CHAPTER 45

SURVIVOR BENEFIT PLAN – PREMIUMS4501 GENERAL

450101. The premium for Survivor Benefit Plan (SBP) coverage is based on the type of coverage (spouse and/or children, former spouse for former spouse and children, or natural person with an insurable interest) and the base amount, maximum or reduced, as elected by or on behalf of the member. The SBP premium increases at the same time and by the percentage as do increases for retired or retainer pay.

* 450102. Members electing SBP coverage shall pay a premium for such coverage. Premiums are collected either through reduction of retired pay or direct remittance.

* 450103. All premiums not specified in this chapter are calculated by the DoD Actuary using assumptions (as to mortality and economic conditions) approved by the DoD Board of Actuaries and the Director of Military Compensation.

*4502 BASIC SPOUSE/FORMER SPOUSE PREMIUM CALCULATION

* 450201. There are two methods for calculating the initial premium for the standard SBP annuity coverage for a spouse or former spouse. These methods are:

A. An amount equal to 6.5 percent of the base amount, and

B. An amount equal to 2.5 percent of a “threshold amount” plus 10 percent of the difference between the base amount and the threshold amount. The threshold amount is adjusted at the same time and by the same percentage as the average increase in basic pay. See paragraph 450206 of this volume. The original threshold amount of \$300 has been increased by the percentage increase as basic pay since October 1, 1985.

* 450202. For a person who became a member of the uniformed services before March 1, 1990, the initial premium for spouse or former spouse coverage was computed on a standard cost formula of 2.5 percent of the threshold amount, plus 10 percent of the base amount in excess of the threshold amount. The threshold amount is increased as set out in paragraph 450206 of this volume.

450203. Effective March 1, 1990, the initial SBP premium formula for spouse or former spouse coverage became 6.5 percent of the base amount.

* 450204. A person who became a member before March 1, 1990 or who is entitled to disability or non-regular (e.g. reserve) retirement, is entitled to whichever method is more favorable.

* 450205 If the individual first became a member of a Uniformed Service before March 1, 1990, is providing spouse coverage, and the SBP premium exceeds 6.5 percent of the base amount, the SBP premium was recomputed effective March 1, 1990, on the flat-rate reduction formula of 6.5 percent.

* 450206. The threshold amount is increased by:

A. The same percentage as the average increase in basic pay effective on or after October 1, 1985. The increase occurs at the same time. This applies to a member whose retired pay is computed on the basic pay rate in effect or after the effective date of such increase in basic pay.

B. The same percentage as a cost of living allowance (COLA) applied to the member's retired pay on or after October 1, 1985, if the member first participates in the SBP after the effective date of the COLA increase and after the effective date of the basic pay rates on which the member's retired pay is computed. This in addition to the increase in subparagraph 450206a.and the increase occurs at the same time as the COLA increase.

* 450207. If the SBP coverage is for spouse and child, former spouse and child, or child only, a formula must be applied against the base amount (or base amount times 55 percent before April 1983) to determine the charge for coverage of the children. The age of the youngest child is used to determine the premium. If there is an incapacitated child over 18 years of age and there also is a competent child over age 18 but younger than the incapacitated child, then use age 17 to determine the premium. The premium can be determined from the SBP Factor Tables or Defense Finance and Accounting Service (DFAS) procedural guidance.

4503 COMPUTATION OF PREMIUM

450301. Spouse Only or Former Spouse Only. See Table 45-1, rule 1.

450302. Spouse and Child, Former Spouse and Child, or Children Only. See Table 45-1, rules 2 and 3. The steps to be used in computing the premium are:

A. **Determine** the age of member, spouse, and child for spouse and child coverage. **Determine** the age of member, former spouse, and child for former spouse and child coverage. **Determine** the age of member and child for child coverage.

B. Determine the cost factor from the appropriate SBP Factor Table which **reside in the Defense Retired and Annuitant Pay System.**

C. Multiply base amount by the factor to determine the child premium. Add the child premium to the spouse (or former spouse) premium.

