CHAPTER 22

AVIATION INCENTIVE PAYS

1.0 GENERAL

1.1 Purpose

The purpose of this chapter is to describe the policies for Hazardous Duty Incentive Pay (HDIP), Aviation Incentive Pay (AvIP), and Critical Skill Incentive Pay (CSIP).

1.2 Authoritative Guidance

The pay policies and requirements established by the DoD in this chapter are derived primarily from, and prepared in accordance with Title 37, United States Code (U.S.C.), section 334(a) (37 U.S.C. § 334(a)), 37 U.S.C. § 351(a)(2), and 37 U.S.C. § 353. Due to the subject matter in this chapter, the list of authoritative sources is extensive. The specific statutes, regulations, and other applicable guidance that govern each individual section are listed in a reference section at the end of the chapter.

2.0 HDIP FOR FLYING DUTY

The Secretary concerned may pay HDIP to Service members required by competent orders to participate in frequent and regular aerial flights as an aircrew member or to non-aircrew members who otherwise meet the requirements for flying duty.

2.1 Eligibility

To be eligible for flying duty HDIP, a Service member must be required by competent orders to participate frequently and regularly in sustained, powered, controlled aerial flights, and generally must complete 4 hours (or 2 hours for reserve component (RC) Service members) of aerial flights each month. Hours that are flown in excess of this requirement may be credited against this requirement for up to 5 subsequent, consecutive months. Additionally, a Service member who has a shortage of flying hours after crediting these excess hours may, under certain conditions established by the Military Departments, enter a 3-month grace period wherein hours flown in future months may be retroactively applied to earlier monthly requirements.

*2.2 Limitations and Restrictions

2.2.1. Officers, including aviation cadets entitled to AvIP under section 3.0, are not entitled to payments under this section for the same period of service.

2.2.2. Enlisted members receiving CSIP under section 5.0 are not entitled to payments under this section for the same period of service.

2.2.3. An officer receiving an incentive pay pursuant to 37 U.S.C. § 334, may not receive HDIP pursuant to 37 U.S.C. § 351(a)(2) for the same skill and period of service.

2.2.4. Service members receiving a skill incentive pay pursuant to 37 U.S.C. § 353(a), may not receive HDIP pursuant to 37 U.S.C. § 351(a)(2), for the same period of service in the same career field or skill for which the payment is paid.

2.2.5. Service members must be on competent orders to serve in the area or to perform the hazardous duty to qualify for an incentive.

2.2.6. To be eligible for select HDIP payments, a Service member must be in training, have successfully completed the qualifying training and technical qualification, or meet qualification requirements for the performance of the hazardous duty.

2.2.7. Although a Service member may perform more than three hazardous duties in a month, a Service member may not receive simultaneous payments for more than three HDIP duties in a month.

2.3 Definitions

2.3.1. <u>Aerial Flights</u>. Aerial flights are flights in military aircraft or spacecraft, and also flights in nonmilitary aircraft when Service members are required by competent orders to fly in such aircraft. A flight begins when the aircraft or spacecraft takes off from rest at any point of support located on the surface of the earth and terminates when it next comes to a complete stop at a point of support located on the surface of the earth.

2.3.2. <u>Aviation Accident</u>. Aviation accident is an accident in which a Service member, who is required to participate frequently or regularly in aerial flights, is injured or otherwise incapacitated as the result. The injury or incapacitation, as certified by the appropriate medical authority of the Uniformed Service concerned, may result from:

2.3.2.1. Jumping from, being thrown from, or being struck by an aircraft or spacecraft, or any part or auxiliary thereof; or

2.3.2.2. Participation in any duly authorized aerial flight or other aircraft or spacecraft operations. This term also means an incapacity incurred as the result, as certified by appropriate medical authority, of performance of flying duty, even though such incapacity is not the result of an actual aviation accident.

2.4 Flight Requirements

2.4.1. Minimum Flying Time Each Month

2.4.1.1. During 1 calendar month, 4 hours of aerial flight are required. If a Service member does not fly 4 hours in any month, any hours flown during the last 5 preceding months (which have not already been used to qualify for flight pay) may be applied to meet this 4-hour requirement.

