### C. Disbursements

#### 1. Preparation and Payment of Public Vouchers--General

a. Format. Use SF 1034 (Public Voucher for Purchases and Services Other Than Personal) as a public voucher (PV) when governing directives do not prescribe use of a specific disbursement voucher. See Figure NAVY-4.

#### b. Requirements for a PV

- (1) It shall discharge a U.S. Government liability.
- (2) Supporting documents shall be complete.
- (3) The expenditure shall be charged to an appropriation/fund.
- (4) The control, maintenance, and disposition of records shall preclude duplicate payments or overpayments by the government.
- (5) The chargeable accounting data shall be accurate and complete.

★ (6) The voucher shall be certified by a duly appointed authorized certifying officer in accordance with Chapter 33 of this volume.

c. Completion requirements for the SF 1034 and, when required, the SF 1035 (Continuation Sheet). Complete appropriate blocks as follows:

(1) Applicable DoD Component and place prepared.

(2) Date prepared (No entry required in this block).

(3) Vouchers shall be numbered in accordance with procedures established by each payment office.

(4) On payments for supplies or non-personal services, show the number and date of the numbered contract, requisition, or purchase order.

(5) Payee's name and address (include social security number (SSN) for military members and DoD civilian employees if payment affects the pay account or is a taxable payment). Enter the name and address of the contractor who supplied the services or articles.

d. Body

(1) First Column. Invoice or delivery order number and date.

(2) Second Column. Date(s) supplies delivered or services performed.

(3) Third Column. Enter a description of the supplies or services unless the attached invoice gives the description. If it does, enter the following statement: "Per attached invoice." Special notations also shall be made in this column. Reference any previous partial payments in this column together with the voucher number and date paid.

(4) Fourth, Fifth, and Sixth Columns. Do not use these columns if the invoice is attached as prescribed above. If the invoice is not attached, complete as follows:

(a) Fourth Column. Enter the quantity of each item.

(b) Fifth Column. Enter the unit price of each item.

(c) Sixth Column. Enter the unit of measurement for each item.

(5) Seventh Column. Enter the extended value of each item. If the amount is stated in foreign currency, insert the name of the currency. When referring to attached invoices, show the extended total for each individual invoice. When SF 1035 is used, show the extended total for each sheet in this column. Use the "Differences" block for cash discounts identified as "Disc" and the net of any other adjustments to the amount in the total block identified as "Adj." For vouchers involving multiple invoices, the paying office may attach a list of invoice discrepancies to the original and retained copies instead of recording each discrepancy on the face of the SF 1034. "Amount verified correct for" shall be the adjusted total. Enter either a signature or initials to show who computed and verified the payment.

(6) Account Classification Block. Enter each accounting classification and the amount charged to that classification. Use a separate line for each accounting classification charged. If only one line of accounting classification is cited on the voucher--and foreign currency or voucher deductions are not involved--it is not necessary to show the amount following the accounting classification.

(7) Station Number of Paying Office. Enter the disbursing station symbol number (DSSN) of the paying office on all copies of a disbursement voucher.

(8) Money Amounts - How Expressed

(a) U.S. Dollars and Cents. Except as prescribed in the following subparagraph, show all money amounts as U.S. dollars and cents. If less than one-half cent occurs in the footing of a voucher, disregard it. If the fraction is one-half cent or more, show it as a whole cent.

(b) Foreign Currency. Enter the amount of foreign currency, U.S. dollar equivalent, and exchange rate in the blocks marked "Approved For" and "Exchange Rate" on the SF 1034. Show the amount in U.S. dollars in the Accounting Classification block. The amount of the check may be shown in the foreign currency if a limited depositary checking account is maintained in those terms.

(9) Payment Notations. Check blocks under Payment as follows:

(a) Complete -- when paying the entire amount of the contract or purchase order.

(b) Partial -- when paying for partial delivery, show the number of the partial payment, i.e., whether 1st, 2nd, etc.

(c) Final -- when making the final payment of two or more partial payments.

(d) Advance -- when making an advance payment to a contractor, vouchers covering additional advances shall refer to vouchers covering prior advances

under the same contract in the “Articles or Services” block. References must show the voucher number, name, and DSSN of the DO, and the date paid. Advance payments are referred to as “first advance,” “second advance,” and so forth.

(e) Supplemental -- when supplemental payments are made, use the block for final payments and cross out the word “Final” and replace it with “Supplemental.” Reference the original voucher on the supplemental voucher in the “Articles or Services” block. Such references must show voucher number and date paid.

## 2. Purchases and Services

a. Use the SF 1034 as the PV to effect payment of purchases and services other than personal.

b. The activity responsible for check issuance or electronic funds transfer is the activity designated to make payment.

c. If contract/purchase order does not specify the activity designated to make payment:

(1) When the delivery is made to a ship located in the continental United States (CONUS) or Hawaii, then the PV is prepared and payment is made by the servicing DFAS site who normally pays all other dealers bills as if the ship was in its homeport.

(2) When the delivery is made to a ship located outside the continental United States (OCONUS) or Hawaii by a dealer located OCONUS or Hawaii, then the PV is prepared by the receiving activity and forwarded to the servicing DO for payment.

(3) When there is no supply activity in the vicinity, then forward the documents to nearest DoD or U.S. disbursing office for payment.

### d. Dealers’ Bills Rendered Against Decommissioned Ships

(1) Dealer Located in CONUS or Hawaii. The settlement responsibility for outstanding bills is the DFAS site designated in purchase document.

#### (2) No Disbursing Office Designated or No Written Document

(a) Deliveries in CONUS and Hawaii. The DFAS site serving the receiving activities has settlement responsibility.

(b) Other deliveries. The DFAS site serving the dealer’s location has settlement responsibility.

(c) Dealer Located OCONUS or Hawaii. The primary responsibility for settlement is the activity designated to settle the disbursing account. If the designated activity is in CONUS, forward dealers' bills with supporting documents to DFAS Charleston (South Carolina) site for preparation and payment. If the designated activity is OCONUS, then voucher preparation is the responsibility of the settlement activity and payment is made by the DO supporting the settlement activity.

e. Evidence to Support Payment. The settlement officer shall determine whether the amount billed is payable by analyzing the available documents that are retained by the paying office.

f. Unsupported Bills. The bill shall be returned to the dealer with the reason(s) for declination of payment. The dealer shall be informed that the bill can be submitted for settlement to the General Accounting Office (GAO) via the DFAS Charleston site.

### 3. Substantiating Documents and Certificates

#### a. Purchase Documents

(1) Contracts. The paying DO shall maintain a contract file containing each contract and all contract modifications for verification of proper payment. A separate log shall annotate the date of receipt for all contracts.

(2) Purchase Orders. Distribution instructions for purchase and delivery orders are found in Navy Supply Acquisition Regulation Supplement (SUPARS) (reference (aw)).

#### b. Dealer's Bill

(1) General Requirements. All dealer's bills shall be expressed in the currency in which the transaction was made. The original dealer's bill shall be attached to the original PV.

(2) Supplemental Payments. DOs shall establish the necessary internal controls to identify supplemental payments to the original payment and to prevent duplicate refunds of deductions or other erroneous supplemental payments.

(3) Dealer's Bill Expressed in Foreign Currency. The PV shall show all amounts in equivalent U.S. currency at the rate of exchange at which foreign currency is disbursed. The exchange rate shall be shown on the PV.

c. SF 44 (U.S. Government Purchase Order -- Invoice Voucher as a Purchase Invoice)

(1) Purpose. The SF 44 combines the informal purchase order, certificate of receipt and acceptance, and dealer's bill. It is used only in over-the-counter purchases and only when the dealer or other dealers of like goods or services in the vicinity do not accept the government-wide purchase card.