* Example 1: A member retires on July 1, 2010, with 20 years of active service. The gross retired pay is \$1,000. The member elects maximum coverage for spouse and children. Birth dates are: member-February 2, 1971; spouse-September 2, 1975; child-May 1, 2001.

Step 1. Compute ages. Six months or more is considered a full year.

Member	100701	Spouse	100701	Child	100701
	<u>710202</u>		<u>750902</u>		<u>010501</u>
	390429		340929		90200
	(39)		(35)		(9)

Step 2. Using the SBP Factor Table to locate the combination of a member age 39, spouse age 35, and child age 9. The resulting factor is .00026.

Step 3. Determine total premium:

Spouse premium:

(Flat-rate formula)	\$1,000.00	
	<u>x.065</u>	
	\$ 65.00	\$65.00

Child premium:	\$1,000.00		
	<u>x .00026</u>		
	\$.26	+\$.26	Total Premium: \$65.26

Example 2: The spouse in Example 1 becomes an ineligible beneficiary on March 3, 2011. Coverage changes to child only. (If the former spouse becomes an ineligible beneficiary, then coverage changes to child.)

Step 1. Recompute the ages for member and child.

Member	110304	Child	110304
	<u>710202</u>		<u>010501</u>
	400102		91003
	(40)		(10)

Step 2. Use the SBP Factor Table to locate the combination of a member age 40 and child age 10. The resulting factor is .0022.

Step 3. Determine total premium: \$1,000 x .0022 = \$2.20

Example 3a: The member elects spouse and child coverage (Example 1). The spouse becomes an ineligible beneficiary and coverage changes to child only (Example 2). The member remarries on May 14, 2011. The birth date for the new spouse is October 12, 1975. Coverage reverts to spouse and child on May 14, 2001 unless the member elects not to resume spouse

coverage. The new premium for spouse and child is effective on June 1, 2011 (Table 45-3, rule 9 and note 8).

Step 1. Recompute ages for member, spouse, and child.

Member	110514	Spouse	110514	Child	110514
	<u>610202</u>		<u>751012</u>		<u>010501</u>
	500312		350702		100013
	(50)		(36)		(10)

Step 2. Use the SBP Factor Table to locate the combination of a member age 50, spouse age 36, and child age 10. The resulting factor is .00043.

Step 3. Determine the total premium:

Spouse premium:

(Flat-rate formula)	\$1,005.00	
	<u>x .065</u>	
	\$ 65.33	\$ 65.33

Child premium:	\$1,005.00	
	<u>x .00043</u>	
	\$.43	+ \$.43

Total Premium		\$ 65.76
---------------	--	----------

Example 3b: The member elects spouse and child coverage (Example 1). The spouse becomes an ineligible beneficiary and coverage changes to child only (Example 2). The member remarries on May 14, 2011. The birth date for the new spouse is October 12, 1975. Coverage would have resumed for the spouse and child on May 14, 2011, the first anniversary of the marriage; however, the spouse becomes the parent of issue by that marriage before the first anniversary. Coverage changes to spouse and child on the date the child is born of that marriage. The new premium is effective the first day of the month following the birth (Table 45-3, rule 9 and note 8). Assume that the child is born March 27, 2011.

Step 1. Recompute ages for member, spouse, and child.

Member	110327	Spouse	110327	Child	110327
	<u>610202</u>		<u>751012</u>		<u>110327</u>
	500125		350515		000000
	(50)		(36)		(00)

Step 2. Use the SBP Factor Table to locate the combination of a member age 50, spouse age 36, and child age 0. The resulting factor is .00171

Step 3. Determine total premium:

Spouse premium:

(Flat-rate formula)	\$1,005.00	
	<u>x .065</u>	
	\$ 65.33	\$ 65.33
Child premium:	\$1,005.00	
	<u>x .00171</u>	
	\$1.72	+ \$1.72
Total Premium		\$ 67.05

Example 4: Same facts as Example 1. The member divorces on April 15, 2011, and coverage changes to child only. See Example 2 for recomputation. The member elects coverage for former spouse and child and the election is received on June 2, 2011. Coverage for former spouse and child is effective on June 2, 2011 and the premium for the former spouse and the child is effective July 1, 2011. Recompute ages on the date the election is received.