2.4.1.2. During 2 consecutive calendar months when the requirements of subparagraph 2.4.1.1, have not been met, 8 hours of aerial flight are required.

2.4.1.3. During 3 consecutive calendar months when the requirements of subparagraph 2.4.1.2, have not been met, 12 hours of aerial flight are required.

2.4.2. <u>Fractions of a Calendar Month</u>. For fractions of a calendar month, calculate the percentage that the period in question is of the calendar month. The flying time required is that same percentage of the aerial flight time required for a full calendar month (see Table 22-1).

2.4.3. <u>Fractions of 2 Consecutive Calendar Months</u>. For fractions of 2 consecutive calendar months, consider the whole period in question. Calculate the percentage that the period in question is of the calendar month. The flying time required is that same percentage of the aerial flight time required for a full calendar month (see Table 22-1).

2.4.4. <u>Application of Hours Flown</u>. To the extent of hours available, hours flown in any month apply as follows:

2.4.4.1. First, to meet flight requirements for that month;

2.4.4.2. Next, if the Service member has entered a grace period for meeting flight requirements, to the prior month or months, as applicable; and

2.4.4.3. Next, in order, to the first, second, third, fourth, and fifth succeeding months, but only to the extent that the Service member fails, during each month, to fly the required 4 hours. (Hours available to meet requirements of later months are referred to as "excess" flight time.) See examples in Tables 22-2 and 22-3.

2.4.5. <u>Military Operations or Unavailability of Aircraft</u>. When under authority conferred by the Secretary of the Military Department concerned, the commanding officer certifies that a Service member is unable to meet normal flight requirements due to military operations (combat or otherwise), or the non-availability of aircraft in order to complete those requirements. The Service member may, however, comply with the minimum flight requirements by performing 24 hours of aerial flight over a period of 6 consecutive calendar months. The commanding officer will certify that only those conditions specified in this subparagraph prevented completion of normal flight requirements. The 24-hour flight requirement may be met at any time during the 6-calendar-month period and in any combination of flights.

2.4.5.1. If the Service member is in a 3-calendar-month grace period when military operations or aircraft non-availability prevents fulfillment of flight requirements, the 6-calendar-month period for meeting the 24-hour flight requirement under this subparagraph begins on the first day of the grace period.

2.4.5.2. If the Service member is not in a 3-calendar-month grace period, the first month in which military operations or aircraft non-availability prevents fulfillment of flight

requirements is the beginning of the 6-calendar-month period for meeting the 24-hour flight requirement under this subparagraph.

2.4.5.3. During the 6-calendar-month period, HDIP for flying may be paid for any single month, or for multiple months, when minimum requirements have been met.

2.4.5.4. At the end of the 6-calendar-month period, HDIP for flying may be paid for missed months in the period to the extent that the remaining hours flown are applicable. Excess hours are applied prospectively under subparagraph 2.4.4 if the Service member continues to fly under the same orders.

NOTE: For RC officers not on active duty for a period of more than 30 consecutive days, the requirement is half of the requirements contained in paragraph 2.4.

2.5 Determination of a 3-Calendar-Month Period

2.5.1. <u>When 3-Month Period Starts and Ends</u>. The 3-calendar-month period in which flight requirements must be met begins with the first month in which flight requirements are not met. If the Service member flies enough time in the second month to cover the first and second months, the period ends with the second month. If not, the period extends through the third month.

2.5.2. <u>Deficiencies for a Fraction of a Month</u>. If a Service member fails to qualify for a fraction of a month (because flying status or active duty began on an intermediate day of the month), the 3-month period ends on the last day of the second full month following the fractional month.

2.5.3. When Next 3-Month Period Starts

2.5.3.1. A new 3-month period starts with the first month in which flight requirements are not met following a month in which flight requirements were met.

2.5.3.2. For a new 3-month period to begin immediately after a prior 3-month period, flight requirements must have been met for the entire prior 3-month period, not merely for the last month.

