official, then make the adjustment by requiring the responsible entitlement area to prepare an SF 1081 charging **F3875, **F3885, **X6500, **X6501, or **X6276 and credit the proper appropriation or fund.

C. Removal. If every reasonable effort to discover the source and disposition of the funds has proved unsuccessful, then prepare an SF 1081 to remove the amount from deposit fund **F3875, **F3885, **X6500, **X6501, or **X6276 and credit to Forfeitures of Unclaimed Money and Property, **R1060.

1104 PAYMENTS IN SUPPORT OF ADVANCE PAYMENT POOL AGREEMENTS

110401. General. Advance payments are sometimes used for financing the performance of more than one contract. This is accomplished under a single advance payment agreement called an advance payment pool agreement. Advance payment pool agreements are

often used for the financing of cost type contracts with nonprofit educational or research institutions for experimental, or research and developmental work, when several contracts or a series of contracts require financing by advance payments. More than one agency or department may have their funds cited on contracts, which are part of the pool agreement. When more than one contract is involved in the pool agreement, one or more of the contracts is designated as the contract to which the advance payments are applied. This is normally a large dollar value contract. Advance payments will be handled in accordance with current procedures. Refer to [Volume 10](#) of this Regulation for specific details.

★1105 INTERAGENCY DISBURSING SUPPORT

The DFAS Disbursing Management Policy Division, Policy and Performance Management Directorate (DFAS-NPD/KC) at DFAS-DCMO@dfas.mil is responsible for assisting DoD disbursing offices with establishing IPAC Interagency Disbursing Support Agreements with nonDoD agencies. The servicing finance and accounting office is responsible for coordinating all other disbursing matters relating to interagency disbursing support agreements.

1106 LARGE DISBURSEMENTS

110601. Reporting Large Disbursements. Since the Department of the Treasury Financial Management Service (FMS) is solely responsible for the management of the government's daily cash position, disbursement transactions by check or EFT affecting the government's cash position, the DO shall advise the FMS in advance of the time of actual disbursement. DOs disbursing \$50 million or more in a single transaction or in multiple transactions of a common nature shall be reported to FMS at least two business days prior to the payment date. If a disbursement of over \$500 million is anticipated, a minimum of five business days advance notice is required. When specific disbursement information has not been finalized, inform FMS daily (by 9:30 a.m. eastern time) of approximate amount(s) and approximate date(s). Information on large disbursements should be reported by facsimile transmission (FAX) to FMS at (202) 874-9945 or (202) 874-9984 using FMS Form 187, Advance Notice of Large Deposits or Payments of \$50 Million or More. If the report is provided to FMS on other than FMS Form 187, at a minimum the report shall contain:

- A. Name and address of the DoD Component (e.g., Navy)
- B. Name and telephone number of disbursing officer
- C. DSSN
- D. Appropriation or fund account charged (minimum of six digits, with the first two identifying the department)
- E. Description of transaction

- F. Transaction settlement date
- G. Amount of the disbursement
- H. Payment mechanism (wire transfer or check)
- I. Check number for check payments
- J. Payee name and address.

A copy of the report shall be retained with the DO's monthly retained financial records.

110602. U.S. Military EFT Payroll. DFAS sites are required to report an advance notice to the Department of the Treasury, FMS for all military pay and all military retiree pay made by EFT for each payroll reporting period. Pay totals should be reported as far in advance of the pay date as possible, however, a minimum of two business days advance notice is required.

A. U.S. Military Pay. United States military pay includes the following pay classifications: active duty pay, reserve pay, and cadet pay, active salary allotments, active blanket pay, and voluntary separation incentives. Active duty payments usually occur on the 1st and the 15th calendar days of each month. If the 1st or 15th falls on a weekend or a holiday, the payment will be made on the prior workday. Military pay should be reported by facsimile transmission (FAX) to FMS at (202) 874-9945 or (202) 874-9984 using FMS Form 188 (Advance Reporting of U.S. Military Pay).

B. U.S. Military Retiree Pay. United States military retiree pay includes the following pay classifications: retired pay, retired allotments, retired annuities, and retired blanket pay. These payments usually occur on the 1st calendar day of the month. If the 1st falls on a weekend or a holiday, the payment will be made on the next workday. Military retiree pay should be reported by facsimile transmission (FAX) to FMS at (202) 874-9945 or (202) 874-9984 using FMS Form 190 (Advance Reporting of U.S. Military Retiree Pay).

C. Data to be Reported. If the report for military pay or military retiree pay is provided to FMS on other than FMS Form 188 or FMS Form 190 (as appropriate for the type of pay being reported), at a minimum, the report shall contain:

1. DFAS site
2. DSSN
3. Name and telephone number of contact (or disbursing officer)

- transmitted
4. Name of Federal Reserve Bank location where pay files are transmitted
 5. Name of U.S. Military branch (e.g., Navy)
 6. Military pay classification
 7. Pay date
 8. Pay amount for each classification
 9. Total pay amount.

A copy of each report shall be retained with the DO's monthly retained financial records.

110603. EFT Vendor Payments. All DFAS sites and other DoD Component installations that make U.S. dollar EFT payments to vendors are required to report daily the following information to FMS. Information on EFT vendor payments should be reported by facsimile transmission (FAX) to FMS at (202) 874-9945 or (202) 874-9984 using FMS Form 189 (Advance Reporting of Defense Department Payments to Vendors). If the report is provided to FMS on other than FMS Form 189, at a minimum, the report shall contain:

- A. DFAS or other Defense sites
- B. DSSN
- C. Name and telephone number of primary and alternate contact
- D. Federal Reserve Bank location of transmitted payment files
- E. Date payment files are transmitted
- F. Effective date of payment (transaction settlement date)
- G. Total dollar amount of the EFT file transmitted.

A copy of each report shall be retained with the DO's monthly retained financial records.

1107 GOVERNMENT PURCHASE CARD PAYMENTS

Upon receipt of approved invoices for purchase card transactions, authorized in accordance with Volume 10 of this Regulation, the DO of the designated paying office shall ensure payment is made in accordance with Chapter 24 this volume and the Prompt Payment Act deadlines.
