

CHAPTER 13

**INTERNATIONAL BALANCE OF PAYMENTS
REPORTING AND ESTIMATING**1301 GENERAL

Department of Defense (DoD) Components are required to submit reports of expenditures and receipts that affect the United States (U.S.) International Balance of Payments (IBOP). The IBOP report provides information required by the Department of Commerce and the Department of the Treasury for control of IBOP financial transactions.

130101. Report Title. IBOP

130102. Purpose. This chapter establishes the system of accounting and reporting for DoD international transactions related to U.S. balance of payments data, including grants and credits extended to foreign countries.

130103. Applicability and Scope

A. These requirements apply to the Office of the Secretary of Defense (OSD), the Military Departments, Defense Agencies, and DoD Field Activities (hereafter referred to collectively as the “DoD Components”). The term “Military Departments” refers to the Army, Navy, Air Force, and Marine Corps.

B. The procedures cover all transactions that relate to the IBOP, including specified data on DoD assets and liabilities abroad and foreign currency transactions, DoD international investments, foreign military sales (FMS), transfers of property and services abroad, and foreign grants and credits. The requirements contained in this chapter apply to all transactions that are accounted for in any of the following (regardless of payment method; e.g., U.S. dollars, foreign currency, purchase card):

1. Fund Types. DoD general funds, revolving funds, deposit funds, special funds, and trust fund accounts for military functions and civilian functions.

2. Transfer Appropriation Accounts. Transfer appropriation accounts including FMS.

3. General Fund Receipt Accounts. General fund receipt accounts established by the Department of the Treasury for collection of miscellaneous receipts for which the DoD has billing and collection responsibility.

4. DoD Nonappropriated Fund Accounts. Nonappropriated fund accounts include commissaries, post exchanges, and officer’s clubs.

5. Military Postal Service Agency (MPSA) Accounts

6. DoD Foreign Currency (Foreign Transaction (FT)) Accounts

7. Treasury Department (FT) Accounts. Treasury Department (FT) accounts for which the Department has billing and collection responsibility.

8. Transfers. Transfers under special drawdown authority of the President, Excess Defense Articles (EDA) program, and international treaties.

130104. Report Format. The report formats and edit and validation rules for submission are provided in Table 13-1 and the respective appendices to this chapter.

130105. Frequency and Distribution. The IBOP report should be prepared quarterly and is due to the Department of Commerce no later than 45 calendar days following the end of the quarter. Specific due dates for submission by the respective Defense Finance and Accounting Service (DFAS) Centers and their assigned designated Operating Locations (OPLOCs) are outlined in [appendices A, B, and C](#) to this chapter.

130106. Policy. It is DoD policy to operate overseas activities efficiently and effectively, and to reduce the balance of payments impact of these activities, if such reduction is consistent with U.S. national security goals and objectives. To support this policy, the Department maintains a mechanism to manage and control DoD transactions that enter the IBOP. This system provides for:

- A. DoD-wide accounting for and reporting of IBOP transactions
- B. Evaluation and explanation of DoD IBOP transactions
- C. Use of uniform criteria, definitions, and procedures to report IBOP transactions
- D. Integration of IBOP management and the overall system of management within the Department.

130107. Responsibilities

- A. Heads of the DoD Components and Director of DFAS shall:
 - 1. Develop procedures for implementing the reporting requirements of this chapter
 - 2. Ensure that reports and data required under this Regulation are submitted on time and are complete and accurate
 - 3. Identify, for the Department of Commerce, the office responsible for submitting required data and points of contact (POCs) within respective organizations who

can provide supplemental information on specific IBOP transactions and resolve problems associated with collecting and processing data.

B. The Directors of the DFAS Center for Operating Forces-Indianapolis and DFAS Center for Sustaining Forces-Indianapolis shall:

1. Administer and revise, as necessary, the reporting requirements of this chapter.
2. Ensure that the procedures prescribed are uniformly implemented.
3. Work with other DFAS Centers to provide technical assistance on collecting required data and preparing required reports. Each DFAS Center acts as the focal point for its assigned OPLOCs in providing technical assistance on collecting required data and preparing required reports.

C. The Directors of the DFAS Centers shall:

Submit directly to the Bureau of Economic Analysis, U.S. Department of Commerce, data required by Office of Management and Budget Statistical Directive 19, "Reports to Department of Commerce on International Transactions," May 3, 1978, as amended.