Step 1. Recompute ages.

Member	110602	Former	110602	Child	110602
	<u>710202</u>	Spouse	<u>750902</u>		<u>000501</u>
	400400		350900		100101
	(40)		(36)		(10)

Step 2. Use the SBP Factor Table to locate the combination of a member age 40, spouse age 36, and child age 10. The resulting factor is .00022.

Step 3. Determine the premium as in Example 1.

* 450303. Natural Person With an Insurable Interest. In some cases, the Insurable Interest category may include former spouse. The premium formula for the Insurable Interest category is 10 percent of retired pay plus 5 percent for each full five years the individual designated is younger than the member. See Table 45-1, Rule 4.

4504 EFFECTIVE DATE OF PREMIUM See Table 45-2 or 45-3 as applicable.

4505 SUSPENSION, CHANGE, AND TERMINATION OF PREMIUM

450501. Suspend premiums for spouse or former spouse coverage when there is no longer an eligible beneficiary. Suspend premiums for child coverage when there is no eligible child beneficiary.

450502. If the SBP premium was adjusted or discontinued based on school nonattendance of the child beneficiary, the premium is adjusted retroactively to the first day of the month after the child resumed school attendance.

450503. The premium changes when coverage is:

A. For spouse and children (or former spouse and children) and the last dependent child is no longer an eligible beneficiary. The premium for coverage is changed to spouse (or former spouse) only. See Table 45-3, rule 8.

B. For spouse only and the spouse is no longer eligible. Within 1 year after member's remarriage, the member may:

1. Resume coverage;
2. Elect not to resume spouse coverage;
3. Increase the base amount up to and including full retired pay for spouse or spouse and child coverage (See Table 45-3, rule 6.); or

C. For spouse and children and the spouse is no longer eligible or the coverage is for former spouse and children and the former spouse is no longer eligible. See Table 45-3, Rule 7, for computation for the child premium. Within 1 year of a remarriage, the member with suspended spouse coverage has the same options as in subparagraph 450503.B. There is no time limitation for an election change to spouse coverage by a member with suspended former spouse coverage. See Table 45-3, Rule 9.

D. For spouse before March 21, 1974 (pre-September 21, 1972 retiree), or on date of retirement (post-September 21, 1972 retiree), and the member subsequently divorces and then remarries that former spouse. The premium is effective the first day of the month following the remarriage, unless the remarriage is the first day of the month, then the premium is effective on the date of marriage.

E. For spouse on or after March 21, 1974 (pre-September 21, 1972 retiree) or after date of retirement (post-September 21, 1972 retiree), and the member subsequently divorces and then remarries that former spouse. The premium of coverage is resumed the first day of the month following the first anniversary unless the remarriage is the first day of the month, then the premium resumes on the first day of the first anniversary.

F. For spouse or spouse and child coverage is changed to former spouse under paragraph [430703](#). Beginning on the first day of the month after receipt by the Secretary of the Military Department concerned of the change in election, the premium will be calculated as provided in Table 45-3, rule 10.

450504. Terminate the SBP premium for a natural person with an insurable interest when the beneficiary dies, when the member terminates coverage for the natural person with an

insurable interest, or on the date a spouse or child acquired after retirement becomes the eligible beneficiary. The SBP premium is terminated as of the date shown in Table 45-4, Suspension and Termination of Cost. See section [4308](#) for more information on termination procedures.