(2) Payment by Disbursing Officer. When the SF 44 is used in an informal purchase, it should contain the signature of the ordering officer (which could be an aircraft commander in the case of procurement of fuel, lodgings, and subsistence on extended aircraft flights), the signature of the person receiving the material or services, and the chargeable accounting data. Therefore, it may be submitted by the vendor directly to the payment office designated thereon. The SF 44 shall be certified by a duly appointed authorized certifying officer in accordance with Chapter 33 of this volume. In the case of the fleet aircraft, the designated payment office shall be either the DFAS Norfolk site or DFAS San Diego site, except where the SF 44 is executed OCONUS and is payable in a foreign currency. In these cases, the payment office shall be designated as the U.S. Navy Area Commander or the U.S. Navy Component of the cognizant Combatant Command. In accordance with the option preprinted on Copy 2, Seller's Copy of the order, the seller shall prepare an invoice and use the original of the SF 44 as a supporting document, or the seller shall submit the SF 44 as an invoice.

d. Certificate of Receipt and Inspection at Destination

(1) Ships. Certificates of receipt and acceptance shall be furnished to the appropriate paying office as required by governing contracting regulations.

(2) Duplicate Certificates. When a second certification of the receipt and acceptance is made, it shall be accompanied by a statement notifying the preparing activity of the accomplishment of a previous certification in a separate memorandum or on the second copy of the invoice.

4. Timely Settlement of Dealers Bills

a. Operating Forces. Units of the operating forces shall comply with the requirements of this subparagraph to the greatest extent possible. In the case of ships leaving a foreign port, however, the supply officer shall make every effort to prepare and pay all PVs covering dealer's bills for materials (including ship's store stock) or services from foreign vendors. If payment of the dealers' bills cannot be made to foreign vendors before a ship leaves port, arrangements for payment of the bills shall be made with local U.S. Military or State Department representatives; or in accordance with the governing fleet and area commanders' directive. In the case of ships leaving a U.S. port, the supply officer shall make every effort to have all dealers' bills properly certified and forwarded to the appropriate DFAS site before leaving the port.

b. Precautions Against Duplicate Payments

(1) Naming of Paying Office in Contract or Purchase Orders. All contracting officers are required to insert in every contract and purchase order the name of the disbursing office designated to make payment. Payment shall be made only by the disbursing office specifically authorized by the provisions of the contract or purchase order. In addition, Title 7 of the U.S. General Accounting Office Policy and Procedures Manual for Guidance of Federal Agencies (reference (n)), and the Treasury Financial Manual (reference (m)) require that paying office controls over disbursements include the necessary safeguards to prevent duplicate payments.

(2) Responsibilities of Preparing Officer. It is the responsibility of the preparing officer to check for possible duplications. If duplicate payment does occur, the cause shall be investigated fully and appropriate action taken to avoid recurrence of similar duplications. Every effort shall be taken to recoup the duplicate payment as soon as it is discovered and validated that it actually occurred.

(3) Criteria for Detecting Suspected Duplicate Payments. All invoices shall be checked against the database of prior payments for possible duplication. The following data elements shall be checked as the mandatory criteria for detecting suspected duplicate payments:

- (a) contractor invoice date,
- (b) contractor invoice number,
- (c) invoice gross amount,
- (d) Procurement Instrument Identification Number (PIIN), and

(e) Supplementary Procurement Instrument Identification Number (SPIIN), where applicable. If a suspected duplicate is detected, records of previous payment containing the same identical data elements shall be researched prior to executing payment. Optimally, file data for 12 months shall be researched, but no less than 6 months. Suspected duplicates shall not be paid while research is pending.

5. Other Types of Payments

a. Payments for Travel and/or Official Expenses

(1) Military Personnel. The methods of settlement of government travel and official expenses incident to travel for military personnel are contained in Volume 9 of this Regulation.

(2) Civilian Personnel

Reimbursement shall be made using the SF 1164. If there is entitlement to per diem allowances, travelers shall use the DD Form 1351-2 (Travel Voucher or Subvoucher) to file their claims.

6. Responsibility for Payment of Public Vouchers

(6) Monthly Ration Vouchers

(a) Payment to Navy Mess Treasurer. Each month, the mess treasurer shall submit a list of members subsisted in the mess on a locally prepared form, in triplicate, to the DO. After the action prescribed in DFAS-PPM (reference (av)) has been taken, payment shall be made to the officer or mess treasurer on an SF 1034 supported by the locally prepared form. The DO shall furnish a copy of the paid SF 1034 and a copy of the locally prepared form to the payee.

(b) Officers' Messes Afloat. Payment of commuted rations for enlisted personnel subsisted in officers' messes afloat shall be effected on an SF 1034, supported by a list of the enlisted personnel and the certificate prescribed in subparagraph C.6.a(6)(a), above. In accordance with the Food Service Management Officers' Quarters and Messes Afloat and Chief Petty Officers' Messes Afloat Manual (NAVSUP P-486), Volume II (reference (az)), on a locally prepared form, the mess treasurer shall determine the amount payable by comparing the cost of provisions eaten by the enlisted members to the total value of the commuted rations of the enlisted members. The amount payable shall be lesser of the two amounts. The original of this local form shall support the SF 1034. See Figure NAVY-5.

(c) United States Naval Academy (USNA) and Naval Reserve Officers Training Corps (NROTC) Midshipmen

1. General. In accordance with 10 U.S.C. 2109(b)(3) (reference (b)), the Secretary of the Navy has set the maximum daily rate that a nonappropriated fund (NAF) mess may be reimbursed from appropriated funds for subsisting NROTC midshipmen. This rate shall not exceed the lesser of:

a. cumulative food costs; or

b. within the contiguous United States and the District of Columbia, a cumulative amount not to exceed \$4.50 per meal; or

2. Subsistence in Kind. USNA midshipmen and NROTC midshipmen subsisting in a general mess or hospital mess are entitled to rations in kind at government expense. Charges shall be centrally billed and paid. Those charges applicable to the subsistence of NROTC midshipmen shall be charged to the appropriation Reserve Personnel, Navy. Those charges applicable to the subsistence of USNA midshipmen shall be charged to the appropriation Military Personnel, Navy. In either case, the fiscal year chargeable shall be the year in which the meals were consumed.

3. Reimbursement. Appropriated funds shall be used to reimburse NAF messes for USNA and NROTC midshipmen for the billing period. The billing for USNA midshipmen shall not exceed the lesser of cumulative food costs or a cumulative amount based on the daily rate prescribed in Volume 7A of this Regulation. The billing for all NROTC midshipmen shall not exceed the cost as stated in subparagraph C.6.a.(6)(b), above. An SF 1034 shall be submitted to the DO and shall be substantiated with a listing similar to and containing all the data shown herein.

b. Payment Procedure. DOs shall promptly pay NAF mess bills. Payments shall be made using the SF 1034. Accounting data on the voucher must be shown separately for USNA and in each of the two NROTC categories. Use an attached summary of the accounting data if there is not enough space on the voucher for the required breakdown. DOs shall ensure the use of the proper functional account number (FAN) (as the last five digits of the cost code) when making payments for midshipmen.

- (1) Rewards and expenses for return of absentees and deserters.

(8) Payments for claims for reimbursement of payments made to car rental agencies for the cost of deductible damage to rented vehicles that occurred during the performance of official business shall be made using the DD Form 1351-2 supported by the documentation specified in the Joint Federal Travel Regulations (reference (ay)).

(9) Payment of tuition aid claims of Navy members as provided in Chief of Naval Education and Training Instruction (CNETINST) 1560.3 (reference (ba)).