2.5.3.3. If the requirements for the entire prior 3-month period were not met, a new period does not begin until flight requirements are met for at least 1 month after the prior 3-month period.

2.5.3.4. After a month when flight requirements are met, any month in which flight requirements are not met begins a new 3-month period. A new period may not start with the second or third month in which flight requirements are not met; nor may a new period start with the fourth month in which flight requirements are not met. There must be at least 1 month in which requirements are met before a new 3-month period begins. See Tables 22-2 and 22-3 for application of the rules listed in paragraph 2.5.

2.6 Entitlement to Pay When No Flights are Performed in the First Month of a 3-Month Period

Assume, for the purposes of this paragraph, that the Service member had no excess flight time from prior months.

2.6.1. <u>Second Month</u>. If a Service member performs no aerial flights during the first month of a 3-month period and, in the second month, performs at least 4 hours but less than 8 hours, he or she is entitled to pay only for the second month. For example: In January, no aerial flights are performed; in February, 5 hours of aerial flight are performed. Flight pay is payable only for February.

2.6.2. <u>Third Month</u>. If a Service member performs no aerial flights during the first 2 months of a 3-month period, he or she must perform 12 hours of aerial flight in the third month to be entitled to incentive pay for all 3 consecutive months. For example: If flight requirements are met for January and a Service member performs no flights during the months of February and March, he or she must perform at least 12 hours in April to be entitled to receive the incentive pay for the period February 1 to April 30. If the Service member performs 4 or more hours, but less than 12 hours in April, he or she is entitled to incentive pay only for April.

2.6.3. <u>First and Third Months</u>. If a Service member does not perform aerial flights during the first month and in the second month performs only sufficient flights to qualify for the second month, he or she must perform enough hours of flight during the third month to total 12 hours in order to qualify for the incentive pay for the first and third months of the 3-month period.

Example: In January, no aerial flights are performed; in February, 5 hours of aerial flight are performed. The deficiency in January must be made up in March. If at least 7 hours are accomplished in March, flight pay for January and March is payable. If only 6 hours are flown in March, flight pay is payable only for March (the payment for February previously having been made) and incentive pay for January is lost.

2.7 Injury or Incapacity Resulting From Performance of Hazardous Duty

Service members qualified for HDIP, who are temporarily unable to perform a hazardous duty due to an injury or illness that is not the result of the Service member's own misconduct, may continue to receive HDIP for up to 6 months.

2.7.1. On a case-by-case basis, the Secretary concerned, or designee, may authorize an extension of HDIP payments for up to an additional 6-months, based on the recommendation of the appropriate medical authority. Under no circumstance will HDIP payments continue beyond 12 months from the date of injury or illness.

2.7.2. HDIP will be terminated for Service members permanently disqualified or otherwise determined to be no longer eligible to perform hazardous duty by a competent medical authority.

2.7.3. Service members reassigned to a new duty assignment or specialty not eligible for HDIP will have their HDIP payments terminated on the date of reassignment or reclassification.

2.7.4. If the injury or illness occurred while serving in a combat zone, hostile fire area, or imminent danger area, the Service member may continue to receive HDIP during the Service member's hospitalization and rehabilitation. See Chapter 13.

2.8 Right to Flight Pay Under Certain Conditions

See Table 22-4.

2.9 Determinations Affecting Entitlement to Flight Pay

2.9.1. <u>Flight Pay From Date of Reporting for Duty</u>. A Service member is entitled to flight pay on and after the date that he or she reports for and enters on duty under competent orders, subject to meeting flight requirements. A Service member in a non-duty status (such as on leave or sick) at the time that flying status orders are issued is not entitled to flight pay for any period before he or she reports for and enters on duty under such orders.

2.9.2. <u>Excess Flight Time</u>. When authorized under paragraph 2.5, flight time in excess of the time required or insufficient to qualify for a particular month may be applied to a later month in which minimum requirements are not met, provided that the orders under which flying time was logged remain in effect.