450505. If a member voluntarily discontinues SBP participation under paragraph [430801](#) of this volume, then the premium terminates on the effective date of the election which is the first day of the month following the date of the receipt of the request. Any premium deducted for periods on or after such effective date shall be refunded and the member notified of the final action concerning termination of coverage.

450506. Premiums for SBP participation are permanently paid up (no further reductions to retired pay or remittances) when a member attains age 70 and has had 360 months of premium payments. See section 4508 for more information.

450507. See Table 45-4 for other suspension and termination of premium situations.

* 450508. SBP premiums normally increase at the same time, and by the same percentage, that retired pay increases by cost-of-living adjustment. When the payment of increased retired pay resulting from a cost-of-living adjustment is delayed, the increase to SBP premiums will occur at the same time the retired pay is increased rather than the effective date of the cost-of-living increase (or the date that the retired pay would have increased if the member were currently in receipt of retired pay).

4506 PAYMENT OF PREMIUM

450601. Payments. A member who receives enough retired pay to cover the premiums for SBP has those premiums withheld from his or her retired pay. Voluntary allotments may be discontinued to satisfy the premiums for SBP coverage. See [Chapter 19](#) for more information. Do not treat the reduction in retired pay for the premium of SBP coverage as a collection for accounting purposes.

450602. Civil Service Waiver

A. For any period in which the member is not receiving retired pay because of non entitlement to or waiver of such pay or the pay received is not enough to cover the total cost of coverage, the member must remit the amount due to the DFAS-Cleveland Site. Deposits are due on the effective date of coverage. For example, member retires June 1; the first payment is due June 1, for the period June 1-30. A member who waives full retired pay for VA compensation may pay the premium by direct remittance or by deduction from the compensation payments.

B. If the member waives participation in the military survivor benefit program and elects participation in the civil service survivor benefit plan, and the civil service waiver later becomes ineffective for any period for any reason, previous participation in the

military survivor benefit program is resumed and military SBP premium is due from the member.

450603. Emergency Officer's Retired List (EORL). A member on the EORL may pay premiums by direct remittance or by deduction from EORL payments.

450604. If a member is recalled to active duty for more than 30 days after a break in service, the member does not pay the premium while on active duty.

450605. The member remains a SBP participant while on active judicial duty and is required to pay the SBP premiums while military retired pay is suspended.

4507 DELINQUENT SBP PREMIUMS

Interest at the rate of 6 percent compounded annually is levied against delinquent SBP premiums. Any delinquent Retired Serviceman's Family Protection Plan (RSFPP) premiums existing on date of conversion to the SBP continue with interest, until paid. Upon the death of a retiree, any delinquency, plus interest, is collected from the annuitant's benefits before payment of any annuity.

4508 PAID UP SBP PREMIUMS AFTER 30 YEARS AND AGE 70

450801. Effective with the retired pay entitlement and SBP coverage in effect for the month of October 2008, SBP premium reductions will no longer be made if the member is a qualified SBP participant described in 450802. Deposits made by an SBP participant during a period when the participant is not entitled to retired pay qualify as premium reductions.

450802. A member is a qualified participant for purposes of paid up SBP coverage if the retired member is age 70 or older whose retired pay has been reduced for SBP coverage for 360 months or more. If the member's 70th birthday occurs later than the 360th month for which the member paid SBP premiums, no SBP premiums will be made for that month regardless of the day on which the member becomes age 70.

450803. The first payment that can be affected is the payment for the period of retired pay entitlement beginning October 1, 2008 (due November 3, 2008).

450804. A change in the level of coverage affects the amount of the premium that is discontinued. For example, a member who increases the base amount during an open season in early 1982 has not paid 360 monthly premiums for the higher level of coverage by October 2008. If the 70-year old member has paid a premium for the reduced level of coverage for 360 months, that portion of the premium may be discontinued. The remainder of the premium would still be subject to reduction from the member's retired pay for the balance of the required 360 monthly premium payments.

