CHAPTER 1**INTRODUCTION AND SUMMARY****★0101 GENERAL**

Under the provisions of Title 31, United States Code, section 3515, beginning with fiscal year 1996, the Department is required to have annual audited financial statements covering all accounts and associated activities of the Department. As implemented by the Office of Management and Budget (OMB), the Department is required to prepare both Agency-wide annual audited financial statements and separate audited financial statements for several individual reporting entities, e.g., Army, Navy, and the Air Force general funds (GF) and working capital funds (WCF). The financial statements are expected to provide information to the Department of Defense (DoD) program managers, the Congress, and the public, thereby facilitating both effective allocation of resources and assessment of management performance and stewardship. The objective is to produce statements that are accurate, consistent, and meaningful--statements that can and will be used to improve the management of the Department. Additionally, consistent with the objectives of the Statements of Federal Financial Accounting Concepts (SFFACs) and Statements of Federal Financial Accounting Standards (SFFASs), the Department continues to work toward the integration of budget and financial information in order to provide for more effective program management at all levels.

0102 BACKGROUND

Federal agencies traditionally prepared financial reports to monitor and control the obligation and expenditure of budgetary resources. With the enactment of the "Chief Financial Officers Act of 1990" (CFO Act) (Public Law 101-576), the "Government Management Reform Act of 1994" (GMRA) (Public Law 103-356) and subsequent accountability laws, the Congress called for the production of audited financial statements that fully disclose a federal entity's financial position and results of operations, and provide information not only for the effective allocation of resources, but also with which the Congress, agency managers, the public, and others can assess management performance and stewardship. Hence, the OMB, in consultation with the CFO Council, the President's Council on Integrity and Efficiency, and other interested parties, developed the formats and instructions for financial statements described and illustrated in this volume.

0103 POLICY

The provisions herein constitute guidance on the form and content of financial statements to be prepared implementing the SFFASs and the guidance issued by the OMB. These guidelines set out the reporting format and disclosure requirements for financial statements. Where, through additional disclosure, the value of a financial statement to its users is enhanced, that information also should be presented. This guidance is intended to provide a framework for

financial statement preparation within which each DoD Component has the flexibility to develop and include information useful both to its financial managers and program managers in making decisions. The hierarchy of accounting standards to be followed when recording accounting transactions is found in [Volume 1, Chapter 8](#) of this Regulation.

0104 COVERAGE

A financial statement shall be prepared for each reporting entity identified in section 0106 of this chapter. This volume specifies the entities that shall be reported upon; identifies the level at which functions and/or funds should be reported on a consolidated basis; notes the basis of accounting to be utilized; prescribes the specific authoritative guidance on financial statement format and disclosures that should be applied by personnel preparing the statements; and provides other instructions necessary for preparation of annual audited financial statements and quarterly unaudited financial statements. These personnel may be in financial management or other disciplines (e.g., logistics or human resources).

★0105 EFFECTIVE DATE

The provisions of this volume are effective for the preparation of annual audited financial statements ending on September 30 of each fiscal year; and the quarterly unaudited financial statements ending December 31, March 31, and June 30 of each fiscal year.

0106 DEPARTMENT OF DEFENSE REPORTING ENTITIES

★ 010601. Audited Financial Statements and Quarterly Unaudited Financial Statements Required by the OMB. The OMB requires the Department and most other major agencies to prepare Agency-wide audited financial statements in accordance with the GMRA (Public Law 103-356) covering all accounts and associated activities of each office, bureau, and activity of the agency. Additionally, OMB requires the Department and other major agencies to prepare Agency-wide quarterly unaudited financial statements in accordance with OMB Bulletin 01-09. The DoD Agency-wide financial statements provide the financial status of the entire Department. There are nine Component reporting entities within the Department that, while included in the DoD Agency-wide statements, also are required by the OMB to prepare stand-alone audited financial statements and quarterly unaudited financial statements. The appropriation and funds included in each of the annual and quarterly financial statements are identified in [Appendix A](#). The nine Component reporting entities are:

- A. The Department of the Army GF
- B. The Army WCF
- C. The Department of the Navy GF
- D. The Navy WCF
- E. The Department of the Air Force GF

- F. The Air Force WCF
- G. The Military Retirement Fund
- H. The United States Army Corps of Engineers Civil Works.
- ★I. The Department of Defense Medicare-Eligible Retiree Health Care Fund

010602. Other Defense Organizations (ODO). In addition to the nine reporting entities identified in paragraph 010601, above, the remaining accounts of the Department are reported in two columns of the consolidating balance sheet for the DoD Agency-wide audited financial statements and quarterly unaudited financial statements. The ODO-WCF column will include the financial activity of the WCF organizations that are not identified in paragraph 010601. The ODO-General Funds column will include the financial activity of the non-WCF organizations that are not identified in paragraph 010601.