130108. Procedures

A. Finance and Accounting Data

1. Installation Level Procedures. The DoD Components and supporting DFAS Centers shall accumulate the data on payments and collections made by their respective disbursing activities as an integral part of installation level procedures. IBOP reports shall include all collection and disbursement data for the period covered by the report. These reports shall include all payments and collections entering the IBOP that are reported on the Standard Form (SF) 133, Report on Budget Execution (formerly DD Form 1176), as supported by the Appropriation Status by Fiscal Year Program and Subaccounts Report (ACCT Rpt (M) 1002), for the period.

2. Nonappropriated Funds and MPSA. Data on nonappropriated funds and MPSA accounts shall be accumulated as an integral part of the applicable accounting and reporting procedures.

B. Category and Country Codes on Vouchers

1. Codes. All payment and collection vouchers processed overseas shall be coded with the appropriate category code and foreign country or international organization code, as prescribed herein, prior to time of payment or collection. Vouchers processed overseas not entering the IBOP shall be coded with the "US" country code.

2. Country Codes. Country codes shall be applied to vouchers processed in the United States only for those transactions entering the IBOP.

C. Coded Authorizations. To ensure that payment vouchers are coded properly to indicate category, procurement of U.S. end products, transportation or services, and country or international organization, authorizations such as purchase orders, delivery orders, and contracts that result in expenditures entering the IBOP shall be coded at the time of preparation whenever possible. These same codes shall be entered on the payment vouchers. When the authorization covers procurements of U.S. end products, transportation, or services, the percentage or amounts applicable to each procurement return category also shall be entered. Codes shall be entered on all authorizations for the following types of transactions:

1. Construction and Other Service Contracts, Including Contracts for Scientific and Technical Knowledge to Be Performed Abroad. Appropriate codes that identify returns to the United States shall be included in the accounting classification in all cases where the contract, delivery order, or other procurement document is issued to a U.S. resident.

2. Contracts for Procurement of Materials, Supplies, and Equipment Abroad. Appropriate codes that identify returns to the United States shall be included in the accounting classification on all contracts or other procurement documents issued to U.S. residents when the terms of the contract require the use of U.S. end products.

D. Reconciliation with Accounting System. Accounting activities in the United States and at overseas locations shall ensure that reported IBOP transactions are consistent with total transactions reported in the Statement of Transactions (SOT) (SF 1329) and supporting Statement of Accountability (SOA) (SF 1219), including foreign currency (FT) accounts.

E. Cross-Disbursing. The cognizant disbursing office shall provide data on payment and receipt transactions under cross-disbursing procedures to the DoD Component that has been assigned reporting responsibility in Table 13-2. The reporting under these procedures shall include all of the data necessary for the DoD Component to report balance of payment expenditures and receipts for its accounts in accordance with the requirements of this chapter. The data shall include all supplementary information such as that which is necessary to identify returns to the United States as stated in subparagraph 130110.B.l.c, below. The DoD Component having management control of the funds shall include these transactions in its IBOP report. Cross-disbursing reporting procedures for each Military Department are stated in subparagraph 130108.N.4, below.

F. Appropriation Reimbursements. Enter appropriation reimbursements from foreign entities on the appropriate Collections line in the Accounting Report (AR)-1, as shown in Figure 13-1. Collections from U.S. personnel abroad, however, shall be entered in the appropriate "Receipts from U.S. Personnel" lines (i.e., "Payments").

G. Adjustments. Appropriation refunds, as well as accounting adjustments, shall be recorded in AR-1 as reversals of the original entry to the appropriation or fund, category, and country, as shown in Figure 13-1. When the amounts are less than \$500 per line transaction, and the original country and category entries are not known, such amounts may be entered as adjustments in the period in which they occur against the country and category having the predominant amount in the appropriation or fund involved. An explanation is required if appropriation refunds result in a credit entry on a payment (debit) line. These procedures also shall apply to nonappropriated funds.

H. Delivery Data. Data regarding FMS deliveries, Foreign Military Financing (FMF) grant aid deliveries, transfers under Special Drawdown Authority and the Excess Defense Articles program, Military-to-Military Contact Program, International Military Educational Training (IMET) Program, and transfers of real property shall be prepared by appropriate agencies as outlined in DoD 5105.38-M (Security Assistance Management Manual).

I. Loans of Property. Central offices in each DoD Component shall maintain a record of any defense item that is loaned to a foreign government or international organization by the DoD Component as outlined in DoD 5105.38-M.

