CHAPTER 5

SPECIAL PAY AND BONUSES FOR MEDICAL AND OTHER HEALTH PROFESSIONS OFFICERS

0501 GENERAL PROVISIONS

050101. Medical Corps Officer

A Medical Corps Officer is defined as an officer of the Medical Corps of the Army or Navy or an officer of the Air Force designated as a medical officer, who is on active duty under a call or order to active duty for a period of not less than 1-year.

050102. Creditable Service

For Medical Corps Officers this includes periods of internship and residency while not active duty, provided such training was completed successfully, or if such training was terminated or interrupted as the result of military operational requirements. Also includes all periods of active service in the Medical Corps of the Army or Navy, as an officer of the Air Force designated as a medical officer, or as medical officer of the Public Health Service. Internship or residency in a foreign medical facility that is not acceptable under the credentialing criteria of an American medical or osteopathic specialty examining board may not be included in the computation of creditable service.

050103. Subspecialties

The subspecialties listed in Tables 5-1 and 5-2 are grouped for pay purposes into the following categories:

A. **Subspecialty Category I.** This category includes cardio-thoracic surgery, colon and rectal surgery, oncology surgery, pediatric surgery, plastic surgery, organ transplant, trauma/critical care surgery, vascular surgery and fellowship trained orthopedic surgeons.

B. **Subspecialty Category II.** This category includes nuclear medicine physicians.

C. **Subspecialty Category III.** This category includes Internal Medicine and Pediatric fellowship trained physicians in: allergy/immunology, nephrology, hematology/oncology, and neonatology.

D. **Subspecialty Category IV.** This category includes all internal medicine/pediatric subspecialties not listed in Subspecialty Category I or III or listed separately in Tables 5-1 and/or 5-2.

E. **Subspecialty Category V.** This category includes physicians who are fellowship trained in otolaryngology, obstetrics/gynecology, and urology.
Residency is defined as the stage of Graduate Medical Education training recognized by the Accreditation Council for Graduate Medical Education (ACGME). During this stage a physician practices medicine under the supervision of fully licensed physicians.

A branch of medical science whereas the product of a structured educational experience in the field of medical practice following the completion of medical school that meets the ACGME program requirements in that field of medicine. (Specific medical specialty for which there is an Army area of concentration identifier, or identifying specialty skill identifier number, a Naval Officer Billet Classification number, or an Air Force Specialty Code.)

The Secretary of the Military Department concerned may terminate at any time an officer’s entitlement to special pays as defined in sections 0502, 0503, and 0505. If such entitlement is terminated, then the officer concerned will be subject to the repayment provisions of Chapter 2.

A. Army: Army Medical Corps Special Pay Plan.

B. Navy: OPNAVINST 7220.17 and Annual FY Medical Special Pay Plan NAVADMIN.

C. Air Force: Air Force Medical Officer Special Pay Plan.

A medical officer who executes a written agreement to remain on active duty for 2-, 3-, or 4-years after completion of any other active duty service commitment may, upon acceptance of the written agreement by the Secretary of the Military Department concerned, be paid a retention bonus.

Subject to acceptance by the Secretary of the Military Department concerned, a medical officer with an existing MSP contract may terminate that contract to enter into a new MSP contract with an equal or longer obligation at the MSP annual rate in effect at the time of execution of the new MSP contract. Any unearned portion of the terminated contract will be recouped.
050203. Rates Payable

Annual payment amounts for multiyear contracts will be in the amounts indicated in Table 5-1. Officers may be paid at the rate for any one specialty for which they are currently credentialed, but the MSP and Incentive Special Pay (ISP) specialty must be the same.

050204. Eligibility Criteria

To be eligible for MSP under this section a medical officer must:

A. Be below the grade of O-7;

B. Have a current, valid, unrestricted license or approved waiver;

C. Have completed all Active Duty service commitment incurred for medical education and training, or has at least 8-years of creditable service;

D. Have completed initial residency training or is scheduled to complete initial residency training before October 1 of the fiscal year in which the officer enters into an agreement; and

E. Execute a written agreement to remain on active duty for 2-, 3-, or 4-years that is accepted by the Secretary of the Military Department concerned.

NOTE: Based on Service unique requirements, the Secretary concerned may decline to offer MSP to any specialty that is otherwise eligible or restrict the length of an MSP contract for a specialty to less than 4-years.

050205. Service Obligation

Active duty service obligations for MSP will be established as follows:

A. The officer must sign a written agreement to stay on active duty for either 2-, 3-, or 4-years, as applicable. The duration of the agreement will determine the amount payable.

B. Active Duty Service Obligations (ADSO) for education and training and previous MSP agreements will be served before serving the ADSO for MSP.

C. When no education and training ADSO exists at the time of an MSP agreement execution, the ADSO for MSP is served concurrently with the MSP agreement period. In addition, if the MSP agreement is entered into prior to the start date of fellowship training and the fellowship training period is less than the MSP ADSO, the ADSO may be served concurrently with the fellowship training and training ADSO. However, if the MSP agreement is executed on or after the start date of the fellowship training, the physician is obligated for the full
fellowship period and the MSP ADSO will begin one day after the fellowship ADSO is completed.