450805. A member who elected or changed SBP coverage during the open enrollment period March 1, 1999, through February 29, 2000, was charged a one time, buy in

premium in addition to the prospective monthly premium. The buy-in premium was due and payable in a lump sum payment at the time the member filed the election. A member who paid the lump sum, buy-in premium receives credit toward the 360 months as if the member's retired pay had been reduced monthly for SBP premiums.

4509 TAXABILITY OF PREMIUMS

For federal income tax purposes, premiums for SBP coverage are excluded from taxable income when they are deducted from the member's retired pay. A member whose pay is subject to tax reporting will, while in a pay status, receive the tax benefit through a reduction in the taxable income reported to the Internal Revenue Service. No reduction against the taxable income can be given for interest paid on the delinquent premiums.

4510 INCOME EXCLUSION

The member will receive an income exclusion for the amount of direct remittance for coverage premiums upon returning to a pay status. The appropriate DFAS site will exclude the amount of the direct remittance from the taxable income on Internal Revenue Service Form 1099R, "Distributions From Pensions, Annuity, Retirement or Profit Sharing Plans, IRAs, Insurance Contracts, etc." See paragraph 450602 for payment of premiums during non-receipt of retired pay.

*4511 TOTALLY DISABLED MEMBERS.

Premiums and coverage for a spouse, child, or spouse and child of a totally disabled member, who elected to discontinue participation, end on the effective date. An election shall be effective as of the first day of the first month following the month in which the Secretary concerned receives the election. The member may revoke the request to discontinue participation within the 30-day period following submission of such request to the Secretary concerned.

COMPUTATION OF SBP PREMIUM ON ESTABLISHMENT		
R U L E	A	B
	If beneficiary is	then the formula is
1	spouse or former spouse (spouse category)	6.5 percent of the base amount (note 1) or 2.5 percent of the threshold amount (note 2), as adjusted, plus 10 percent of the remaining base amount. If gross retired pay is less than the threshold amount, then use 2.5 percent of gross retired pay.
2	spouse (former spouse-spouse category) and children (notes 3 and 4)	spouse (former spouse) premium determined under rule 1, plus an additional premium for children computed by applying the factor from the SBP Factor Table against the base amount. See section 4503 for examples.
3	children only (notes 3 and 4)	to apply the factor shown in the SBP Factor Table, based on the ages of the member and youngest dependent child, against the base amount. See section 4503 for example.
4	natural person with an insurable interest or former spouse (insurable interest category)	10 percent of the member's gross retired pay if the age of the beneficiary is equal to or greater than member's age. If the beneficiary's age is less than member's age, the formula is 10 percent of the member's gross retired pay, plus an additional 5 percent of the gross retired pay for each full 5 years that the beneficiary is younger than member. Six months or more is not counted as an additional year. Total premium may not exceed 40 percent of gross retired pay.

NOTES:

1. Members who first became a member of a Uniformed Service on or after March 1, 1990, and receive a regular retirement will have their spouse premium computed under the flat rate formula of 6.5 percent of the base amount. The following members are entitled to spouse premium computation under the formula that provides the lesser premium:
 - a. A member who is entitled to retired pay based on disability;
 - b. A member who is entitled to retired pay based on a non-Regular service retirement; or
 - c. A member who first became a member of a Uniformed Service before March 1, 1990.
2. The threshold amount is subject to indexing equal to the percentage increases for active duty basic pay rates.
3. Do not recalculate premiums when a child different from the child first established as the youngest child becomes the youngest eligible child.
4. Dependent Child - use the age of the youngest child. Exception: Use age 17 for an incapacitated child over 18 years of age when there is a competent child also over 18, but younger than the incapacitated child.