J. Advances to Foreign Residents. Advances made to foreign residents or countries by a DoD Component shall be reported as payments on the same lines in AR-1, as shown in Figure 13-1, for which future contract payments shall be reported. Interest collections on advances shall be reported on Line Item 19 of AR-1 (reference subparagraph 130111.C, below).

K. Other Foreign Aid Under the Foreign Assistance Act (FAA). Data on DoD outlays resulting from serving as the executive agent for other U.S. foreign assistance programs (as authorized by the FAA) shall be reported as IBOP other assistance grant aid by the appropriate DoD Component assigned the responsibility for those programs. Such assistance includes, but is not limited to, the following programs: Overseas Humanitarian, Disaster, and Civic Aid; Former Soviet Union Threat Reduction; Drug Interdiction and Counter-Drug Activities (In-Country Support only); and Overseas Costs for Contingency Operations under section 607 of the FAA.

L. Records Retention. Records reflecting detailed balance of payments transactions shall be maintained at each DFAS Center consolidation point for 12 months following the end of the period being reported.

M. Foreign Currencies

1. Data on foreign currencies shall be reported in dollar equivalents.

2. The Defense Security Cooperation Agency (DSCA) is responsible for reporting expenditures and collections for all FT accounts under its control, including those for which the DSCA has financial management responsibility in connection with FMS, Public Law 480 currencies, and those provided under joint weapons production and exchange agreements.

3. The reporting systems shall be used to provide data on accommodation sales to individuals by military disbursing officers.

4. Banking facilities on U.S. Government installations abroad shall report on accommodation sales of foreign currencies made to U.S. personnel.

N. Submission of Reports

1. Generally speaking, reports of performance and transactions entering the IBOP shall be prepared as outlined in the detailed instructions given in Tables 13-3 through 13-5. Sample formats are shown in Figures 13-1 through 13-3. Additional guidance with respect to specific due dates and submission of IBOP reports is outlined in the respective appendices.

2. Accounting Reports (ARs) shall be submitted to the Department of Commerce by the DoD Components as follows:

4. Cross-disbursing data shall be submitted by the DoD Component as follows:

a. IBOP transactions of the Air Force for the Army, and the Army for the Air Force shall be forwarded quarterly (32nd calendar day) to their respective offices. It is the responsibility of each Service to send its IBOP files to the other Services using the current automated technology.

b. Vouchers and control listings of IBOP transactions of the Navy for the Army and the Air Force, and the Army and the Air Force for the Navy shall be forwarded to the designated central accounting and finance offices twice a month. The exception is for DFAS-Denver Center (DFAS-DE) legacy systems that provide IBOP data for all DoD Components on a quarterly basis. The DFAS-DE transmits automated files on the Air Force for the Army and on the Air Force for the Navy data.

c. Totals on the weekly or semimonthly cycle control listings shall agree with the totals on the monthly summary provided by the disbursing office making payments. The DFAS-DE IBOP totals are provided on a quarterly basis.

d. Electronic transmission of Army, Navy, Air Force, and Marine Corps IBOP transactions for the Defense Agencies and Office of the Secretary of Defense shall be forwarded no later than 45 calendar days following the end of the quarter to Department of Commerce.

e. Salary payments to U.S. personnel shall be reported as the net amount paid to individuals and shall exclude all deductions such as amounts withheld for taxes, contributions, allotments, and savings bonds.

5. The headings on each report shall be completed as indicated in Figures 13-1 through 13-3. Detail dollar amounts will be rounded to the nearest \$1,000. Amounts from \$1 to \$499 shall be rounded downward and \$500 to \$999 rounded upward.

6. Corrections or other adjustments to quarterly accounting reports after their transmission shall be accumulated for a consolidated submission no later than 110 calendar days following the end of the reported quarter. Corrections shall be shown in the current quarter column, and the cumulative column shall be updated with the next regular submission. Corrections or adjustments to prior fiscal year (FY) data shall not be incorporated in current FY data. Prior FY adjustments or corrections shall be reported when they exceed \$100,000 per FY for any country. Such adjustments shall be reported by country and line item for the applicable quarter with the next submission of corrections to the current year.

1. Corporations. A resident of the country in which it is incorporated. A subsidiary is a separate corporation and is a resident in the country where it is incorporated. Business offices and branches of U.S. corporations are residents of the countries where they are located. A corporation operating in a foreign country without a subsidiary or foreign business office or branch is a resident of the country in which it is incorporated. A business representative, however, such as the ticket office of a U.S. transportation company or a sales agent, is not considered to be a foreign business office.