(10) Payment to civil authorities for the cost of board and care of Navy members.

(11) Expenses in connection with activities of the informational program for foreign military trainees and visitors to the United States as authorized in the current series of Chief of Naval Operations Instruction (OPNAVINST) 4950.1 (reference (bb)) and orientation training tours as defined by DoD 5105.38-M (reference (bc)) shall be reimbursed under the provisions of this paragraph when paid from personal funds of military members or civilian employees. When required and authorized in writing by a commanding officer or his designee authorized to incur obligations for the informational program, the DO may advance amounts required for direct payment by an escort officer in connection with a particular tour, visit, or other business. The DO shall credit the appropriation, including the transaction type code (TTC) "1K" cited when the advance was made, and charge the appropriation data cited in the letter designation. For travel away from escort's duty station, a DD Form 1351-2 shall be used.

(12) Payment of canal tolls by the DO of an individual ship is authorized. In most instances, local area commander's instructions or fleet directives, as in the case of the Suez Canal, take precedence and preclude the DO from making such payments. In these instances, the nearest shore based DO shall make payments. When a ship is required to make payment, it immediately shall be made upon leaving the canal or as soon afterward as the responsible canal commission presents its bill for payment. No payment shall be made by the DO of a ship for passage through the Panama Canal. All toll bills for ships transiting the St. Lawrence Seaway and related canals shall be received by the Commander, Eastern Sea Frontier for processing. The Commander, Eastern Sea Frontier shall forward Canadian dealers' bills for transit and pilotage to the DFAS Charleston site for payment. Bills of U.S. dealers shall be forwarded for payment to the DFAS Norfolk site.

(13) Costs of ship-to-shore telephone service shall be collected from personnel using the service by the communications officer of the ship. The communications officer immediately shall turn over the amounts collected to the DO who shall take up the collection as a credit to Suspense, Navy. When the telephone company bills the ship for this service, settlement shall be made by a U.S. Treasury check payable to the telephone company and issued by the DO using an SF 1034.

(14) Authorized payments for medical and dental care furnished by civilian non-federal sources can be found in the current version of Naval Medical Command Instruction (NAVMEDCOMINST) 6320.1 (reference (bd)). Claims for reimbursement from individuals who have defrayed the expense of authorized care shall be paid using the SF 1164. The SF 1164 shall bear the claimant's signature on the face of the form as well as the certification of the approving authority, and shall be supported by paid itemized invoices. In addition to these payments, local DOs on ships in foreign countries shall make payment for purchases of materials and services procured from foreign vendors. Refer to the Afloat Supply Procedures Manual (NAVSUP P-485) (reference (be)), and local fleet and type commander directives regarding ships making arrangements for payment of dealer's bills prior to leaving a foreign port.

c. Rewards

(1) Notice and Acceptance of Offers of Rewards. Before there can be a valid acceptance of an offer of reward so as to authorize payment of money, there shall be a notice of the offer. The government, as the offerer, announces that a certain individual has absented himself, deserted, escaped, or is missing, or that a boat, aircraft, mine, paravane, torpedo, or any other material is lost and offers a reward for the recovery of the person or thing or for the information leading to such recovery. (15) Return of Absentees

(a) Apprehending Absentees. When authorized by military officials of the Armed Forces, any civil officer having authority to arrest offenders may apprehend an individual absent without leave from the military service of the United States and deliver the individual into custody of military authorities. The receipt of a DD Form 553 (Absentee Wanted by the Armed Forces) or any authorized communication, oral or written, from a military or federal law enforcement official or agency requesting active cooperation in the apprehension or delivery to military control of an absentee or deserter wanted by the Armed Forces shall constitute the basis for a reward.

(b) Payment of Reward. When such a reward has been offered, persons or agency representatives (except employees of the federal government or service members) apprehending or delivering absentees or deserters to military control shall be entitled to a payment of: (1) \$50 for the apprehension and detention until military authorities assume control, or (2) \$75 for the apprehension and delivery to military control.

Payment of the reward shall be made to the person or agency representative actually making the arrest and turnover or delivery to military control. If two or more persons or agencies join in performing these services, payment may be made jointly or severally, but the total payment or payments may not exceed \$50 or \$75, as applicable.

(c) Authorization of Payment. Payment of a reward is authorized whether the absentee or deserter voluntarily surrenders to civil authorities or is apprehended. Payment is not authorized for information merely leading to the apprehension of an absentee or deserter. Rewards may be paid to civil authorities of foreign countries or other foreign nationals who have been authorized to apprehend absentees or deserters if the requirements prescribed herein are complied with, and provided that the commanding officer of the activity to which the absentee or deserter is delivered believes the situation warrants such action. The DO, special disbursing agent, or other agent, as authorized, of the military activity to which an absentee or deserter is first delivered, shall be responsible for payment of the reward.

(d) Statement Specifying Apprehension. The claimant shall present a signed statement specifying that he apprehended (or accepted voluntary surrender of) the absentee or deserter and that he either detained the absentee or deserter until military authorities assumed control or that he delivered the individual to military control. This statement shall be supported by a copy of a DD Form 553 or other form of notification that an individual is absent and that his return to military control is desired. If oral notification was made in lieu of written notification, the claimant shall so certify and provide the date of notification and the name, rank or rate, title, and organization of the person who made the authorization notice of reward. The payment shall be charged to the accounting data specified in subparagraph C.6.c.(15)(f), below, and the voucher shall include the absentee's or deserter's name and branch of service. When paid in cash, the claimant's receipt shall be taken on his original statement. Payments may be consolidated periodically on SF 1129 (Reimbursement Voucher) or may be vouchered on an individual SF 1034.

(e) Reimbursement for Actual Expenses. When no reward has been offered or when conditions for payment of a reward otherwise cannot be met, reimbursement, not to exceed \$75, may be made to any person or agency for actual expenses incurred in the apprehension, detention, or delivery to military control of an absentee or deserter. If two or more persons or agencies join in performing these services, payment may be made jointly or severally, but the total payment or payments may not exceed \$75. Reimbursement may not be made for the same apprehension and detention or delivery for which a reward has been paid. Actual expenses for which reimbursement may be made shall include:

1. transportation costs, including mileage at the rate of \$0.25 per mile for travel by privately owned vehicle, for a round trip from either the place of apprehension or civil police headquarters to place of return to military control.

2. meals furnished the member for which the cost was assumed by the apprehending person or agency representative.

3. telephone or telegraph communication costs; damage to property of the apprehending person or agency if caused directly by the member during the apprehension, detention, or delivery; and such other reasonable and necessary expenses incurred in actual apprehension, detention, or delivery as may be considered justifiable and reimbursable by the commanding officer.

(f) Non-Reimbursable Expenses. Reimbursement shall not be made for:

1. lodging at non-military confinement facilities

2. transportation performed by the use of official federal, state, county, or municipal vehicles

3. personal services of the apprehending, detaining or delivering person or agency.

Payment of actual expenses shall be made in accordance with the payment procedures in this paragraph except that an itemized statement of costs approved by the commanding officer is required and notice on DD Form 553 or other form is not required.

(g) Reimbursement for Subsistence Furnished. Civil authorities may be reimbursed for the cost of subsistence furnished Navy and Marine Corps members placed in custody for safekeeping at the request of military authorities. Such reimbursement shall be in addition to rewards and reimbursement for actual expenses. Payment of subsistence shall be made in accordance with the procedures for payment of other actual

expenses except that an itemized statement of charges approved by the officer who directed the confinement is required. Notice on DD Form 553 or other form is not required.