EFFECTIVE DATE OF PREMIUM - INITIAL ELECTION				
R U L E	A	B		
	If on the date of election (pre-September 21, 1972 retiree) or date of retirement (post-September 21, 1972 retiree), the member has	then the effective date of premium is first day of the month following		
		retirement	election by the Secretary of the Military Department concerned	receipt of the election
1	spouse, spouse and children, children only, or natural person with insurable interest (NIP) (pre-September 21, 1972 retiree)			X
2	spouse, spouse and children, children only, or NIP (post-September 21, 1972 retiree)	X		
3	no dependents, later marries (note 1)			X (note 4)
4	no dependents, later acquires dependent children (note 1)		X (note 2)	
5	no dependents, later marries and acquires dependent children (note 1)		X (note 3)	X (note 5)

7	former spouse (post-September 7, 1982 retiree) or former spouse and children (post-February 28, 1986 retiree)	X (note 6)		

NOTES:

1. Member must elect within 1 year of marriage or acquiring dependent children.
2. Compute the child premium using the ages of the member and the youngest child as of date of receipt of the election.
3. The child only premium is established and continues until the first of the month following the first anniversary of the marriage. Compute child only premium using the ages of the member and youngest child on date of receipt of the election. When spouse becomes an eligible beneficiary, child only coverage is then changed to spouse and children coverage and compute the new premium using the ages of the member, spouse, and the youngest child on the date the spouse becomes an eligible spouse beneficiary.
4. If the first anniversary is on the first day of the month, then the premium is changed for that month.
5. If a child is born of that marriage before the first anniversary, then the premium for spouse and child coverage is effective the first of the month following the birth of the child. If the birth or anniversary is the first day of the month, then the premium is charged for that month.
6. The effective date of the premium for an election for a former spouse election made from September 8, 1982 through January 31, 1983 is February 1, 1983.

- Member must elect within 1 year of (re)marriage or acquiring the dependent child or children. If the election change is from former spouse coverage to spouse coverage, then there is no time limitation on the election period. If the member elects to change from former spouse to spouse coverage after 1 year of remarriage, then the coverage is effective on the date of election receipt and the associated premium is effective on the first day of the month after election receipt.
- Compute premium for additional child using ages of member, spouse, and youngest child as of date of receipt of election.
- Compute premium for child using ages of member and youngest child as of date of receipt of election.
- Child only premium is effective until the first of the month following the first anniversary of the (re)marriage. Compute child only premium using ages of member and youngest child on the date of receipt of the election or on the day after the date spouse eligibility is lost (rules 5 and 8). When spouse becomes an eligible beneficiary, child only coverage is changed to spouse and child coverage and compute child premium using ages of member, spouse, and youngest child on date spouse becomes an eligible spouse beneficiary.
- Compute child only premium using ages of member and youngest child as of the first date following the date the spouse (or former spouse) became an ineligible beneficiary or October 1, 1976, whichever is later. If eligibility was lost the first day of the month, then the child only premium begins the following month.
- If member gives exact date of loss of last dependent child, then the change in premium is effective the first of the month following date provided. If exact date is not given, then use first day of the month after receipt of notification.
- The premium for spouse coverage is effective on the first day of the month following the birth of the child of that marriage if earlier than first anniversary of the marriage.
- If birth or anniversary is the first day of the month, then the premium is effective that month.
- Before enactment of [Public Law 94-496](#), October 14, 1976, the deduction for spouse premium continued past the date spouse became an ineligible beneficiary.
- Member must make election within 1 year of the date of a decree of divorce, dissolution, or annulment of marriage to spouse. Election for former spouse only may not be effective before September 24, 1983 (earliest day for premium is October 1, 1983). Election for former spouse and child may not be effective before March 1, 1986 (earliest date for premium is March 1, 1986).
- An election to terminate coverage for a NIP premium must be done in accordance with Volume 7B subparagraph [430701.B](#); an election to terminate coverage for a former spouse must be done in accordance with subparagraph [430701.B](#) election to terminate coverage for a spouse or spouse and child must be done in accordance with paragraphs [430701](#) and [430702](#).