D. Obligation for Additional Special Pay (ASP) and ISP may be served concurrently with any other service obligation.

0503 INCENTIVE SPECIAL PAY (ISP)

050301. Eligibility Criteria

To be eligible for ISP under this section, a medical officer must:

A. Be below the grade of O-7;
B. Have a current, valid, unrestricted license or approved waiver;
C. Have completed specialty qualification before October 1 of the fiscal year in which the officer enters into an agreement (except for cases listed in paragraph 050304);
D. Execute a written agreement to remain on active duty for a period of not less than 1-year beginning on the date the officer accepts the award of ISP;
E. Be currently credentialed and privileged at a military treatment facility in the specialty for which ISP is to be paid, subject to acceptance by the Secretary of the Military Department concerned.

050302. Rates Payable

Annual ISP payments for contracts beginning on or after October 1, 2011, will be in the amounts indicated in Table 5-2. Unless otherwise listed, sub-specialties of the primary specialty are included with the primary specialty.

050303. Entitlement

A. Subject to acceptance by the Secretary of the Military Department concerned, a medical officer eligible for (but not under an MSP agreement) may enter into a new 1-year agreement at the 1-year rate listed in Table 5-2. To receive the multi-year ISP rate listed in Table 5-2 while eligible for MSP, an MSP contract must be executed. If the officer is not eligible for MSP due to a training obligation, then the 1-year ISP rate without MSP listed in Table 5-2 applies. Termination of a current ISP contract prior to its expiration can only be accomplished in conjunction with execution of a new MSP contract.

B. The Secretary of the Military Department concerned may approve recommendations for ISP payments to fully qualified physicians assigned to positions requiring a substantial portion of time performing military unique duties under adverse conditions or in
remote locations outside of the continental United States or that preclude the ability to spend appropriate time in a clinical setting.

C. Medical Corps officers who enter an MSP contract at the rates stated in Table 5-1 may enter an ISP contract during fiscal year 2012 at the amount listed in Table 5-2 for the same specialty as stated on the MSP contract. The officer would continue ISP eligibility at that rate for each active year of the MSP contract. Should future reassessments cause an increase to the ISP rate for a specialty, the officer may take advantage of that increase only by signing a new MSP contract (at the annual rate in effect at the time the new contract is signed) with an equal or longer obligation.

050304. Limitation

ISP will not be paid during the same fiscal year in which the qualifying residency training is completed. If the qualifying training is completed out of cycle (at a time prior to the end of June) and it is not the fault of the medical officer, the Surgeons General are delegated the authority to grant ISP during the same fiscal year in which the qualifying residency is completed. The effective date for ISP will be calculated from the completion of the qualifying training plus 3 months. This keeps all medical officers eligible for ISP consistent in how their eligibility date is calculated.

B. Has a current, valid, unrestricted license or approved waiver;

The annual ECISP amounts are shown in Table 5-7 for a 4-year agreement.

NOTE: The Secretary of the Military Department concerned may approve ECISP payments to fully qualified physicians assigned to positions requiring a substantial portion of time performing military unique duties under adverse conditions or in remote locations outside the continental United States, or that preclude the ability to spend appropriate time in a clinical setting.

051104. Repayment

An officer who fails to meet or maintain the eligibility requirement stated in paragraph 051101, will be subject to the repayment provisions of Chapter 2.

The accession bonus may be paid in a lump-sum, in monthly payments, or in periodic installments, as determined by the Secretary concerned. Based on Service-unique requirements, the Secretary concerned may decline to offer an accession bonus to any specialty that is otherwise eligible or may restrict the length of an accession bonus contract for a specialty to less than 4-years.

A former HPO who no longer holds an appointment or commission and is otherwise qualified and eligible must have been discharged from any uniformed service at least 24 months prior to execution of the written agreement to receive an accession bonus;

E. Have completed all mandatory service obligations, if financial assistance was received from DoD in order to pursue a course of study as an HPO. 0513 SPECIAL PAY: HEALTH PROFESSION OFFICERS (HPO) INCENTIVE PAY

051301. Eligibility

To be eligible for Incentive Pay, an HPO must:

The Secretary concerned may also approve recommendations for incentive pay payments to fully qualified HCPs assigned to positions requiring a substantial portion of time performing military-unique duties under adverse conditions or in remote locations outside the United States, or that preclude the ability to spend appropriate time in a clinical setting.

Any renegotiation of either the retention bonus or incentive pay shall require signing a new retention bonus contract at the annual rate in effect at the time the new contract is signed with an equal or longer obligation.

051304. Completion of Qualifying Training

Incentive pay shall not be paid during the same fiscal year in which the qualifying training is completed. If the qualifying training is completed out of cycle (at a time prior to the end of June) and it is not the fault of the HPO, the Secretary concerned may authorize its Surgeon General to approve incentive pay during the same fiscal year in which the qualifying training is completed. The effective date of incentive pay shall be calculated from the completion of the qualifying training, plus 3 months.

051305. Repayment

An officer who fails to fulfill the service conditions specified in the written agreement for incentive pay will be subject to the repayment provisions of Chapter 2.

*051306. Duration of Authority
