SUBJECT: Change to the Department of Defense Financial Management Regulation on Funding Temporary Duty Transportation Costs for U.S. Personnel Assigned to North Atlantic Treaty Organization Force Integration Units

The purpose of this memorandum is to inform you of a change to the Department of Defense (DoD) Financial Management Regulation (FMR), 7000.14-R, Volume 11A, Chapter 9, *Support of International Military Activities*, revised May 2015. Specifically the change to § 090507-B regarding funding temporary duty (TDY) transportation costs for U.S. personnel assigned to North Atlantic Treaty Organization (NATO) Force Integration Units (NFIUs).

Section 090507-B of the FMR is changed as follows:

B. U.S. Military Personnel. When traveling on official business under travel orders issued by an authorized international headquarters that directs payment to be charged to international funds, the costs of such travel are payable as follows:

1. From International Funds. Cost of transportation furnished by Military Airlift Command and/or a common carrier, to include taxi fares and privately owned conveyances under previously approved conditions.
2. From U.S. Appropriated Funds. Per diem and other expenses authorized by U.S. travel regulations, and the costs under subparagraph 090507.B.1., for personnel who are members of an international military headquarters that does not maintain a centralized international budget for such purposes.

This change is effective immediately and will be included in a future update of the DoD FMR. Questions regarding this change should be directed to Ms. Anna McNally who can be reached at anna.a.mcnelly.civ@mail.mil or 703-697-3253.