010603. Consolidation of ODO Audited Financial Statements and Quarterly Unaudited Financial Statements. The consolidation of reporting entity financial statements for Treasury Index “97” funds, “ODO-General Funds,” shall follow the flow of funds from the apportionment of an appropriation, to allocation, suballocation, and allotment. The primary advantage of this consolidation method is that program managers and auditors can follow the flow of funds upward and downward and validate the receipt and execution of funds at all levels. For financial statement reporting, accounting activities shall consolidate allotment and suballotment information consistent with the flow (distribution) of funds. All principal staff assistant (PSA) offices for the Office of the Secretary of Defense and other organizations with Treasury Index Symbol “97” funds, identified in Table 2-3, shall receive a copy (hardcopy or computer file) of their combining audited financial statements. The consolidating/combining statements for each PSA/other organization identified shall include a column for each of its organization general funds and WCF subentities identified in Table 2-3. All Defense organization subentities identified in Table 2-3 also shall receive a copy (hardcopy or computer file) of the consolidating/combining audited financial statements.

★ 010604. Internal Stand-alone DoD Annual Audited Financial Statements and Quarterly Unaudited Financial Statements. Although excluded from the formal list of DoD reporting entities required by the OMB to prepare financial statements and have those statements audited, the Department believes progress can be achieved if Defense Agencies prepare annual stand-alone financial statements and have those statements audited by certified public accounting (CPA) firms. In total, the Defense Agencies materially impact the Department’s agency-wide financial statements. Each Defense Agency identified in paragraph 010605 shall prepare financial statements and, consistent with the FY 2002 National Defense Authorization Act (P.L. 107-107), have them audited to the extent they believe they are reliable. Each Agency, with the advice of the Office of the Inspector General (OIG), DoD, shall establish an audit committee to oversee its financial audit. The purpose of the audit committee is to establish audit requirements, identify contract deliverables, monitor the CPA firm’s execution of the contract, and to identify and assist with resolution of obstacles to a clean opinion. Once the entity is deemed auditable,

the audit committee role will be to provide a forum to researching, recommending, and issuing guidance on accounting and auditing issues. Each audit committee shall include a representative of the OIG, DoD the DCFO, and DFAS. Also, each Defense Agency listed in paragraph 010605 shall prepare quarterly, unaudited financial statements as required in paragraph 0105.

★ 010605. The following Defense Agencies shall prepare internal stand-alone annual audited financial statements and have them audited by CPA firms. Additionally, these Defense Agencies shall prepare quarterly unaudited financial statements as required in paragraph 0105.

- A. Defense Logistics Agency
- B. Defense Finance and Accounting Service (DFAS)
- C. Defense Information Systems Agency
- D. Defense Contract Audit Agency
- E. Missile Defense Agency (formerly Ballistic Missile Defense Organization)
- F. Defense Advanced Research Projects Agency
- G. Defense Commissary Agency
- H. Defense Security Service
- I. Defense Threat Reduction Agency.

The internal stand-alone annual audited financial statements and the quarterly unaudited financial statements will include both GF and WCF, as applicable. These nine organizations will work with their supporting DFAS Field Organizations to ensure the schedule presented in [Chapter 2](#) of this volume is followed in a manner that will neither preclude meeting the individual milestones nor delay in any manner the reporting of the Department's financial statements required by the OMB.

010606. List of Appropriation and Fund Symbols by Reporting Entity. [Appendix A](#) identifies the Appropriation and Fund Symbols that are included in the audited financial statements of each of the Department's nine Component and ODO reporting entities (all of which are included in the Department's Agency-wide audited financial statements).

0107 CONTENT OF ANNUAL AUDITED FINANCIAL STATEMENTS AND QUARTERLY UNAUDITED FINANCIAL STATEMENTS

★ 010701. The annual audited financial statements shall be comprised of eight major sections. With the exception of the Audit Opinion Section, the quarterly unaudited financial statements shall be comprised of the same sections unless otherwise advised through

supplemental guidance. Specific instructions for the preparation of the contents of each section are provided in individual chapters of this volume. The eight major sections and the sequence of their presentation are as follows:

- A. Management’s Discussion and Analysis
- B. Principal Statements
- C. Notes to the Principal Statements
- D. Supporting Consolidating/Combining Statements
- E. Required Supplemental Stewardship Information
- F. Required Supplemental Information
- G. Other Accompanying Information
- H. Audit Opinion.