(h) Transportation Costs. Costs associated with an absentee's or deserter's own transportation shall be charged to the pay account of the individual member as prescribed in Volume 9 of this Regulation. When a guard is required to apprehend and escort absentees or deserters from more than one Military Service, the cost of the guard's travel shall be charged to the Service of which the guard is a member when returning absentees and deserters to military control. Cost of travel for guards accompanying the absentee or deserter being returned to the parent Service shall be charged to the Military Personnel appropriation of the Service to which the absentee or deserter is accountable.

(i) Accounting Data. Payments for rewards, actual expenses, and for subsistence cost shall be charged to the accounting data listed below, as appropriate.

d. Incentive Awards

(1) Administrative Regulations. Regulations governing the granting of cash awards to military personnel are contained in the current edition of Secretary of the Navy Instruction (SECNAVINST) 5305.2 (reference (bf)).

(2) Payment Procedure For Cash Awards-Military Personnel

(a) Cash award payments are subject to the withholding provisions of the federal income tax law but, in the case of military personnel, are not subject to the provisions of the Federal Insurance Contributions Act (FICA) of August 16, 1954, as amended (26 U.S.C. 3101) (reference (bg)). Income tax shall be withheld at the rate of 28 percent. Cash award payments shall be made by the disbursing office holding the pay account of the member. If the member no longer is on active duty at the time that the award has been approved, payment shall be made by the DFAS Cleveland site. Upon receipt of the original and one copy (two copies in the case of associate DOs) of the letter approving the award and designating applicable accounting data, payment shall be made on an SF 1034. The payment shall be identified on the voucher as "beneficial suggestion per attached letter of award." The original letter of award and the original SF 1034 shall be filed with the financial returns. Copies of the letter of award and SF 1034 shall be filed in the DO's retained files or sent to the financial information processing center as appropriate. The voucher shall show the amount of the award, the amount deducted for federal income tax withholdings, and the amount due the payee.

(b) Payment may be made by cash or check. DOs shall make payment of the withheld tax in the same manner as other withheld taxes. Checks shall be drawn

in favor of the Federal Reserve Bank (FRB) or branch and shall be deposited with other checks due the Internal Revenue Service (IRS).

(c) DOs that do not have an employer identification number (EIN) shall forward copy A of the IRS Form W-2, Wage and Tax Statement, together with the check drawn to the FRB of Cleveland and a copy of the SF 1034, to the DFAS Cleveland site. An IRS Form W-2 shall be prepared for each incentive award payment. The payee's copies shall be delivered to the payee with the payment and advice that he or she retain the IRS Form W-2 for filing annual income tax returns. The IRS copy of the IRS Form W-2 shall be attached to a copy of the SF 1034 submitted with the financial returns. Additional copies of the IRS Form W-2 shall be distributed as indicated on the W-2 Form.

e. Prohibited Payments. The following types of payments cannot be made by tactical DOs:

(1) Payments to vendors located in the United States shall be made by the appropriate DFAS location.

(2) Payment for deliveries to ships shall be made by the DFAS location serving the area in which the billing office is located.

(3) Vouchers for disbursement and/or collection using SF 1034 or DD Form 1131 involving pay and allowances shall be paid by the DFAS Cleveland site.

(4) The DO of the DFAS Norfolk site is designated to pay all claims of Navy personnel for reimbursement of costs of shipment of household goods under permanent change-of-station orders, shipments authorized under temporary additional duty orders, and local movement of household goods in connection with assignment to or vacating government quarters when directed by competent authority due to the quarters becoming uninhabitable.

(5) Claims of military members for personal property loss or damage shall be paid by the financial information processing center of the DO or of other shore activities providing disbursing service for claims adjudicating authorities.

f. Ships Without a Disbursing Officer in Foreign Countries. If a ship is operating without a DO, arrangements shall be made for payment by the nearest DoD or U.S. DO. If such arrangements cannot be made, the dealer's bill shall be forwarded to the financial information processing center most convenient to the ship or shore activity except that all such Canadian dealer's bills shall be forwarded for payment to the DFAS Charleston site.

7. Payment and Payment Restrictions

a. Items to be Verified. The certifying officer is responsible for verifying the legality and propriety of the payment to be made and is required to establish that:

(1) Payment is made only by the designated paying office and the payment previously has not been made

(2) Purchase was made in accordance with pertinent laws, regulations, and directives

(3) Materials or services were received and accepted or performance was completed

(4) Extensions and totals are correct

(5) Required supporting documents are present

(5) Accounting data are complete and correct.

b. Method of Payment

(1) Within the United States and its Possessions. Within the United States and its possessions, vouchers covering dealers' bills shall be paid by electronic funds transfer (EFT). Other types of vouchers likewise shall be paid by EFT. NOTE: All payments shall be by EFT no later than January 1, 1999; U.S. Treasury check payments were permissible prior to that date. All remittances by mail shall be by check. Any number of vouchers to the same payee may be paid by a single EFT transmission or U.S. Treasury check.

(2) Canadian Dealers' Bills

Ships. In the event a Canadian dealer's invoice cannot be obtained and paid prior to departure and payment arrangements as prescribed in paragraph 4336 of the Afloat Supply Procedures Manual (NAVSUP P-485) (reference (be)) have not been made, action shall be taken as prescribed in subparagraphs C.7.b.(2)(a) or C.7.b.(2)(b), below, when the invoice is received.

(a) If the invoice is expressed in U.S. dollars, then forward the invoice and supporting documents to the DFAS Norfolk site or DFAS San Diego site, as appropriate, for payment; or

(b) If the invoice is expressed in Canadian dollars, then forward the invoice and supporting documents to the DFAS Charleston site for payment.

(3) Outside the United States

(a) Foreign Currency Controls. Payments to vendors in a foreign country shall be made in a currency authorized by local foreign currency control laws or regulations. Department of State officials located in the area shall be contacted for guidance and information on currency controls in effect. If there is no Department of State official in the area, the DO shall ascertain and comply fully with local foreign currency controls.

(b) Currency Used. Payment to a vendor in a foreign country shall be made by U.S. Treasury check or U.S. currency when:

1. the payment in U.S. currency is required by the purchase documents; or

2. the foreign currency billed is not available to the DO serving the activity billed or to another overseas military DO, unless the foreign currency is listed as excess or near-excess in Chapter 12 of this volume. When the bill is stated in foreign currency and payment is made in U.S. currency or by U.S. Treasury check, the rate of exchange current at the time of payment shall be used. If the foreign currency billed is listed in excess or near-excess and such currency is not available to the DO serving the shore activity billed, the bill shall be forwarded for payment to a U.S. military DO having access to the currency involved, or if none, to the DFAS Charleston site.

c. Entries Made by the Paying Officer

(1) Payment Data. The paying officer shall enter the following data in the upper right payment block on the face of the public voucher. The required data shall be legible on all copies of the voucher.

(a) The word "Paid" (not required on vouchers bearing the preprinted word "Paid" in the space provided for payment data).

(b) The unit identification code (UIC) and the name of ship to which the DO is assigned.

(c) The business day (date).

(d) The disbursing station symbol number (DSSN) of the disbursing office.

(2) Lower Payment Data Lines

(a) Cash Payments. If either partial or full payment is made in cash, the amount and date of payment, and the name of the payee shall be shown on the designated line on the original and all copies of the public voucher. At the time of actual

payment, the signature of the payee shall be obtained on the original of the public voucher unless his or her signature, acknowledging receipt of the payment, already appears on a sundry voucher supporting the public voucher, for example, when the SF 1164 is used as a sundry voucher.

(b) Check Payments. If full payment is made by a single check drawn to the order of the payee shown in the heading of the public voucher, it is sufficient to insert the serial number of the check on the original public voucher only. The date and amount need not be shown. The serial number of the check may be inserted on the public voucher by typewriter, autographically, or by numbering machine.