2.9.3. <u>Change of Designation, Non-Crewmember to Crewmember or Vice Versa</u>. A Service member whose status changes from non-crewmember to crewmember (or vice versa) within a month or other qualifying period may not combine time flown in both categories for pay purposes. The Service member is entitled to flight pay, as a non-crewmember for the period of time Service member held that status, if he or she met the pro rata requirements as a non-crewmember. The Service member is entitled to flight pay as a crewmember, for the period of time he or she held that status, if he or she met the pro rata requirements as a crewmember.

2.9.4. <u>Change From One Crewmember Status to Another Crewmember Status</u>. Flights as one type of crewmember may be combined with flights as another type of crewmember if the Service member remains on continuous active duty and continuous flying status. Total requirements may be met in either crewmember status or a portion may be met in each status.

Example: An aviation cadet is given a rating as a navigator and issued new flying status orders immediately following termination of Service member's former orders.

2.9.5. Missing or Missing-in-Action

2.9.5.1. A Service member assigned to flying duty who is declared missing by competent authority is entitled to HDIP during the entire period of absence and is entitled to HDIP

for hospitalization and rehabilitation after termination of missing status for an additional period, not to exceed one year.

2.9.5.2. Upon return from a missing status and completion of any required period of hospitalization and rehabilitation (not to exceed 1 year), entitlement to HDIP for flying duty will be contingent on a determination of continued eligibility under paragraph 2.1 and the applicable flight requirement provisions of paragraph 2.4.

2.9.5.3. A new 3-month grace period does not start when the missing status and hospitalization ends. The new 3-month grace period starts with the first month of deficiency, after entering a missing status.

2.9.5.4. If the missing status and hospitalization goes beyond the 6-month grace period, the Service member must meet flight requirements for at least 1 month to become entitled to flight pay again.

2.9.5.5. If the Service member does not meet flight requirements upon the completion of an authorized missing and hospitalization period, he or she is entitled to pro rata HDIP for flying duty through the date of such authorized period.

2.9.6. Death

2.9.6.1. <u>Death Due to Aviation Accident</u>. If death occurs on the date of an aviation accident, flight pay accrues to include the date of death. If, however, death occurs after the 3-month period has expired, flight pay is not authorized for any day after the expiration of that period. Flight pay for the month or period before the month in which the accident occurred is not authorized unless flight requirements were met for that period.

2.9.6.2. <u>Death Due to Other Causes</u>. If death occurs from causes other than an aviation accident, flight pay is payable to and including the date of death if the Service member has met pro rata flight requirements for the month of death and was on flying status.

2.10 Suspensions From Flying Status, Effect on Flight Pay

2.10.1. <u>Flight Pay for a Period of Suspension</u>. Except under subparagraphs 2.10.2 and 2.10.3, Service members are not entitled to flight pay for any period while suspended from flying status. Service members are considered suspended on the effective date of suspension. Service members are considered to be in a flying status on the day that the suspension is removed or terminated. Payment for a period of suspension cannot be made in any case until the suspension has been removed or terminated.

2.10.2. <u>Suspension for Other Than Physical Incapacity for Service Members Required to</u> <u>Perform Minimum Flight Requirements</u>. Service members are entitled to flight pay for a period of suspension from flying status, provided the suspension is removed or terminated and they meet flight requirements as prescribed in paragraph 2.4. If the Service member has excess flights performed before suspension, the grace period specified in paragraph 2.4 begins on the first month of the period of suspension not covered by excess flights.

Example: A Service member was suspended from flying status on February 1. He had 16 hours excess flying time as of January 31. Flight pay is stopped on January 31. The suspension subsequently is removed (or terminated) on June 30. He flew 12 hours in the month of July. After removal of the suspension, pay flight pay for February 1 through May 31 on the basis of the 16 excess hours accumulated in the 5 months before February 1. The grace period, authorized as stated in paragraph 2.4, started on June 1. The hours that were flown in July qualify the Service member for flight pay for June and July.