★ 010702. Management’s Discussion and Analysis (MD&A). The MD&A of the reporting entity is the first part of the financial statement and is intended to reflect the standards prescribed in the SFFAS No. 15, “Management’s Discussion and Analysis.” The MD&A is an important vehicle for communicating managers’ insights about the reporting entity; increasing the understandability and usefulness of the financial statements; and providing understandable and accessible information about the entity and its operations, service levels, successes, and challenges. The MD&A also should address significant events, conditions, risks, uncertainties, trends and contingencies that may affect future operations. The MD&A includes a formal introductory transmittal letter from the head of the reporting entity. Guidance for the preparation of the MD&A is provided in [Chapter 3](#) of this volume.

010703. Principal Statements and Notes to the Principal Statements. Principal statements and notes to the principal statements summarize financial information for individual funds and accounts within reporting entities and subentities. The amounts reported on the principal statements are based on specific general ledger account balances. Instructions for the preparation of the principal statements are contained in Chapters 4 through 9 of this volume.

- A. Principal Statements. The principal statements shall include:
 - 1. Balance Sheet (Consolidated)
 - 2. Statement of Net Cost (Consolidated)
 - 3. Statement of Changes in Net Position (Consolidated)
 - 4. Statement of Budgetary Resources (Combined)

5. Statement of Financing (Combined)
6. Statement of Custodial Activity (Required only for the Agency-wide statements).

B. Notes to the Principal Statements. The notes to the principal statements are an integral part of the financial statements and include a summarization of the accounting principles and methods of applying those principles that management has concluded are the most appropriate for presenting the entity's significant assets, liabilities, equity, revenues, expenses, and budgetary information. The notes also provide further detail of the amounts reported on the statements. In addition, when warranted, the notes identify departures from federal accounting standards or reporting requirements. In cases where individual line items of the financial statements cannot be obtained or a substitution is made from the requirements herein, the deficiencies shall be explained and the reason for noncompliance annotated in the footnotes. Where data used is known to be incomplete, deemed to be unreliable, or is an estimated (partial or full) amount, the note pertaining to the line(s) where such data is reported in the statement shall contain a reference to such data. The reference shall include the amount and explanation of the circumstances regarding the availability and use of such data. The notes also contain disclosures required by the SFFASs. Instructions for the preparation of the required footnotes are contained in [Chapter 10](#) of this volume.

010704. Required Supplementary Stewardship Information. Stewardship resources are investments by the federal government for the benefit of the nation. The Required Supplementary Stewardship Information section provides information on resources entrusted to federal agencies, highlights their long-term benefit nature, and demonstrates accountability over these resources. Specific guidance for reporting DoD stewardship assets is contained in [Chapter 11](#) of this volume.

010705. Required Supplemental Information (RSI)

A. Statement of Budgetary Resources. Monitoring of budget execution is at the individual account level. Accordingly, budgetary information aggregated to the entity level on the Statement of Budgetary Resources should be disaggregated to the level of the entity's major account groupings and presented as supplementary information. Guidance for the preparation of this information is contained in [Chapter 12](#) of this volume.

B. Deferred Maintenance. The Department is required to disclose in the RSI section of financial statements material amounts of deferred maintenance on property, plant, and equipment (PP&E). This reporting requirement is prescribed in the SFFAS No. 6, "Accounting for Property, Plant, and Equipment" and in the SFFAS No. 14, "Amendments to Deferred Maintenance Reporting." Guidance for the preparation of this information is contained in [Chapter 12](#) of this volume.

C. Segment Information. Additional supplementary information is required for each franchise fund and other intragovernmental support revolving funds that are not separately reported on the entity's principal statements. Guidance for the preparation of this information is contained in [Chapter 12](#) of this volume.

010706. Other Accompanying Information. The other accompanying information section of the DoD financial statements shall contain the information identified in Table 1-1, section 10 and any other information that the entity management wishes to include. Also see [Chapter 3](#), section 0303 of this volume.

010707. Financial Statement Organization. The financial statements should be organized as shown in Table 1-1 as follows:

0108 FINANCIAL STATEMENT AUDITS

★ 010801. DoD Reporting Entity Audits. The OIG, DoD shall render an audit opinion on the DoD Agency-wide financial statements. In addition, the OIG, DoD shall provide an endorsement to the audit opinion for each of the reporting entity financial statements opined on by the applicable CPA audit firm.

010802. Other Defense Organizations Audits. While the OIG, DoD will not issue separate audit opinions on the financial statements of the ODO included in the DoD Agency-wide financial report, the financial statements and records of the organizations shall be included in the audits performed to support the opinion issued by the OIG, DoD on the DoD Agency-wide audited financial statements.