2. Individual. An individual, including a retired U.S. citizen, is a resident of the country in which he or she resides--not the country of his or her citizenship.

3. International Organization. An international organization with multi-governmental members is not considered a resident of any particular country.

Earned entitlements (pay and allowances) for U.S. military forces, including allowances to enlisted personnel for subsistence, and amounts earned or otherwise payable to U.S. civilian employees. Gross pay excludes U.S. contributions (e.g., life insurance, retirement, health benefits, and social security), but includes amounts that may be withheld from personnel for these items or that are allotted to designated individuals or institutions.

L. Guaranty Financing. The guaranty of private credit by the U.S. Government under the “Arms Export Control Act of 1976,” as amended.

M. Interest. N. Joint Weapons Production and Exchange Agreements. Includes production of military end items by a foreign country or resident with participation by a DoD Component through payment of cash, or the provision in kind of materiel, assemblies, components, or services, and a joint sharing of the end items as determined by the agreement. Net pay includes allotment checks for U.S. personnel stationed abroad or in the United States (for dependent support, personal accounts, etc.) mailed to a foreign address (including Army Post Offices (APO) and Fleet Post Offices (FPO) for foreign addressees), but excludes allotment checks mailed to a U.S. address.

R. Other Assistance Grant Aid. DoD outlays from appropriations or sections of appropriations that specifically support U.S. foreign assistance as authorized under the “FAA of 1961,” as amended, and other legislation are IBOP grant aid. These DoD outlays represent

the value of goods and services delivered to foreign individuals and governments and international organizations under specific U.S. foreign assistance programs that include, but are not limited to: Overseas Humanitarian, Disaster, and Civic Aid (97X0891); Former Soviet Union Threat Reduction (97X0134); Drug Interdiction and Counter-Drug Activities (in-country support only of 97X01050); and Overseas costs for Contingency Operations under section 607 of the FAA (reimbursed by special supplement appropriations).

S. Payment. Payment in currencies (both foreign and U.S.), checks, or other negotiable instruments and net of refunds.

For rules applicable to the identification and reporting of returns to the United States, see the Defense Federal Acquisition Regulation Supplement (DFARS), specifically section 225.305-70 and the clause at 252.225-7005.

X. U.S. Personnel. Includes U.S. military forces (active duty and Reserve Components, but excluding retired military personnel) and U.S. civilian employees (civil service, nonappropriated fund, and individual contract hire).

130110. Criteria for Determining and Identifying IBOP Transactions

A. Introduction. In establishing a basis for reporting IBOP transactions, assume that purchases of materiel and services are equal to related disbursements, since payments by DoD Components normally are made within the month following receipt of the materiel and services. Similarly, DoD outlays from appropriations supporting various U.S. foreign assistance programs are reported to signify the delivery of that assistance to foreign entities. It is necessary, however, to report FMS program sales on a delivery basis. Collections are stated separately to reflect the changes in financial status. Accounting reports prescribed by this chapter reflect these reporting concepts. A glossary of automated data processing (ADP) terms and symbols used in this chapter may be found in Table 13-7.

B. Transactions Entering the IBOP. The following transactions enter the DoD IBOP for reporting purposes.

1. Payments

a. Disbursing Officers (DOs). All payments, including advance and progress payments by DOs (whether located abroad or in the United States, its territories and possessions, and Puerto Rico) from their accounts and all payments from the accounts of nonappropriated funds and the MPSA to:

(1) Foreign residents, including all amounts deposited in foreign or U.S. banks to their credit; e.g., a deposit to the account of a foreign entity maintained in a U.S. bank. Foreign residents include foreign governments, corporations, contractors, and individuals.

(2) U.S. personnel, when stationed, employed, or residing abroad, or on ships homeported abroad, for pay disbursed or mailed abroad when on temporary duty abroad and per diem for temporary duty abroad.

(3) International organizations, including all amounts deposited in foreign or U.S. banks to its credit.

(4) U.S. corporations for materials, supplies (excluding petroleum products), and equipment, title to which is acquired by the U.S. Government abroad as evidenced by an accomplished materiel inspection and receiving report.

(5) U.S. contractors for construction or services performed abroad, except for travel and transportation as described in subparagraph 130110.D.2.g, below.