D. Afloat Foreign Currency Transactions

1. Procurement. Afloat DOs shall comply with the following procedures in connection with obtaining foreign currency for visits to foreign ports.

a. Purchase from Government Sources

(1) DOs of ships arriving in an operational area may request, via official communication channels, excess foreign currency from the DOs of ships leaving the area.

(2) DOs in units within the same operational area, shall advise other fleet units of their requirement, in case an excess of foreign currency exists.

(3) Ships within the group also may be assigned as the foreign currency coordinator.

(4) Department of Defense DOs of shore commands, within the operational area, also may be able to provide the type of currency required.

(5) American Embassies or Legations also may be able to provide needed foreign currency.

b. Purchase from DoD Contract Military Banking Facility (MBF) and Commercial Sources. Currency can be obtained from MBFs. Commercial foreign banking facilities may be used when MBFs and other government sources are not available. See Chapter 13 of this volume.

2. Disposition. Afloat DOs shall comply with the following procedures in connection with disposition of foreign currency, prior to leaving the foreign port or operational area.

a. Sale to Authorized Personnel

(1) Navy DOs assigned to afloat units are authorized to provide accommodation exchange sales to assigned personnel without prior approval.

(2) Sales of the currency shall not be made at a rate that results in a loss by exchange. Sales shall be made at rates as near as possible to that at which the currency is carried without causing a loss or requiring the holding of currency in units of insignificant value.

(3) Gains or losses resulting from sales or revaluation shall be vouchered as gains or losses by revaluation. See Figures NAVY-6 through NAVY-9.

(4) A daily DD Form 2664 (Currency Exchange Record) shall be maintained for each sale.

(5) Repurchase of foreign currency is authorized provided:

(a) The DO shall be able to dispose of the currency prior to departing the operational area

(b) The DO maintains a DD Form 2664 to reflect the amount and source of funds

(c) The repurchase from the authorized individual is not for an amount greater than the last purchase

(d) The authorized individual or unit is departing the area.

b. Priority for Disposal of Foreign Currency. DOs shall attempt to dispose of the foreign currency in the following order:

(1) Sales to other DoD DOs (i.e., ships arriving in the operational area, afloat foreign currency coordinator or DoD shore activities)

(2) Sales to a DoD-contracted MBF

(3) Sales to commercial sources (i.e., foreign banks)

(4) Deposits to the Federal Reserve Bank of New York, by shipment, if all other methods are determined to be impractical to avoid loss through the exchange rates.

### 3. Miscellaneous Procedures Affecting Foreign Currency

a. Protection of Foreign Currency in Transit in Foreign Countries. Provide the same security as for U.S. currency; however, consideration of host country laws pertaining to carrying weapons shall be taken into account. Contact the American Embassy or Legation for guidance on host country requirements.

b. Foreign Coin. Although acquiring foreign coin is discouraged, afloat DOs may find that some coin is required when paying local vendors in foreign currency. Crew members shall be advised that the DO is unable to repurchase foreign coins in their possession.

c. DD Form 2663 (Foreign Currency Control Record). This form is required to be maintained for each foreign currency used.

d. DD Form 2664 (Currency Exchange Record). This form is required when accommodation exchanges are made to crew members. In addition, afloat DOs shall ensure that any authorized individual requesting repurchase is not converting an amount greater than he or she last purchased as recorded on the DD Form 2664.

e. Quarterly Foreign Currency Reports. A series of quarterly reports are required at the end of each quarter (see sample report in Figure NAVY-10). A negative report is not required.

#### E. Miscellaneous Disbursing Officer Accountability Procedures

Purpose. This section highlights the unique procedures in maintaining accountability relative to afloat DOs.

1. Appointment and Acceptance of a Deputy Position. Deputy DOs are appointed by the DO with a formal letter of appointment addressed to the individual. The letter shall state the specific duties authorized to be performed by the deputy. The letter shall be signed both by the DO and by the deputy who acknowledges that "I agree to hold myself accountable to the United States for all public funds received." See Chapter 2 of this volume.

2. Common Daily Transactions. Figures NAVY-11 through NAVY-14 are offered to illustrate entries on the DD Form 2657 (Daily Statement of Accountability). These are the most common transactions that float DOs perform in connection with check cashing and ship's store collections.

3. Safeguarding Funds and Related Documents. When DO, deputies, agents and cashiers aboard tactical units and Navy vessels have custody of government funds, each person shall be supplied with a separate secure container assigned exclusively for his or her use. The combination of the safe or container shall be known only to the DO, deputy, agent or cashier and shall not be divulged orally or in writing to any other individual. See Chapter 3 of this volume.

#### 4. Detailed Analysis of Cash and Other Assets

a. General. In order to provide the supporting DFAS site with an accurate picture of the status of the DO's assets, all tactical units and Navy vessels shall prepare a Detailed Analysis of Cash and Other Assets in support of Section I, Parts B and C of the SF 1219 (Statement of Accountability). This information enables the individual assigned to examine the

financial returns and the disbursing settlement clerk in determining if cash holdings are within authorized limits, whether deposits are being made on a timely basis, and whether aggressive action is being taken to clear non-cash items.

b. Heading. The page shall be headed by the name of the ship or shore activity to which the DO is assigned, followed by the title "Detailed Analysis of Cash and Other Assets." Following the title shall be the name of the DO, DSSN, and the month and year of the corresponding SF 1219. If the period covered by the financial returns is other than a full month, the beginning and ending dates shall be cited.

c. Cash Authorized to be Held at Personal Risk. State the total amount of cash authorized to be held by the DO at personal risk, the title of the approving authority, and the date of the approval letter. This amount includes cash held by deputies, agents, and cashiers in the main disbursing office. Therefore, a breakdown of authorized levels by main office deputies and agents is not necessary.

d. Analysis of Incumbent Officer's Accountability. Each group of cash and other asset items shall be identified by the applicable line number in Section I, Part B of the SF 1219. If the amount on any particular line is zero, then the line number may be omitted.

(1) Line 6.1. List the total U.S. dollar equivalent of cash on deposit in designated depositories. No further subdivision is required.

(2) Line 6.2. List the total amount of cash held as defined for line 6.2 of the SF 1219. If holdings are entirely in U.S. currency, no further breakdown is required. If foreign currency is included, then state the name and country of origin of each currency, the U.S. dollar equivalent for each currency, and the total U.S. dollar equivalent for all currency held. The sum of lines 6.1 and 6.2 shall not exceed amounts authorized to be held at personal risk. If multiple currencies are held and there is insufficient space to enter all required data on the Standard Form 1219 a subsidiary schedule shall be prepared.

(3) Line 6.3. List the total dollar amount of undeposited collections and the total number of instruments on hand for each of the following categories: U.S. Treasury checks, personal checks, and all other negotiable instruments. For each of the latter two categories, state the date of the oldest instrument on hand.

(4) Line 6.4. Leave blank.

(5) Line 6.5. Cash held by accountable persons outside the main office shall be subdivided into three major categories and described as follows:

(a) Deputies, Agents and Cashiers at Branch Offices. List each accountable position number, the amount authorized to be held at personal risk, the title of the authorizing official, the date of the authorization, and the amount actually held as included on the SF 1219. The last figure shall also be totaled. If the advance is in foreign currency, the name and country of origin and the U.S. dollar equivalent shall be listed.

(b) Deputies, Agents and Cashiers under Other Commands. Specify the same information as required above for deputies, agents and cashiers at branch offices.

(6) Line 6.6. Leave blank.

