SPECIAL PAY FOR NUCLEAR - QUALIFIED OFFICERS1201 NUCLEAR POWER ACCESSION BONUS PROGRAM120101. Entitlement

★ A. Effective October 1, 1999, individuals accepted, on or before December 31, 2001, for officer naval nuclear power training for duty in connection with the supervision, operation, and maintenance of naval nuclear propulsion plants may be entitled to accession bonuses not to exceed a total of \$20,000.

B. The Secretary of the Navy is assigned, under law, responsibility for issuing regulations which prescribe specific eligibility requirements and, annually, the value of the bonus payments, not to exceed the limit cited above. The amounts payable to an individual under this entitlement become fixed upon acceptance, by the Secretary of the Navy, of the individual's written agreement to participate in the training program. The regulation governing this program, including effective bonus rates, is SECNAVINST 7220.65 series (reference (ac)).

C. The bonus is made of two parts, which the Secretary of the Navy has identified as follows:

1. Nuclear Officer Accession Bonus. The Nuclear Officer Accession Bonus is payable upon selection and acceptance, by the Secretary of the Navy, of the individual's written agreement for participation in officer naval nuclear power training.

2. Nuclear Career Accession Bonus. The Nuclear Career Accession Bonus is payable upon successful completion, as a commissioned officer, of training for duty in connection with the supervision, operation, and maintenance of naval nuclear propulsion plants.

120102. Eligibility Requirements

A. Nuclear Officer Accession Bonus. The following requirements must be met to qualify for the Nuclear Officer Accession Bonus:

1. If individuals already are commissioned officers, they must not be restricted in performance of duty; that is, they must be officers of the unrestricted line.

2. The individual must be selected and execute a written agreement to participate in officer naval nuclear power training.

3. The Secretary of the Navy must accept the individual into the training program.

B. Nuclear Career Accession Bonus. An officer must meet the following requirements to qualify for the Nuclear Career Accession Bonus:

1. Fulfill the above requirements for the Nuclear Officer Accession Bonus.
2. Be on active duty and entitled to basic pay.
3. Successfully complete the nuclear propulsion training program.

120103. Payment

A. Upon acceptance of a request for admission into the program, the Chief of Naval Personnel will provide the individual with an official written notification of acceptance. The date of acceptance will fix the value of both the Nuclear Officer Accession Bonus and the Nuclear Career Accession Bonus.

1. Effective August 12, 1996, Navy set the Nuclear Officer Accession Bonus at \$6,000 and the Nuclear Career Accession Bonus at \$2,000.

2. Effective October 1, 1998, Navy set the Nuclear Officer Accession Bonus at \$8,000. The Nuclear Career Accession Bonus remained unchanged at \$2,000.

★ 3. Effective October 1, 2000, the Department of the Navy set the Nuclear Officer Accession Bonus at \$10,000. The Nuclear Career Accession Bonus remained unchanged at \$2,000.

B. Nuclear Officer Accession Bonus. A properly executed acceptance document will establish authority to make payment of the Nuclear Officer Accession Bonus.

C. Nuclear Career Accession Bonus. The Commanding Officer, Nuclear Power Training Unit (NPTU), shall certify the eligibility of each officer upon successful completion of the training program which will establish authority to make payment of the Nuclear Career Accession Bonus.

120104. Recoupment

A. An individual who has received a Nuclear Officer Accession Bonus and fails to commence or satisfactorily complete the nuclear power training specified in the agreement with the Secretary of the Navy, will, except for the reasons listed in SECNAVINST 7220.65 series (reference (ac)), be required to refund the entire bonus.

B. Reduce the amount to be recouped by an amount equal to any reduction taken under subparagraphs 350702.F or 350802.D of this volume.

1202 NUCLEAR - QUALIFIED OFFICER EXTENDING PERIOD OF ACTIVE SERVICE
(CONTINUATION PAY)120201. Entitlement

★ A. Effective October 1, 1999, nuclear qualified officers with applications for extension on active duty accepted, on or before December 31, 2001, may be entitled to a bonus not to exceed a total of \$25,000 for each year of the active service agreement.