(6) U.S. and foreign corporations for petroleum products that will be identified to the country shown as the product source as described in subparagraph 130110.D.2.h.(2), below.

b. Foreign Currency Payments. Counterpart foreign currency payments by a foreign government that are held by the foreign government for U.S. uses under special arrangements, e.g., pesetas disbursed by the Spanish Government for constructing and maintaining U.S. facilities.

c. Returns to the United States. Contracts or other procurement documents for procurement of supplies and services for use outside the United States and contracts for construction, maintenance, and repair of real property facilities may require that U.S. end products be furnished or that certain specified services be performed in the United States. Additionally, U.S. contractors performing construction and service contracts overseas may acquire, on their own initiative, certain U.S. end products, services, or transportation on U.S. flag carriers in fulfillment of construction or service contracts. The amount of such procurements of U.S. end products, U.S. services, and transportation on U.S. flag carriers shall be identified and reported as provided in Accounting Report 1, as shown in Figure 13-1. The following rules apply only to contractors who are U.S. residents:

(1) The amounts remitted by a supplier to the United States for procurement of U.S. end products and the amounts paid by the supplier to a U.S. transportation company for transportation of goods on U.S. flag carriers shall be identified and reported as reductions to procurement payments (refer to subparagraph 130110.B.1.a.(4), above).

(2) The following amounts are to be identified and reported as reductions to contractual service payments (refer to paragraph 130110.B.1.a(5) above).

(a) The amount of U.S. end products procured from the United States by the contractor for incorporation in the project, whether required by the terms of the contract or voluntarily procured from the United States without contractual requirements.

(b) The amount remitted to or retained in the United States by the contractor for services performed in the United States and for profit, overhead, amortization costs, employee tax withholdings, and other indirect expenses, including that portion of the salaries of contractor personnel that is remitted to or retained in the United States.

(c) The amount paid to transportation companies in the United States by the contractor for transportation provided on U.S. flag carriers.

(3) Reporting requirements and procedures for contracts exceeding the simplified acquisition threshold are set forth in DFARS 225.305-70 and the clause at 252.225-7005.

(4) Exclusions

(a) The amounts reported as returns under subparagraph 130110.B.1.c, above, shall exclude payments by the contractor to a DoD Component for supplies or services such as utilities and telephone services.

(b) Foreign residents who use U.S. end products or services to fulfill DoD contracts will not report returns to the United States.

2. Collections

a. Collections by DOs. All collections by DOs credited to their accounts or to Treasury accounts for which the Department has billing and collection responsibility and all receipts in nonappropriated funds and the MPSA from the following:

(1) Foreign residents

(2) U.S. personnel who are stationed, employed, residing, or traveling abroad, or on ships homeported abroad (for reporting purposes, however, these collections are treated as a reduction to pay of personnel).

(3) International Organizations

(4) U.S. contractors in connection with their performance of contracts with the U.S. Government or private firms abroad.

(5) Foreign governments or other foreign entities for goods and services sold for delivery or use under the FMS program, other sales programs, and the DoD Reutilization and Marketing Program.

b. Foreign Currency Collections. Collections of foreign currency contributed by foreign governments for the support of U.S. Military Assistance Advisory Groups (MAAGs) and Missions.

c. Foreign Military Financing. FMF receipts are not deposited into the U.S. Treasury. FMF receipts are recorded in the successor account 11*1082 (via a Treasury SF-133), allocated by the Department of State in the year received, and finally apportioned in the same year on an OMB Apportionment Schedule (SF 132).

3. Deliveries

a. Materials, Supplies, Equipment, and Services. All deliveries of materials, supplies, equipment, and services to foreign countries and international organizations including:

(1) FMS deliveries outlined in the “Arms Export Control Act of 1976,” as amended.

(2) Sales by property disposal officers as represented by collections.

(3) Loans and leases of aircraft, vessels, and other equipment to foreign entities.

(4) Transfers of real property and deliveries of materiel and services under logistical support agreements and otherwise.

(5) Deliveries of goods and services for foreign assistance reimbursed by the Agency for International Development (AID), Department of State, or from Funds Appropriated to the President.

b. Delivery Data. This chapter requires that delivery data pertaining to Military Assistance Grant Aid be included.

4. Special Transactions

a. Transfers. Transfers from Suspense Account 6500 and Budget Clearing Account (Suspense) 3875 to other accounts shall be included when recorded as a collection in deposit fund accounts or in applicable receipt (including miscellaneous receipt), appropriation, or other fund accounts. For example, a bid deposit of a successful purchaser of surplus, excess, foreign excess, scrap, or salvage will be recorded in IBOP at the time transferred to account 3860 or 3845. Returns of deposits to depositors will not be treated as IBOP transactions. Amounts initially recorded in these suspense accounts shall be excluded from IBOP reporting requirements in this Regulation.

b. Settlements. Offsetting settlements between DoD accounts that are made in place of payments to, and collections from, a foreign government shall be treated as IBOP transactions as if the transaction had been carried out with the foreign government.

c. Outlays. DoD outlays in support of Other Assistance Grant Aid are reported.