(7) Line 6.7. List each individual item included on the SF 1219 as funds in transit. For an exchange-for-cash check, list the check number, the amount, date of mailing, and the organization to which the check was mailed. For all counterfeit or altered currency, list the denomination and the date the request for removal of the deficiency was forwarded.

(8) Line 6.8. List the total amount of funds held for regular payrolls by the DO and deputies, agents and cashiers located in the main disbursing office. A subdivision for each accountable officer or agent is not necessary. Identify any foreign currency by name of the currency, country of origin, and U.S. dollar equivalent. Also state the most distant payday for which the funds are being held. Shore based disbursing offices shall specify whether the funds are being held for military or civilian payroll, and if both, separate amounts for each type of payroll shall be listed.

(9) Line 6.9. Identify each other cash item, including a brief description of action being taken to effect clearance of the item.

(10) Line 7.1. List each deferred charge by type (e.g., travel advances, civilian payroll, military payroll) and by amount. If an entire payroll is deferred, list the payroll number rather than the individual payees.

(11) Line 7.2. List each check issue overdraft receivable by check number, date of check, payee, and amount. Briefly describe action being taken to effect clearance.

(12) Line 7.3. List each loss of funds by name and position of the accountable officer or agent and the amount. In addition, for cash deposits that have been determined to be lost in transit, include the deposit number and date presented or mailed. For all items listed, include the date the loss was reported and a brief description of action being taken to clear the deficit.

(13) Line 7.4. List each dishonored check by debtor's name, date and number of the applicable debit voucher, and amount. Also, list each deposit which was composed of only checks and money orders and determined to be lost in transit by deposit ticket number, date presented or mailed, and amount. Include a brief description of action being taken to clear the deficit for each item listed.

(14) Line 7.5. Since a subdivision of advance payments is contained in a separate report, no further subdivision is required.

(15) Line 7.9. Identify any other non-cash item, including a brief description of the action being taken to effect clearance of the item.

e. Analysis of Predecessor Officer's Accountability. DOs at shore-based activities performing settlement duties on the accounts of previous DOs of that activity shall report items included in Section I, Part C of the SF 1219. If no entries are made in Section I, Part C, this portion of the analysis may be omitted.

★F. Unannounced Disbursing Examinations

1. Purpose. This section states policy, under the Navy Administrative Examination Program, governing the performance of annual, on-site, unannounced disbursing examinations, to include military pay accounts at all Navy activities, afloat and ashore.

2. Administrative Examination. Administrative examination of the financial transactions of the Navy is required by law. In this regard, the General Accounting Office (GAO) has reemphasized the responsibilities of each agency for conducting examinations, independent of the accountable officers, to assure that:

a. Adequate administrative procedures are being followed systematically to examine disbursement and collection transactions. These procedures shall be followed in order to verify their legality, propriety, and correctness of transactions at the point in time when needed preventive or corrective action most effectively can be taken.

b. Reconciliation of accountable officers' accounts with agency accounting records prior to the time the accounts are made available to GAO audit.

3. On-Site Examinations

a. The on-site examination function performs a vital role within the administrative examination program. Under the on-site examination program, representatives of designated examining activities are required to perform Navy-wide, unannounced examinations of disbursing operations for ships and Navy shore activities which maintain Navy military pay accounts. Specifically, the disbursing examinations are designed to:

(1) Uncover errors of omission and commission within a minimum period after occurrence

(2) Initiate corrective action with the least possible delay

(3) Offer recommendations for strengthened controls to prevent reoccurrence

(4) Determine whether financial returns were accurate and reflected the current status of the DO’s accountability

(5) Offer guidance and assistance to DOs in the proper interpretation and application of governing regulations.

b. Reports, issued as the result of the disbursing examinations, are a prime source of information to the Assistant Secretary of the Navy (Financial Management and Comptroller) on Navy-wide system performance and the adequacy of governing regulations. Such disbursing examinations shall be conducted in accordance with the guidelines provided in SECNAVINST 7520.3A (reference (bs)).

4. Examination Policy. Under the on-site examination program, unannounced examinations of disbursing operations shall be conducted in all ships and Navy activities maintaining Navy military pay accounts every 18 months. During the course of such examinations, all records (including service records, personal financial records, and logs and files containing evidential matter for sound evaluation of disbursing functions and performance) shall be made available to the examiners.

5. Responsibilities for Examinations. Responsibility for unannounced disbursing examination is assigned as follows:

a. The Assistant Secretary of the Navy (Financial Management and Comptroller) is responsible for administration of the Navy Administrative Examination Program, including the development and promulgation of Navy-wide technical procedural instructions for the guidance and compliance of on-site examination staffs.

b. If ashore, examinations of disbursing operations of all ships and Navy activities maintaining Navy military pay accounts shall be conducted by on-site team representatives of examining activities and within PSA network/geographic regions of responsibility as follows:

<u>Military Pay and Personnel Field Examination Group</u>	<u>*PSA Network/Geographic Region of Responsibility</u>
Commander-in-Chief U.S. Atlantic Fleet, Norfolk	Jacksonville Great Lakes Norfolk Europe Middle East
Commander-in-Chief U.S. Pacific Fleet	Far East West

\* Includes those Navy shore activities maintaining Navy military pay accounts that currently are not within the Pay/Personnel Administrative Support System (PASS) network.

c. Examinations Performed While Afloat. Examinations of disbursing operations of ships normally shall be conducted by the examining activity serving the geographical area in which the home port of the ship is located.

d. Scheduling of Disbursing Examination Visits. Operational data necessary to permit scheduling of visits in ships shall be made available to the examining activity, consistent with security requirements, by the cognizant type commanders. In order to maintain the surprise aspects of the disbursing examinations, however, commanding officers of the ships and shore activities to be visited shall not be notified in advance. Upon arrival at the ship or shore activity, a suitable letter of introduction shall be delivered to the commanding officer explaining the purpose of the unannounced visit.

e. Review of Unexamined Personal Financial Records (PFRs), Leave and Earning Statements, (LESSs) and Travel Vouchers. Sampling techniques are used in the examination of PFRs, LESSs, and travel vouchers. To ensure that remaining errors of the types detected during the disbursing examination are also corrected, disbursing office personnel shall be required to review all PFRs, LESSs, and travel vouchers which were not included in the examination sample. The examination report and error notices shall serve to direct attention to the areas to be reviewed.

f. Training and Assistance. Wherever the need is identified as a result of the disbursing examination, the on-site examination representative shall provide adequate training or assistance, as needed, to ensure proper interpretation and application of governing regulations by responsible disbursing personnel office individuals involved.

#### G. Suspense Accounts

★ 1. General. Reports of the status of suspense accounts shall be made by DOs prior to the 15th calendar day of the month following the end of each quarter. Separate reports shall be made for Budget Clearing Account, 17F3875, and Suspense, Navy, 17X6500.1220. Each report shall identify the DSSN and the following:

- a. The balance in the suspense account at beginning of the quarter
- b. The net amount of collections and transfers during the quarter with subtotals for each month of the quarter
- c. The total disbursements during the quarter with subtotals for each month of the quarter
- d. The balance in the suspense account at end of the quarter.

The ending balance shall be checked to ensure agreement with the balance of the control ledger and with the total of the appropriate documents or records. Any discrepancies shall be investigated and corrected prior to submission of the report, if practicable. If the correction requires a current transaction or if the investigation is not completed, the report shall be so annotated. The report shall be certified as follows:

“I certify that the balance reported herein is in agreement with records maintained.”

When necessary, and in the event local efforts have been unsuccessful, DOs shall request assistance from their respective support offices or commands on uncleared items remaining in a suspense account in excess of three months. Deposits on contracts may remain in a suspense account until completion of the contract.