B. The Secretary of the Navy is assigned, under law, responsibility for issuing regulations which prescribe specific eligibility requirements and, annually, the value of the bonus payments, not to exceed the limit cited above. The amounts payable to an individual under this entitlement become fixed upon acceptance, by the Secretary of the Navy, of the individual's written agreement to extend on active duty. Acceptance may not be made more than 1 year in advance of the end of an officer's initial existing period of obligated active service. The regulation governing this program, including effective bonus rates, is SECNAVINST 7220.65 series (reference (ac)).

120202. Eligibility Requirements

A. The following requirements must be met to qualify for continuation pay. The individual must:

1. Be an officer on active duty, receiving basic pay and not restricted in the performance of duty (i.e., unrestricted line officer).
2. Currently be qualified for duty in connection with supervision, operation, and maintenance of naval nuclear propulsion plants.
3. Have not completed 23 years of commissioned service at the time of application.
4. Be serving in pay grade 0-6 or below (not frocked to 0-7) and, at the time of application, not be selected for promotion to pay grade 0-7.
5. Have executed a written agreement to remain on active duty in connection with supervision, operation, and maintenance of naval nuclear propulsion plants for a period of 3, 4, or 5 years.
6. Have the agreement accepted by the Chief of Naval Personnel on behalf of the Secretary of the Navy.

B. A qualified officer may execute successive continuation agreements so long as any new period of obligated active service does not extend beyond the end of 26 years of commissioned service.

120203. Payment

A. Upon acceptance of a request for extension, the Chief of Naval Personnel will provide the individual with official written notification of acceptance. The date of acceptance will fix the value of the annual payments for the entire period of the extension.

1. Effective August 12, 1996, the Navy set the Nuclear Officer Continuation bonus at \$12,000 per contract year.

2. Effective October 1, 1998, the Navy set the Nuclear Officer Continuation Bonus at \$15,000 per contract year.

★ 3. Effective October 1, 2000, the Department of the Navy set the Nuclear Officer Continuation Bonus at \$19,000 per contract year.

B. When an officer's agreement is accepted before the end of an existing service obligation, continuation pay may be paid in a number of:

1. Installments equal to the number of years covered by the contract plus 1; the first upon acceptance of the application, the second upon expiration of existing obligated service, and the remaining payments annually (12-month intervals) thereafter.

(Note: this provision only applies to the first contract for continuation pay.)

2. Annual installments equal to the number of years covered by the contract; the first upon expiration of existing obligated service and the remaining payments annually thereafter.

C. When an officer's agreement is accepted after an existing service requirement expires, continuation pay is paid in equal annual installments over the length of the contract, commencing upon acceptance of the application and the remaining payments annually thereafter.

D. Should the amount be increased that is paid to officers, who subsequently apply for continuation pay, officers with a contract in effect at a lower rate may execute a new agreement at the higher rate. The period of this new agreement shall be equal to or exceed the original period of the officer's existing agreement, but may in no case extend the obligation beyond 26 years of commissioned service. Upon execution of a new contract, the previous contract shall be canceled effective on the day before the anniversary date after the date on which continuation pay is increased.

E. If a member dies before receiving the full amount of the bonus due (including contracted future year anniversary payments) and death is not caused by the member's misconduct, the remaining unpaid bonus balance is payable as a lump sum for inclusion in the settlement of the deceased member's final military pay account. If death is determined to be the result of the member's own misconduct, termination of future payments and proration or recoupment of the bonus, as applicable, will be made in accordance with procedures established for members whose inability to complete a contracted period of service is voluntary or the result of misconduct.

120204. Recoupment

A. An officer who fails to maintain eligibility requirements for or who does not complete the full period of 3, 4, or 5 years of active duty as agreed, may not be paid any unpaid installments of continuation pay. Except under certain conditions prescribed in SECNAV Instruction 7220.65 series (reference (ac)), an officer must repay the unearned portion of any installments already paid. To arrive at an amount to be recouped, reduce the total continuation pay to an amount per month and multiply the monthly amount by the number of months, and fractions of months, for which payment was made that the officer has not served.

B. Reduce the amount to be recouped by an amount equal to any reduction taken under subparagraphs 350702.F or 350802.D of this volume.