C. Transactions Not Entering the IBOP. The following transactions do not enter the DoD reporting of IBOP:

1. Payments and Receipts. Payments to and receipts from any DoD or other U.S. Government agency or activity, including any DoD nonappropriated fund or postal service activities, except special transactions noted in subparagraph 130110.B.4, above.

2. Transfers Between the DoD or other U.S. Government Accounts. All transfers between the Department or other U.S. Government accounts, except those from Suspense Account 6500 and Budget Clearing Account (Suspense) 3875, as noted in subparagraph 130110.B.4.(a), above.

3. Goods Produced in the United States. Payments to foreign residents for goods produced in the United States provided title is transferred within the United States. If the goods were originally delivered to the foreign resident under the FMS program, include payments to the foreign resident when title is transferred to the United States.

4. Goods Imported into the United States. Payments to foreign residents for goods produced abroad and imported into the United States when title is transferred to the U.S. Government after the goods are imported. Goods are considered as imported upon clearance through the U.S. Customs Service.

D. Identification of Transactions to Country or International Organizations

1. General. Transactions, except those relating to international organizations designated in Table 13-8, generally will be identified to the country of residence of the payee or remitter, rather than the location of the disbursing officer. Transactions with international organizations not listed in Table 13-8 will be identified to the country to which payment is sent or from which payment is received. In exceptional cases, where country of residence cannot be determined, transactions will be identified as follows:

a. Cash. Payments or collections by cash-country in which disbursed or collected.

b. Check. Payments or collections by check-country to which check is sent or from which check is received.

2. Payments. Generally, payments will be identified to the designated international organization or to the country of residence of the payee. More specifically, payments will be identified as follows:

a. Government-to-Government Payments. These payments will be identified to the country of the foreign government involved.

b. Foreign Corporations. Payments to foreign corporations and individuals will be identified to the country of residence as defined in Table 13-9.

c. U.S. Personnel Payments

(1) U.S. Personnel Ashore. Net pay will be identified to the foreign country to which payment is made or the check is addressed.

(2) U.S. Personnel Afloat (Homeported Abroad). Net pay will be identified to the foreign country to which payment is made or the check is addressed.

(3) U.S. Personnel Afloat (U.S. Homeported). Net pay will be identified as U.S. payments. A statistical determination will be made, by country, of the expenditures ashore by these individuals.

(4) Allotments of Pay. Allotments to individual persons will be identified to the country to which addressed. All other allotments will be identified to the country of residence of the allottee.

(5) Contributions. U.S. Government and service member contributions (Federal Insurance Contributions Act (FICA), retirement, health benefits, etc.) will be identified to the United States.

d. Retired and Survivors Pay. The amount of the payment will be identified to the foreign country to which the check is mailed or payment is electronically transferred.

e. Foreign Nationals

(1) Direct Hire of Foreign Nationals. Net pay shall be identified to the foreign country in which the individual is employed. In addition, the payment of all U.S. Government contributions and the payments of all amounts withheld from the employee's pay shall be identified, at the time of payment, to the country to which addressed.

(2) Indirect Hire of Foreign Nationals. Payments under contracts for indirect hire of foreign nationals, including retirement accruals or separation allowances when paid, shall be identified to the country to which addressed.

(3) Foreign Nationals Aboard Ships. Net pay shall be identified to the country in which the individual maintains his or her "home of record." In addition, the payment of all U.S. Government contributions and payments of all amounts withheld from the employee's pay shall be identified, at the time of payment, to the country to which addressed.

f. Construction and Services Performed Abroad Other Than Travel and Transportation (Discussed in subparagraph 130110.D.2.g., below). Payments for construction or services performed abroad shall be identified to the country in which construction or service is performed, regardless of where the check is mailed.

g. Travel and Transportation

(1) Transportation. Payments for transportation of persons and things (trip requests, bills of lading, warrants, or cash) paid to a transportation company shall be identified to the country of residence of the transportation company.

(2) Travel Allowances. Payments for per diem allowances, relocation allowances, and other incidental travel expenses, including transportation expenses or mileage allowances paid to individuals, shall be identified consistent with the following guidance.

(a) For permanent change of station, to the country in which the greater part of the allowances were earned or expenses incurred. Relocation allowances shall be considered to have been earned in the country to which the individual's family moves.