2.10.3. <u>Suspension for Physical Incapacity of Service Members Subject to Minimum Flight Requirements</u>. A Service member is entitled to flight pay during a period of grounding due to physical incapacity if he or she meets the flight requirements stated in paragraph 2.4. The Service member also is entitled to flight pay during a period of suspension, if the suspension is removed or terminated and flight requirements are actually met. There are no flight requirements during the first 3 months of a period of incapacity incurred as the result of performance of an assigned hazardous duty. See paragraph 2.7.

2.10.4. <u>Suspension Removed or Terminated</u>. If a suspension is removed or terminated after the Service member can no longer qualify for flight pay under subparagraphs 2.10.2 and 2.10.3, there is loss of pay for any period that is not covered by paragraph 2.4. Flight pay accrues after the suspension is removed or terminated for Service members required to meet minimum flight requirements from the date of reporting for flying duty after the suspension is removed or terminated if flight requirements are met.

2.11 Payment of Flight Pay and Incentive Pay for Other Hazardous Duty

A Service member who qualifies for flight pay and incentive pay for one or more other types of hazardous duty may receive the flight pay and incentive pay only for two other hazardous duties for the same period. Dual HDIP is limited to those Service members required by orders to perform specific multiple hazardous duties necessary for successful accomplishment of the mission of the unit to which assigned.

2.11.1. <u>Conditions of Entitlement</u>. The hazardous duties for which dual incentive pay is payable must be an integral part of the Service member's assigned mission. Accomplishment of the assigned mission must require the Service member to perform specific multiple hazardous duties. A Service member must meet minimum requirements for each of the hazardous duties, except for injury or illness.

2.11.2. <u>Types of Duties That Qualify Service Member for Dual Payment of HDIP</u>. See Chapter 24, subparagraph 2.4.1.

2.11.2.1. Air Force pararescue team Service members placed on orders to perform duties as both crewmembers and parachutists.

2.11.2.2. Other combinations of hazardous duties for which dual payments of incentive pay are authorized by the Military Services concerned.

2.11.3. <u>Injury or Incapacity as a Result of Performance of Hazardous Duty or Dual</u> <u>Hazardous Duties</u>. If a Service member who is required to perform more than one hazardous duty becomes injured or otherwise incapacitated as a result of any of the duties, he or she is entitled to dual incentive pay during the incapacity, but for no longer than 6 months. If not entitled to dual incentive pay at the time of the incapacity, the Service member is entitled to the type of incentive pay that he or she was receiving at the time of the incapacity. The beginning date of the 6-month period will be determined separately for each type of incentive pay. See paragraph 2.7 to determine the 6-month period separately for each incentive pay.

2.12 Authority to Issue Orders

Authority to issue orders requiring the performance of flying duty, granting waivers of performance requirements, or extending time periods during which requirements may be met is delegated by the Secretary of the Military Department concerned to specific commanders within each Military Service. Such delegations are contained in the personnel administrative regulations of the respective Military Services.

2.13 Monthly Rates

See Table 22-5. For the most current rates see the *HDIP for Flying* table.

2.13.1. HDIP for aircrew members may not exceed \$250 per month.

2.13.2. HDIP for non-aircrew members is \$150 per month

2.13.3. Service members who otherwise meet the eligibility criteria, but who do not participate in a full calendar month of flying duty, will receive a prorated HDIP payment as follows:

2.13.3.1. Prorating the monthly HDIP is required for Service members who fail to satisfy the eligibility requirements for the pay for the entire month. The amount of HDIP authorized for qualifying service during a day or portion of a day will be the amount equal to 1/30th of the monthly amount of HDIP payable to a Service member.

2.13.3.2. Service members are first entitled to HDIP on the date they report for, and begin performing, an eligible duty in compliance with competent orders. HDIP ends on the effective date published in orders for termination of such duty or the date the Service member is detached from and is no longer required to perform the hazardous duty, whichever occurs first.

2.13.3.2.1. When a Service member begins hazardous duty on a date other than the first day of a month or terminates that duty prior to the last day of a month and otherwise meets the requirements of the pay for the month, the Service member is entitled to a prorated portion of HDIP for the month.