★ 2. Budget Clearing Account, 17F3875, and Suspense, Navy, 17X6500.1220. All Navy DOs shall forward separate quarterly reports for suspense accounts 17F3875 and 17X6500.1220 to the supporting DFAS site. The balance reported by each disbursing office for each account shall be recorded by the DFAS site in a column to the right of the applicable balance on each of the summary reports prepared in accordance with current machine procedures. The amount of any difference between the two balances shall be entered in an additional column to the right. A credit (CR) difference shall indicate that the DO's balance is less than the summarized balance. A notation shall be made on the summary report that differences shall be investigated and clearance action initiated. The DFAS location shall submit the original summary reports to the DFAS Cleveland site on or before the 15th calendar day of the second month following the end of the quarter. Quarterly reports received from DOs shall be retained together with a copy of the summary reports and copies of correspondence initiated to eliminate differences between the records at the DFAS site and DO reports.

★H. Navy Postal Funds

1. Overview. Regulations and instructions concerning operation of the Military Postal Service within the Navy, including procedures for custody and handling of postage stamp stock and funds, conduct of postal money order service, the control, issuance and use of postage meters and remittance of funds, and the audit and inspection of Navy and Marine Corps post offices are set forth in the current issuance DoD 4525.6-M, Volume I (reference (bh)) enclosed in Chief of Naval Operations Instruction (OPNAVINST) 5112.4B, and OPNAVINST 5112.6C (reference (bi)). In accordance with these references, money order auditing officers and reserve custodians shall be designated in writing by the commanding officer. These duties normally are assigned to the disbursing officer unless personnel of the postal clerk (PC) rating, E-7 or above, are attached. The procedures in this chapter are only for afloat commands with a fixed credit account and are supplied to clarify the provisions of DoD 4525.6-M and OPNAVINST 5112.6, which take precedence over this information.

## 2. Money Order Service

Custody and Control. The reserve custodian shall maintain custody of blank money order forms and comply with the instructions in DoD 4525.6-M (Single Manager for Military Postal Service) (reference (bh)) and OPNAVINST 5112.6 (reference (bi)) regarding custody, control and distribution of money order forms. Blank money order forms shall be stored in a three-position combination safe or equivalent secure storage to which the reserve custodian has exclusive access. A DD Form 885 (Money Order Control Record), see Figure NAVY-16, shall be maintained for all blank money order forms that are:

- a. Received from the Postmaster, New York, Postal Finance Office (PFO) San Diego, or other source
- b. Issued to a money order clerk
- c. Returned unused by the money order clerk
- d. Remaining as a balance on hand
- e. Issued between money order clerks for same day business.

Sufficient blank money order forms shall be issued to the money order clerk each day for the anticipated business requirements of that day. The money order clerk at the close of each business day shall return unused blank money order forms to the reserve custodian along with the daily report of money order business. The exchange of blank money order forms between reserve custodians and money order clerks shall be recorded and signed for in DD Form 885. The reserve custodian and money order clerk(s) shall maintain separate DD Forms 885 for control and accountability purposes.

3. Money Order Funds. At the end of each day, money order clerks shall sign over to the disbursing officer all funds derived from the sale of money orders that day. The disbursing officer in the presence of the money order clerk shall count the funds. Regardless of the dollar amount of money order sales the disbursing officer shall issue an exchange-for-cash remittance check payable to the Disbursing Officer, U.S. Postal Service, for transmission with the daily report of money order business. Cash from money order sales shall be receipted for by the disbursing officer on the PS Form 1096 (Cash Receipt). This form shall be completed in duplicate; the original is given to the money order clerk and a copy maintained by the disbursing officer.

## 4. Audit of Money Order Business

a. An audit and verification of money order business is required to be conducted at the close of money order business each day. The designated auditor of daily money order reports shall conduct the audit.

b. Frequency. At the close of money order business each day, the money order clerk is responsible for preparing the PS Form 6019 (Military Post Office (MPO) Report of Money Order Business), and submitting it to the designated officer for audit and verification. See Figure NAVY-17. The postal officer immediately shall notify the commanding officer if the money order clerk does not make a satisfactory accounting for money order funds and forms at the close of business each day.

c. Audit Procedures. Designated money order auditing officers shall ensure their audits are in compliance with the requirements and procedures regarding money order service set forth in the current editions of DoD 4525.6-M (reference (bh)) and OPNAVINST 5112.6 (reference (bi)). Follow the steps below to conduct the daily audit of money order business.

(1) Check the date and heading on the PS Form 6019 for accuracy of preparation. If no business was conducted for certain days, the dates shall be provided in the appropriate heading of the PS Form 6019.

(2) Check to ensure the correct money order (MO) identification number is entered on the report form.

(3) Verify that the serial number of the first money order used is the next succeeding serial number after the last money order used the preceding business day. This is one of the most important steps in preventing theft.

(4) Verify that the first serial number of the unused money order forms is the next succeeding serial number after the last one used that day.

(5) Ensure that all unused money order forms are accounted for and returned to the reserve custodian.

(6) Ensure all used and spoiled money orders are accounted for by examining the money order post office vouchers in numerical sequence.

(7) Verify the No. Used, No. Spoiled, and No Issued entries in Section I, Money Orders Issued to make sure they are correct.

(8) Prepare an adding machine tape of all money order vouchers sold to verify the grand total money order amount and fees entered in Section I are correct.

(9) Check the adding machine tape of money orders issued and fees prepared by the money order clerk for submission with the original report to ensure that it has been prepared correctly and signed by the money order clerk. Ensure the money order clerk has properly identified on the adding machine tape all the different sections of the report that are being reported.

(10) Examine the paid money orders to verify correctness of serial numbers and amounts shown in Section II, under Paid Money Orders. Prepare an adding machine tape from the paid money orders to verify the total of paid money orders listed in Section II is correct.

(11) Examine the reverse side of the paid money orders to confirm that each paid money order is signed by the proper payee, purchaser, or endorsee and that the money order clerk has applied the all-purpose dating stamp and his/her initials below the endorsement.

(12) Verify the entries in Section II, Checks to ensure that U.S. Treasury checks (including the exchange-for-cash remittance check) are properly identified by serial number, symbol number, and dollar amount. Prepare an adding machine tape from the checks to verify the total shown in Section II, Total Checks.

(13) Verify that the totals in Section I and II are properly carried forward to the appropriate items of Section III.

(14) The check entries in Section III, Items 6 and 12, Shortage Correction and Overage Correction with PS Form 1908 (Financial Adjustment Memorandum), if any.

(15) If an excess or shortage of money order funds exists, verify that it is handled properly in accordance with Department of Defense 4525.6-M, Single Manager for Military Postal Service (reference (bh)).

(16) Verify that when excess funds have been remitted, the remittance is reported by an entry in Section III, Item 4. The clerk shall annotate the words, "See remarks in Item 4," and explain in the remarks section the reason for the overage.

(17) Prepare an adding machine tape to verify the Total Debit and the Total Credit (Items 7 and 14 of Section III), and make sure the figures are the same.

(18) Prepare one adding machine tape showing each section of the report. Verify the accuracy of the tape, then sign the tape and attach it to the auditing officer's retained copy of the report.

(19) When two or more money order clerks issue money orders on the same day, verify the name of clerk(s) who did not prepare the report are listed in the remarks section.

(20) Ensure the original and all copies of the report have been signed by the money order clerk and stamped with the post office all-purpose dating stamp.