(b) For temporary duty (TDY), to the country in which the TDY was performed, except TDY performed aboard ship that shall be identified to the United States. Where TDY is performed in several countries and it is not feasible to identify the

per diem to each country, the payment will be identified to the country in which the greater part of the allowances were earned.

h. Materials, Supplies, and Equipment

(1) Payments to a U.S. corporation for materials, supplies (excluding petroleum products), and equipment acquired by a DoD Component abroad shall be identified to the country where it is delivered or accepted by the DoD Component. Payments to foreign contractors (excluding petroleum products) shall be identified to the country of residence of the payee.

(2) Payments to a U.S. or foreign corporation for petroleum products shall be identified consistent with the following guidance.

(a) To the country shown as the product source in the “product source” clause of the contract under which the payment is made. If a region (e.g., the Caribbean or Persian Gulf) is shown rather than a country, the payment shall be identified to the country shown in section 9 of the DD Form 250-1 (“Tanker/Barge-Material Inspection and Receiving Report”). If the product source cannot be established, it will be identified to the country where it is acquired by the DoD Component.

(b) When the product source is the United States and the petroleum has been transported by the Military Sealift Command (MSC) or transported by commercial vessels directly to a DoD Component abroad, the payment shall be coded to the United States. If the petroleum is not consigned directly to a DoD Component, the payment shall be coded to the country where it is delivered and the amount of the petroleum product and the transportation furnished by U.S. flag carriers will be indicated as a return to the United States.

(c) Petroleum services, other than ocean transportation, shall be identified to the country in which the service is performed.

i. NATO Infrastructure. In processing NATO Infrastructure and International Military Headquarters Payments for NATO infrastructure, refer to DoD Directive 2010.5 (DoD Participation in the NATO, Infrastructure). Such payments shall be identified to the country or to the appropriate NATO command that is the recipient of the payment. Payments to international military headquarters, including those located in the United States, shall be coded with the appropriate code in Table 13-9.

3. Deliveries and Collections

a. Materiel or Services. Deliveries of materiel or services shall be identified to the country or international organization to which the collection for that delivery shall be identified. Collections shall be identified to the countries making payments. Collections from international organizations shall be identified to the international organization making payment.

b. Recipient Country. For transactions involving Military Assistance Grant Aid and reimbursement from AID, Department of State, or Funds Appropriated to the President, deliveries shall be identified to the recipient country or international organization.

4. Special Transactions

a. Balance of Payment Transactions. Transactions for Guam, Puerto Rico, the Commonwealth of the Northern Marianas, and the U.S. Virgin Islands shall not be included in any summary totals of balance of payments transactions since transactions involving these areas do not generally enter the U.S. balance of payments. For compilation of special reports for these areas, however, country codes shall be applied.

b. Guantanamo Bay. Transactions at Guantanamo Bay, other than pay of foreign nationals, shall be treated as U.S. transactions not entering the IBOP. The pay of foreign nationals employed at Guantanamo Bay shall be treated as IBOP transactions and identified to their country of residence.

130111. Entries for DoD Transactions Entering the International Balance of Payments--AR 1 (Figure 13-1).

A. Purpose. This format prescribes line items, columnar data, and line identification codes to be used for reporting IBOP transactions (AR-1, Figure 13-1). This submission provides for summarizing DoD IBOP transactions under appropriation and category groupings.

B. General

1. Separate AR-1. A separate AR-1 shall be prepared for each foreign country and international organization listed in Tables 13-8 and 13-9, as well as for each foreign area grouping shown in Table 13-10. In addition, a separate AR-1 (using the format and criteria established by this Regulation) shall be submitted for Guam, Puerto Rico, the Commonwealth of the Northern Marianas, and the U.S. Virgin Islands even though these transactions and those for other U.S. possessions shall not be included in the subtotals for foreign area groupings or worldwide totals.

2. DoD Component. Each DoD Component shall produce one printed copy submission and one electronic transfer of AR-1. Data on the printed copy and electronic transfer submissions shall carry the line item numbers for AR-1 precisely as shown in subparagraph 130111.C, below. A sample format of AR-1 is shown in Figure 13-1.

3. Assemble Reports. The reports shall be assembled, and pages for countries without transaction data shall not be submitted.

4. Report Data. Data shall be reported for each line item entry included in the listing in subparagraph 130111.C, below. To facilitate summarizing data, it is essential that each line entry be identified by the same line ID Code shown in subparagraph 130111.C, below. Line items for which no amount is reported for the current quarter or cumulative columns shall not be shown on the report.

