CHAPTER 13

DOD SUPPORT TO U.S. COMMERCIAL SPACE ACTIVITIES***1.0 GENERAL (1301)****1.1 Purpose (130101)**

This chapter provides reimbursable policy for the **provision** of Department of Defense (DoD) support to U.S. commercial space activities. This chapter applies to **all DoD Components** that provide support to U.S. commercial **sector space launch operations and other related** space activities.

1.2 Authoritative Guidance (130102)

Title 51, United States Code, sections 50901 - 50923 (51 U.S.C. §§ 50901 - 50923) Commercial Space Launch Activities; **51 U.S.C. §§ 50501 - 50506**, Commercial Space Competitiveness; and DoD Directive, **(DoDD) 3230.3**, DoD Support for Commercial Space Launch Activities, **provide authority, guidance, and direction for DoD** cooperation with the U.S. **commercial** sector in the development of U.S. commercial space launch operations and other related U.S. commercial space activities.

2.0 DEFINITIONS (1302)*2.1 Commercial (130201)**

The term “commercial” means having private capital at risk, with primary financial and management responsibility for the activity residing with the **U.S. commercial** sector.

2.2 Direct Costs (130202)

The term “direct costs” includes those actual costs (including salaries of U.S. civilian and contractor personnel) incurred by DoD as a result of use of **its space-related** facility or resource by the **U.S. commercial** sector. These costs are reflective of costs that would not be borne by DoD in the absence of such use **by the U.S. commercial sector**. **These costs also include** specific wear and tear and property damage incurred by the DoD as related to the launch property acquisition.

2.3 Indirect Costs (130203)

The term “indirect costs” includes the **actual** costs of maintaining, operating, upgrading, and modernizing **the DoD space-related facility**.

2.4 DoD Space Launch Property (130204)

DoD space launch property consists of items built for, or used to perform **space launch operations and other space-related** activities.

2.5 DoD Space Launch Services (130205)

As defined under 51 U.S.C. § 50902 and DoDD 3230.3, DoD space launch services are those activities, including utilities, otherwise not needed for public use, involved in the preparation of a launch vehicle, its payload for launch, crew (including crew training), or space flight participation for launch; and the conduct of a launch.

2.6 Property Damage Costs (130206)

Property damage costs represent the costs necessary to replace or restore the DoD property, or site, to its condition before the space-related lease/license.

3.0 PRICING (1303)

3.1 Pricing of DoD Space Launch Property and Services (130301)

3.1.1. DoD Space Launch Property.

3.1.1.1. Sale or Transfer. DoD space launch property that is excess or otherwise not needed for public use may be sold or transferred in lieu of sale to U.S. commercial sector launch vehicle operators performing commercial space activities (e.g., payload retrieval services, payload processing services). The transaction must be priced to recover direct costs, as defined in paragraph 2.2.

* 3.1.1.2. Lease/License. DoD space launch property that is excess or otherwise not needed for public use may be leased/licensed, on a non-interference basis, to U.S. commercial sector launch vehicle operators performing commercial space activities. The transaction must be priced to recover direct costs, as defined in paragraph 2.2.

3.1.2. DoD Space Launch Services.

For DoD space launch services, as defined in paragraph 2.5, the acquisition price represents an amount equal to the direct costs defined in paragraph 2.2.

3.2 Defense Working Capital Fund (DWCF) Activities (130302)

Generally, standard prices/stabilized rates must be charged for articles and services provided by activities operating under a DWCF. Refer to Volume 11B, Chapters 11 and 15, for additional details and exceptions.

3.3 Fixed Price Estimates (130302)

Commercial space launch operators may be offered fixed price quotes for the sale of DoD launch services based on reasonable estimates of direct costs only when there is a well-defined contractor requirement and a reliable cost history of similar previous sales.

4.0 BILLING (1304)

Invoices for support provided by DoD must be completed and transmitted to the U.S. commercial space activity within 30 calendar days after the month in which performance occurred. The payment due date must be no more than 30 days from the date of the invoice.

5.0 DISPOSITION OF COLLECTIONS (1305)

5.1 Proceeds from DWCF Activities (130501)

Proceeds from the sale of articles and services from DWCF activities must be deposited to the DWCF.

5.2 Proceeds from Non-DWCF Activities (130502)

Proceeds from the sale of DoD launch property by a non-DWCF activity must be:

5.2.1. Credited to the general fund of the U.S. Treasury as miscellaneous receipts when the launch property is not to be replaced.

5.2.2. Deposited to the DoD appropriation account or fund, currently available for the procurement of the launch property, if the launch property is to be replaced.

5.3 Proceeds Deposits for License of Launch Property and Leases (130503)

Proceeds from the license of launch property must be deposited to the DoD appropriation account or fund currently available for financing the direct costs incurred. Proceeds from leases must be credited to the general fund of the U.S. Treasury as miscellaneous receipts.

5.4 Proceeds Deposits from the Sale of Launch Services (130504)

Proceeds from the sale of DoD launch services must be deposited to the DoD appropriation account or fund that financed the provisioning of those launch services. These proceeds must be credited to the fiscal year in which the DoD Component provided the services.