(21) After completion of the audit and determination that the report is correct, sign the original and all copies of the PS Form 6019 as the designated officer.

d. Disposition of PS Form 6019. The original PS Form 6019 accompanied by paid money orders, remittance checks, spoiled money orders, post office vouchers for money orders issued with the money order clerk's adding machine tape, and additional supporting documents, when required, shall be returned to the money order clerk to be forwarded, via Registered Mail to Accounting Service, Military Control Desk, 421 8th Ave, Room 3110, New York, NY 10199-9511 for East Coast commands, and to the Postal Finance Office, 4070 Surface Navy Blvd, San Diego, CA 92136-5287 for West Coast commands. One signed copy of the PS Form 6019 with a copy of the U.S. Treasury check remittance shall be retained by the money order clerk, and one signed copy shall be retained by the auditing officer with the signed adding machine tape prepared by the auditing officer. The auditing officer's file shall be maintained in chronological order with each calendar day, including an accounted for Saturdays, Sundays, and holidays. Money order records shall be retained in accordance with DoD 4525.6-M, Single Manager for Military Postal Service (reference (bh)).

e. No Business Reports. A PS Form 6019 "NO BUSINESS" report shall be combined with a business report, when appropriate, covering preceding days on which no business was conducted. An entry shall be made in the block No Business was Conducted to account for the entire period money orders were not sold.

## 5. Postage Stamp Stock And Funds

a. Duties. The requirements and procedures in DoD 4525.6-M (reference (bh)) shall be followed in the custody and handling of postage stamps and funds. The designated reserve custodian shall maintain custody of that portion of the postage stamps and funds that are in excess of the amount authorized to be in the custody of the custodian of postal effects (COPE). At a small command the COPE is normally authorized to keep \$1,000.00 of the command's fixed credit in the post office. The remainder of the command's fixed credit account shall be received and handled as a safekeeping deposit from the COPE, except that the safekeeping deposit shall be identified as postage stamp fund rather than in the name of the COPE. The COPE shall maintain a record of all stamp stock received, issued, and balance on hand. The PS Form 3295 (Daily Record of Stamps, Stamped Paper and Nonpostal Stamps on Hand), Figure NAVY-18, is used for this purpose. The reserve custodian shall maintain a duplicate of the PS Form 3295.

### b. Stamp Replenishment

(1) Requisitions from COPE. The COPE is required to replenish his or her portion of the stamp stock used for daily sales when 25 percent of this working stock is in cash or at least weekly. The PS Form 17 (Stamp Requisition) shall be used for this purpose. The COPE prepares the PS Form 17 in an original and one copy, and hand-carries the requisition to the reserve custodian with cash or no-fee money orders from stamp sales. The reserve custodian issues stamp stock in the denominations shown on the PS Form 17 and keeps the original form. Both the COPE and the reserve custodian are required to sign the PS Form 17. The completed copy is maintained by the COPE for post office files.

(2) Requisitions to Postmaster, New York or PFO San Diego. When replenishment of stamp stock is required, postage stamp funds shall be converted to an exchange-for-cash remittance check payable to the appropriate accountable postmaster; Postmaster, New York for East Coast units, and Postmaster, San Francisco for West Coast units. Requisitions are prepared and submitted on the PS Form 17, Stamp Requisition, which is prepared in quadruplicate. The original and duplicate copy, together with the remittance check are forwarded by First-Class Mail to the Military Control Desk, General Accounting Office at New York for East Coast units, to the Postal Finance Office (PFO), San Diego for West Coast units, or to other PFO locations mobile units order from when on deployment. For East Coast units ordering from Postmaster, New York, one additional copy of the PS Form 17 is required and shall be forwarded by First Class Mail to the Military Auditing Unit, New York, NY. A signed copy of the PS Form 17 is retained by the reserve custodian with the postage stamp fund safekeeping deposit. The COPE shall also maintain a copy of the PS Form 17. Upon receipt and verification of the stamp stock requisitioned, the accompanying duplicate copy of the PS Form 17 is retained by the COPE in post office files and the suspense copies originally retained by the reserve custodian and COPE should be destroyed. Postage stamp funds shall not be commingled with any other safekeeping deposit or other funds, including money order funds. New safekeeping receipts, PS Forms 3369, are required to be issued only when there is a change in the amount of the fund or a change of either the COPE or reserve custodian. Stamp requisitions shall be submitted monthly before cash on hand reaches 25 percent of the command's fixed credit.

6. MPO Postage Meters Custody and Control. At activities where postage meters are used, the COPE is responsible for the meter, meter setting keys, meter tools, operating lever keys, manufacturer's meter seals and sealing presses. Detailed procedures regarding custody and control of postage meters are contained in DoD 4525.6-M, Single Manager for Military Postal Service (reference (bh)). When not in use, meter heads, keys, seals, and meter tools shall be stored in a three-position combination safe or equivalent secure storage to which the COPE has exclusive access. At activities where there is only a COPE, the COPE is still responsible for all metering equipment. However, the duplicate meter operating key, meter setting keys, meter tools, keys, manufacturer's meter seals and sealing presses shall be in the custody of the reserve custodian.

7. Postage Meter Reports. At the close of each business day, PS Form 3602-PO, Report of Meter Setting, shall be prepared by the COPE to report meter sales to the appropriate accountable postmaster, record daily meter register readings, and report postage meter settings. Reports shall be submitted to Postmaster New York or Postal Finance Office, San Diego, as applicable, by First Class Mail. One check may be prepared for up to five days of business; however, separate PS Forms 3602-PO shall be prepared for each business day. Ensure the check has the all-purpose dating stamp impression applied on the reverse side. Indicate the check symbol number, check number, and check amount on the face of PS Form 3602-PO. Also ensure that the PS Form 3602-PO assigned book number is transposed onto the submitted copy and that all entries on the form are correct and legible. No fee money orders may also be used to submit meter reports. Spoiled meter tapes shall be submitted with PS Form 3533 (Request for Refund of Postage and Fees) and PS Form 3602-PO. Three signatures (the postal officer as certifying

employee, COPE, and meter operator) are required on PS Form 3533. At one-man offices, the COPE and meter operator is the same person. Spoiled meter tapes shall be submitted via registered mail to Postmaster, New York or PFO San Diego, as applicable. In all cases where credit is being requested for non-print of meter tapes, a letter of explanation signed by the postal officer shall be submitted with PS Form 3533 and shall be signed by the three individuals as listed above.

8. Postage Meter Funds. The COPE is required to turn over to the disbursing officer all funds derived from meter sales that day. The disbursing officer in the presence of the COPE shall count the funds. The disbursing officer shall issue an exchange-for-cash remittance check payable to the appropriate accountable postmaster; Postmaster, New York for East Coast units, or Postmaster, San Francisco for West Coast units. The remittance check or no fee postal money orders shall be accompanied by the original copy of PS Form 3602-PO, original copy of any voided PS Forms 3602-PO, and unused meter tapes issued in error. Unused meter tapes due to clerk error in the operation of the meter or malfunction of the meter shall be submitted with the remittance accompanied by PS Form 3533. If unused meter tapes are not available due to meter malfunction, a letter stating the circumstances shall be submitted with the remittance. U.S. Treasury checks or no fee MOs shall be used for the purpose of remitting postage meter funds to USPS. Cash shall never be sent to USPS without prior approval of the Military Postal Service Agency. Checks and no-fee MOs shall be made payable to the serving accountable postmaster.

9. Postage Meter Setting. Only the COPE is authorized to place additional postage on the meter. At activities where there is only a COPE, the reserve custodian shall provide the COPE with the meter setting key, a meter seal and sealing press, and witness the COPE setting additional postage on the meter. After the COPE has placed additional postage on the meter, all equipment used to set the meter shall be returned to the custody of the reserve custodian. The meter shall be set at least once every 6 months or whenever the Credit Balance register becomes less than \$100.00 on a business day, which ever comes sooner.