5. Reporting Responsibilities. Data reported for all lines for transactions involving the FMF, FMS Program, IMET, Drawdowns, EDAs, Military-to-Military Contact Program, and MASE are established under DoD 5105.38-M (Security Assistance Management Manual). Consult DoD 5105.38-M for these reporting responsibilities.

6. Dollar Collections. Report as dollar collections all collections of foreign currency not obtained by purchase with U.S. dollars, which may be used for authorized expenditure purposes rather than being deposited to Treasury FT accounts.

7. Trust Fund Expenditures. Refunds to foreign governments for FMS sales are treated as trust fund expenditures. In the DoD balance of payment presentations, such refunds will be netted against receipts rather than treated as expenditures on AR-1.

C. Line Entries--Descriptions and Codes. The AR-1 shall include all line items. Line item identification (ID) codes, line item captions, and descriptions for each line entry are shown in Figure 13-4.

130112. Entries for DoD Transactions Entering the IBOP--AR 2 (Figure 13-2)

A. Purpose. This format prescribes line items, columnar data, and line ID codes to be used for reporting IBOP transactions in AR-2, i.e., financial data relating to DoD nonappropriated fund activities abroad. These data are used to develop amounts available for spending abroad by U.S. personnel.

B. General

1. Nonappropriated Fund Activities. Each reporting activity shall include all nonappropriated fund activities under its command jurisdiction. When one activity serves more than one command in a given area, local arrangements shall be made to have the data submitted through only one command, avoiding duplications (e.g., the Army and Air Force Exchange Service). Nonappropriated fund activities aboard ship shall include only receipt and payment transactions abroad, which are with activities ashore and enter the IBOP.

2. Submit Separate Reports. The reporting activities shall submit separate reports for the following:

- a. Exchange Service Operations
- b. Other Nonappropriated Fund Activities

3. Payments and Receipts. These reports shall include only payments and receipts affecting nonappropriated funds. Payments and receipts from appropriated funds used in operating a nonappropriated fund activity are excluded.

4. Reported Quarter. Amounts shown in the report shall cover the reported quarter only and will be noncumulative.

5. Schedules. Separate schedules shall be submitted for the Department of Navy and the U.S. Marine Corps.

C. Line Entries--Descriptions and Codes. Shown in Figure 13-5.

130113. Entries for DoD Transactions Entering the International Balance of Payments--AR 3 (Figure 13-3).

A. Purpose. This format prescribes line items, columnar data, and line ID codes to be used for reporting IBOP transactions in AR-3, (Figure 13-3), i.e., financial data relating to military postal services to individuals. These data are used to develop the amounts available for spending abroad by U.S. personnel.

B. General

1. MPSA. One report shall be submitted to cover all MPSA operations, excluding Fleet Post Office operations aboard ship.

2. Payments and Receipts. Exclude from the report payments and receipts of appropriated funds used for operating expenses of MPSA facilities.

3. Agencies and Activities. Exclude sales to or receipts from federal agencies and activities and DoD-sponsored nonappropriated fund activities.

4. Reported Quarter. The amounts shown in the report shall cover the reported quarter only and will be noncumulative.

C. Line Entries--Descriptions and Codes. Shown in Figure 13-6.

1302 CENTER/SERVICE AND INTERMEDIATE/INSTALLATION LEVEL REPORTING REQUIREMENTS

Reporting requirements for the IBOP Report at the DoD Component/DFAS Center and intermediate/installation levels are addressed in the appendices to this chapter. Report formats for the respective reports are identified in the appropriate figures as indicated. Reporting requirements for the Component/Center and intermediate/installation levels shall be in accordance with the responsibilities and definitions outlined in paragraphs 130103 through 130113 of this chapter.

**CHART OF RESPONSIBILITIES FOR
REPORTING AND DISTRIBUTING IBOP TRANSACTIONS**

This figure identifies the DoD Component charged with the responsibility for submitting accounting reports to Department of Commerce on transactions entering the IBOP based on account symbol and prefix and suffix codes and the distribution of transaction data “for others.”

For military assistance and foreign transaction (FT) fund accounts, the data first shall be provided by the DoD Component making the disbursement or collection to the responsible Component based upon the first two digits of the prefix symbol; e.g., 21-11, 17-97, 57-97. The responsible DoD Component will, in turn, provide the appropriate military assistance and FT account data as prescribed by this chapter.