2.13.3.2.2. The prorated monthly amount is calculated using the daily rate to reflect the duration of the Service member's actual qualifying service during the month.

2.14 Repayment

An officer or enlisted member who fails to fulfill the eligibility requirements of DoD Instruction (DoDI) 7730.67, Aviation Incentive Pays and Bonus Program or other conditions of service specified by the Secretary of the Military Department concerned will be subject to repayment consistent with <u>37 U.S.C. § 373</u>, Chapter 2, and Volume 16 Chapter 3.

2.15 Duration of Authority

Unless reauthorized by Congress, HDIP may not be paid after the date listed on the *Duration of Authority* table, located on DFAS.MIL.

3.0 AVIP FOR AVIATORS IN OPERATIONAL FLYING DUTY (OFD) OR PROFICIENCY FLYING DUTY (PFD) POSITIONS

3.1 General

The Secretaries of the Military Departments may offer AvIP(s) under 37 U.S.C. § 334(a) to increase their respective Department's ability to retain officers in a military aviation career and support the recruiting and retention of individuals with military aeronautical ratings or designations.

3.2 Eligibility

The Secretary concerned may pay AvIP to aviation officers performing in OFD or PFD positions. AvIP may only be paid to an officer who:

3.2.1. Is entitled to basic pay pursuant to <u>37 U.S.C. § 204</u> or to compensation under <u>37 U.S.C. § 206</u>;

3.2.2. Maintains, or is in training to receive, an aeronautical rating or designation that qualifies the officer for OFD or PFD;

3.2.3. Engages in, or is in training to receive, frequent and regular performance of OFD or PFD;

3.2.4. Engages in or remains in aviation service for a specified period of time;

3.2.5. Achieves the minimum flight requirements of 4 hours during 1 calendar month or 24 hours during 6 consecutive months (the minimum flight hour requirement for RC officers not on active duty for a period of more than 30 consecutive days is 2 hours during 1 calendar month or 12 hours during 6 consecutive months). A certified flight simulator may be used to meet this requirement. The Secretary concerned may waive the minimum flight requirements:

3.2.5.1. For officers (except flight surgeons or medical officers) who meet the AvIP eligibility requirements in paragraph 3.2 while assigned to OFD or PFD positions; or

3.2.5.2. In extreme circumstances (e.g., military operations (combat or otherwise) or non-availability of aircraft), when the Secretary concerned may authorize a commanding officer to certify that an officer is unable to meet minimum flight requirements; and

3.2.6. Meets all applicable eligibility requirements and such other criteria, as the Secretary concerned determines appropriate.

*3.3 Limitations and Restrictions

3.3.1. Officers receiving HDIP pursuant to 37 U.S.C. § 351(a)(2) are ineligible for AviP.

3.3.2. Officers receiving AvIP pursuant to 37 U.S.C. § 334(a), may not receive HDIP pursuant to 37 U.S.C. § 351(a)(2), or skill incentive pay or proficiency bonuses pursuant to 37 U.S.C. § 353, for the same skill and period of service.

3.3.3. Service members temporarily medically incapacitated will be considered qualified for aviation service unless such incapacitation continues for more than 12 months. After 365 days of incapacitation, a Service member will be disqualified from aviation service and will not be requalified until the condition resulting in incapacitation is corrected or is subject to a waiver under regulations prescribed by the Secretary of the Military Department concerned. A competent medical authority must certify the Service member as medically qualified for operational flying duty (OFD) or proficiency flying duty (PFD). This guidance is only for the purposes of AvIPs and bonuses and does not otherwise restrict a Service's authority to place an aviator in an applicable flight status.

3.3.4. Service members permanently disqualified for aviation service or otherwise determined no longer eligible for aviation service, in accordance with DoDI 7730.67, and such additional regulations prescribed by the Secretary of the Military Department concerned, are ineligible for AvIP or CSIP.

3.3.5. Service members are not authorized AvIP or CSIP payments for any periods of unauthorized absence.

*3.4 Payments and Amounts
